

**Question for written answer E-002642/2023  
to the Commission**  
Rule 138  
**Cindy Franssen (PPE)**

Subject: Transposition of the fourth revision of Directive (EU) 2022/431

Over 100 000 European workers die from work-related cancer every year. The Commission has been imposing restrictions on 30 carcinogenic substances in the workplace since 2014.

The fourth revision of Directive (EU) 2022/431 has been in force since 16 March 2022, with Member States being required to transpose it into national law by 5 April 2024 at the latest.

Can the Commission indicate which Member States have transposed the legislation thus far?
