Recital A

Motion for a resolution

A. whereas the World Health Organization (WHO) organisation defines mental health as ‘a state of mental well-being that enables people to cope with the stresses of life, realize their abilities, learn well and work well, and contribute to their community’\(^1\);

_________________

\(^1\) WHO, fact sheet on mental health, 17 June 2022.

Amendment

A. whereas the World Health Organization (WHO) defines mental health as ‘a state of mental well-being that enables people to cope with the stresses of life, realize their abilities, learn well and work well, and contribute to their community’\(^1\);

_________________

\(^1\) WHO, fact sheet on mental health, 17 June 2022.
Amendment 52
Antoni Comín i Oliveres

Motion for a resolution
Recital A a (new)

Motion for a resolution
Amendment

Aa. whereas many of the causes of mental disorders and poor mental wellbeing, and the corresponding economic impact, lie in social, economic and political spheres of people’s daily lives; whereas tackling these determinants will shift emphasis from late and costly interventions towards preventing mental disorders and contribute to improved population mental wellbeing and resilience; whereas this could mean providing parenting support, integrating mental health literacy into school curricula, mental health promotion at work places, and ensuring access to cultural activities and green and blue spaces, as well as promoting physically active lifestyles;

Amendment 53
Aurélia Beigneux, Catherine Griset

Motion for a resolution
Recital A a (new)

Motion for a resolution
Amendment

Aa. whereas all the member states of the WHO have undertaken to implement the Comprehensive Mental Health Action
Plan 2013-2030, which seeks to improve mental health through more effective leadership and governance, comprehensive, integrated and responsive mental health services in community-based settings, strategies for promotion and prevention, and the strengthening of information systems, evidence and research activities;

Amendment 54
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Recital A a (new)

Motion for a resolution  

Amendment

Aa. Whereas mental health is an integral part of health, fundamental to the well-being of individuals and societies and a precondition for an inclusive and functional society, which underpins individual and collective abilities to make decisions, build relationships and shape the world we live in;

Or. en

Amendment 55
Alessandra Moretti, Sara Cerdas

Motion for a resolution
Recital A a (new)

Motion for a resolution  

Amendment

Aa. whereas prison inmates and people detained by public authorities in general suffer from confinement and isolation and more than one third of the people in prison suffer from mental health...
disorders of various type;

Amendment 56
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Recital A a (new)

Motion for a resolution

Amendment

Aa. whereas mental health should have equal parity with physical health;

Amendment 57
Aurélia Beigneux, Catherine Griset

Motion for a resolution
Recital A b (new)

Motion for a resolution

Amendment

Ab. whereas in 2020 the outcomes countries had achieved in relation to the Action Plan were analysed as part of the Mental Health Atlas 2020; whereas the analysis showed that progress made was insufficient to attain the targets set in the Action Plan;

Amendment 58
Antoni Comín i Oliveres

Motion for a resolution
Recital B
Motion for a resolution

B. whereas mental health is a basic human right and is crucial to personal, community and socio-economic development; whereas the WHO has estimated that over 150 million people in Europe live with a mental health condition; whereas mental health is more crucial today than it has ever been, due to the societal transition into the information society era, on the fact that productivity is dependent on our minds, as manual work is being replaced by mental work, that the population’s mental capital (i.e. cognitive, emotional, and social skills resources required for role functioning) is a prerequisite for the prosperity of individuals, companies, and societies in this new era; whereas mental health becomes more valuable and more vulnerable, due to the many stressors in information-driven economies;

Amendment 62
Aurélia Beigneux, Mathilde Androuët, Catherine Griset

Motion for a resolution
Recital B a (new)

Motion for a resolution

Amendment

Ba. whereas ‘tackling stigma’ is the second point in the Declaration of Helsinki:

- foster awareness of the importance of mental well-being;
- collectively tackle stigma, discrimination and inequality, and empower and support people with mental health problems and their families to be actively engaged in this process;
- design and implement comprehensive, integrated and efficient mental health systems that cover promotion, prevention, treatment and rehabilitation, care and recovery;
- address the need for a competent workforce, effective in all these areas;
- recognise the experience and expertise of service users and carers as an important basis for planning and developing services;
Amendment 63
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Recital B a (new)

Motion for a resolution
Amendment

Ba. whereas the urgent need for better and wider awareness and understanding of mental health and for effective action to prevent and address mental ill health has increasingly being recognised in recent years, with the COVID19 pandemic highlighting this crucial need;

Amendment 64

Amendment 94
Nicolae Ştefănuţă on behalf of the Verts/ALE Group

Motion for a resolution
Recital C

Amendment

C. Whereas socio-economic

C. Whereas structural, socio-
Characteristics are among the most significant factors influencing an individual’s mental health status; economic, and environmental elements are among the most significant factors influencing an individual’s mental health well-being.

