to the Commission**

Rule 138

Moritz Körner (Renew)

Subject: EU funding for combating antisemitism

With the EU strategy on combating antisemitism and fostering Jewish life and the 2021–2027 Multiannual Financial Framework, the EU has increased its funding for combating antisemitism. It is important to take stock at this juncture and evaluate the state of play after three years.

1. How much funding was requested for each project, broken down by Member State the project was located in, EU program and year (2021–2023)?
2. How much funding was granted for each project, broken down by Member State the project was located in, EU program and year (2021–2023)?
3. When making decisions about how to allocate the funding, does the Commission consider the regional differences in the number of anti-Semitic incidents or other factors for measuring the regional severity of antisemitism?
