

**Question for written answer E-000898/2024
to the Commission**

Rule 138

Harald Vilimsky (ID), Georg Mayer (ID)

Subject: Peace agreement for Ukraine

Slovakia's Prime Minister has publicly admitted that, in spring 2022, the West blocked a peace agreement to end the war against Ukraine.

1. Was the Commission aware of this attempt to conclude a peace agreement? If so, what role did it play in this process?
2. What has the Commission actively done to bring about peace negotiations between Ukraine and Russia – besides supplying weapons, which only fuel the war?
3. Does the Commission expect the war to be prolonged by the supply of weapons from the EU? If not, why not?