Amendment 95
João Pimenta Lopes

Motion for a resolution
Recital C

Motion for a resolution
C. whereas socio-economic characteristics are among the most significant factors influencing an individual’s mental health status;

Amendment
C. whereas socio-economic conditions are among the most significant factors influencing an individual’s mental health status;

Amendment 96
Johan Nissinen

Motion for a resolution
Recital C a (new)

Motion for a resolution
Ca. whereas under Article 168 of the Treaty on the Functioning of the European Union, Union action is to complement national policies and be directed towards improving public health, preventing physical and mental illness and diseases, and obviating sources of danger to physical and mental health; whereas the same article stipulates that Union action shall respect the responsibilities of the Member States for the definition of their health policy and for the organisation and delivery of health services and medical care, the responsibilities of the Member States shall
include the management of health services and medical care and the allocation of the resources assigned to them.

Or. en

Amendment 97
Maria Angela Danzì, Antoni Comín i Oliveres

Motion for a resolution
Recital C a (new)

Motion for a resolution  Amendment

Ca. whereas minority stress describes chronically high levels of stress faced by members of stigmatized minority groups, including racial and sexual minority groups, victims of prejudice, hostility, persecution, bullying, exclusion, and physical and verbal aggression; whereas minority stress remains pervasive in various aspects of life among LGBT+, especially adolescents, whose psycho-emotional stability is being challenged by homo-trans-phobia manifested by peers but also frequently their family;

Or. en

Amendment 98
Aurélia Beigneux, Mathilde Androuët, Catherine Griset

Motion for a resolution
Recital C a (new)

Motion for a resolution  Amendment

Ca. whereas since March 2020 the COVID-19 epidemic and the decisions taken to contain it have turned everyone’s lives upside down, with visible impacts at the economic, social and emotional levels; whereas the major challenge is to
maintain a balance between health needs and the impact on life within society;

Amendment 99
Maria Angela Danzi, Antoni Comín i Oliveres

Motion for a resolution
Recital C a (new)

Ca. whereas, according to the WHO, the data show that violence against women has become a public health problem of epidemic proportions, and the national health services of various countries can and must do more to support women who suffer physical violence or sexual abuse;

Amendment 100
Nicolae Ştefănuță
on behalf of the Verts/ALE Group

Motion for a resolution
Recital C a (new)

Ca. whereas almost one in two young Europeans (15-24 year olds) have unmet mental healthcare needs, and in several EU countries the share of young people (aged 18 to 29) reporting symptoms of depression more than doubled during the pandemic.¹a

¹a 2022 Health at a Glance report
Amendment 101
Antoni Comín i Oliveres

Motion for a resolution
Recital C a (new)

Motion for a resolution

Amendment

Ca. whereas chronic non-communicable diseases often result in serious mental health problems (e.g., depression, anxiety, suicidal behaviour), which is perhaps more evident in the infant and youth population, especially those suffering from chronic pain;

Or. en

Amendment 102
João Pimenta Lopes

Motion for a resolution
Recital C a (new)

Motion for a resolution

Amendment

Ca. whereas according to the WHO report on the social determinants of mental health, a person’s mental health and many common mental disorders are shaped by social, economic and physical environments;

Or. pt

Amendment 103

Amendment

Co. Whereas social prescribing is a holistic approach to health care, which promotes community-based integrated care and helps to demedicalize health service provision and usually includes services providing support in mental health, social inclusion, and financial and housing advice, as well activities promoting physical activity and creative self-expression;
Amendment 139
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph -1 (new)

Motion for a resolution

-1 EU Strategy and Year on Mental health

Welcomes the recent Communication on a "Comprehensive Approach to Mental Health" and calls on the Commission to come forward with a comprehensive and integrated EU Strategy on mental health to address the full spectrum of mental health, i.e. prevention, promotion, support, care, treatment and cure by bringing together and engaging relevant stakeholders through a bottom-up approach; coordinated by a dedicated internal and formal Commission structure, backed with sufficient resources, such a Strategy should ensure the development of national mental health action programmes, building on the outcome of past EU actions on mental health and have clear and measurable objectives, which should be assessed and adapted if required;

