to the Commission**

Rule 138

Tudor Ciuhodaru (S&D)

Subject: European anti-fentanyl drug control plan

Fentanyl has arrived in Europe. More and more cases are being reported, and this is a problem that is often underestimated. Is the Commission considering a European drug control plan and making the production and trafficking of this drug a serious crime (Eurocrime), in line with the provisions of Article 83 of the Treaty on the Functioning of the European Union?
