Rule 138
Cindy Franssen (PPE)

Subject: Combating poverty 2030

As part of the March 2021 European Pillar of Social Rights Action Plan, the EU set a target of reducing the number of people living at risk of poverty or social exclusion by at least 15 million by 2030, including at least five million children.

1. Does the Commission have a clear vision of how it aims to meet that target?
2. What measures have already been taken that are having a significant positive impact on reducing poverty within the EU?
3. Will the Commission take additional measures to ensure that the target is met by 2030?