Stresses that a European Year for Mental Health could be a useful tool to raise awareness of the importance of mental health and contribute to combatting stigma and discrimination while functioning as a stepping stone towards the abovementioned EU Strategy; calls on the Commission to designate such a Year in the near future;

Amendment 140
Sara Cerdas, Estrella Durá Ferrandís, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere
Motion for a resolution
Recital C q (new)

Amendment
Cq. whereas mental health conditions are the leading cause of years of healthy life lost due to disability in the European Union and that people who are diagnosed with severe mental health conditions are more likely to die prematurely;

Amendment 141
Susana Solís Pérez, Catherine Amalric

Motion for a resolution
Recital C a (new)

Amendment
Ca. whereas the COVID-19 pandemic, the war in Ukraine and the socio-economic crisis underlined and exacerbated existing mental health issues, while creating new ones, especially for young people;

Amendment 142
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Recital C p (new)

Amendment
Cp. whereas addressing mental health conditions requires a thorough understanding of the different determinants of mental health and
requires an intersectoral approach to mental health in all policies (MHiAP) in order to prevent and mitigate the impacts on individuals, communities and societies;

Amendment 143
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph -1 (new)

Motion for a resolution

-1 Calls for the EU and the Member States to adhere to a proportionate universalism approach, providing good mental health for all with a targeted extra support to those who may need it at a given time in their lives;

Amendment

Amendment 144
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph -1 a (new)

Motion for a resolution

-1a Recognizes the importance of protective mental health factors including access to affordable healthy food and housing, a sufficient income, a healthy environment, access to safe public spaces including green spaces as well as physical, movement, play and cultural activities, inter alia cultural institutions, youth organisations and sports clubs;

Amendment

<tbody>
<tr>
<td><strong>Amendment</strong></td>
</tr>
</tbody>
</table>

1. Highlights that, *at any point in their life, any person can become more susceptible to poorer* mental health and *thus become part of a vulnerable group* in society; stresses that addressing mental health conditions requires a thorough understanding of the different determinants of mental health and that an intersectional approach is necessary to prevent and mitigate the impacts on individuals, communities and societies;

2. Highlights that *all of us face different kind of mental stressers and risk factors in different phases of our lives that can create a high risk of more severe or even chronical mental health conditions; underlines the importance of active promotion of good* mental health and *mental health resilience* in society for example through functioning health and social services, civil society, and childhood support systems in schools and outside school activities and communities; stresses that addressing mental health conditions requires a thorough understanding of the different determinants of mental health and that an intersectional approach is necessary to prevent and mitigate the impacts on individuals, communities and societies;

Paragraph 2 a (new)
the suicidal rates and has the negative impact on their ability to function cognitively and to achieve academically; invite the Member States to limit the availability of high-potency cannabis and provide regulatory oversight; calls on Member States to increase evidence-informed public education campaign targeted at the general population but with an emphasis on youth, parents and vulnerable populations and develop public education interventions to educate young people in particular about the risks associated with the high-potency cannabis products;

Amendment 202
Dolors Montserrat

Motion for a resolution
Paragraph 2 a (new)

2a. Highlights that mental health and associated chronic conditions, like chronic pain, frequently co-occur, due to shared neural circuit physiology mechanisms and risk factors including social disadvantage (e.g. poverty, unemployment, and lack of access to healthcare services). People who suffer from both mental health and associated chronic conditions, such as chronic pain, depression, bipolar disorder and schizophrenia, have substantially poorer physical health, increased risk of cancer and cardiovascular-related diseases, all contributing to lower life expectancy;

Amendment 203
João Pimenta Lopes

Motion for a resolution
Paragraph 2 a (new)

Motion for a resolution

2a. Considers that, in order to reduce inequalities, the ensuing risk of developing mental disorders and the number of mental health issues in general, it is essential to take steps to improve people’s day-to-day living standards by adopting an approach that encompasses the entire cycle of life – from before birth through to early childhood, later childhood and adolescence, to working age, starting a family and into old age – and thus recognises the various factors that may have a bearing on mental health at different stages of life;

