to the Commission**

Rule 138

Manu Pineda (The Left)

Subject: Conectando Oviedo project implementation, ERDF funds

In 2016, the Municipality of Oviedo (Asturias) received funding as part of the second call for the selection of Sustainable and Integrated Urban Development Strategies (ISUDS). This support was co-financed under the ERDF operational programme for sustainable growth 2014-2020.

The total budget of the Conectando Oviedo ISUDS amounted to EUR 19.43 million, of which EUR 10.3 million came from ERDF funds.

In the light of the above:

1. To what extent have the EUR 10.3 million granted to the Conectando Oviedo project been implemented and justified?
2. How much funding has not been implemented and justified and how many budgeted projects have been affected?