Nicolae Ștefănuță
on behalf of the Verts/ALE Group

Motion for a resolution
Paragraph 3 d (new)

Motion for a resolution
Amendment

3d. Encourages Member States to develop of specialized mobile mental health care clinics near educational institution to provide convenient, youth-friendly services with minimal administrative complexity.
Amendment 237
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, Maria Soraya Rodríguez Ramos

Motion for a resolution
Paragraph 3 e (new)

Motion for a resolution

3e. Notes with concern the rise of climate anxiety among young Europeans and the potential adverse effects it has on their mental well-being;

Amendment

3e. Recognizes the potential impact of digital mental health services in increasing accessibility for youth, especially in remote or underserved areas. Acknowledges that digital disparities and literacy barriers may hinder some youth from accessing online mental health services. Urges Member States to provide digital literacy training and resources to equip young individuals with the necessary skills to navigate and benefit from online mental health support platforms. Emphasizes the importance of designing digital mental health resources and platforms with youth-friendly interfaces and plain language content to ensure they are accessible to youth with varying levels of digital and literal literacy. Calls on Member States to provide accessible mental health
resources in various formats, including audio, video, and visual materials, to cater to the diverse literacy needs.

Amendment 239
João Pimenta Lopes

Motion for a resolution
Paragraph 3 f (new)

Motion for a resolution

3f. Warns that widespread population ageing across the Member States risks bringing about a deterioration in mental health and well-being in old age as a result of falling living standards, namely insufficient pensions and retirement savings, the loss of social support from friends and family members, the onset of physical or neuro-psychiatric conditions such as dementia, and a shortage of public services for older people, which are absolutely essential;

Amendment 240
Susana Solís Pérez, Catherine Amalric, Frédérique Ries, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph 3 f (new)

Motion for a resolution

3f. Acknowledges that psychiatric comorbidity is highly prevalent among people who use substances (up to over 80% of people in drug treatment) and is associated with increased levels of clinical and social severity. The relevance of the comorbidity of substance use and mental
health disorders is related not only to its high prevalence, but also to its difficult management and its association with poor outcomes for those affected;

Amendment 241
João Pimenta Lopes

Motion for a resolution
Paragraph 3 g (new)

3g. Warns that suicide rates are higher among older people; deems it essential, therefore, to promote the active participation of older people in community life and to ensure that all older people have what they need to be able to take part, free of charge, as well as providing public facilities for this at-risk group, which means investing in a network of public care homes, strengthening and extending the provision of long-term care and beefing up community services, which must be suitably well-staffed with specialist mental health professionals;

Amendment 242
Nicolae Ștefănuță on behalf of the Verts/ALE Group

Motion for a resolution
Paragraph 3 f (new)

3f. Underlines the impact of climate change on youth mental health; urges for the development of resilience-building
programs that address climate-related anxieties and traumas.

Amendment

5a. Calls on Commission and Member States to improve the comprehensiveness, quality and timeliness of their suicide-related data including vital registration of suicide, hospital-based registries of suicide attempts and nationally representative surveys collecting information about self-reported suicide attempts;

Amendment 262
Susana Solis Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodríguez Ramos

Motion for a resolution
Paragraph 5 a (new)

Motion for a resolution
Amendment

5a. Urges the Member States to
develop long-term National Mental Health Action Plans with a clear timeline, adequate budget, concrete targets, objectives, as well as indicators to monitor progress;

Amendment 263
Aurélie Beigneux, Mathilde Androuët, Catherine Griset

Motion for a resolution
Paragraph 5 a (new)

Motion for a resolution

5a. Calls on the Member States to increase diagnosis among children, as it is said that most mental health issues develop before the age of 14;

Or. fr

Amendment 264
Maria Angela Danzì, Antoni Comín i Oliveres

Motion for a resolution
Paragraph 5 b (new)

Motion for a resolution

5b. Calls on all the public administrations to focus on preventing use of addictive substances, especially those harmful such as Cannabis Sativa, genetically modified Cannabis Sativa, cocaine and derived substances; calls on the public administrations to focus also on detecting and preventing behavioural additions towards tobacco and alcohol, as well as prescribed opioids; urges the Commission to reform the Tobacco Products Directive (Directive 2014/40/EU on the approximation of the laws, regulations and administrative provisions
of the Member States concerning the manufacture, presentation and sale of tobacco and related products);

Amendment 265
Aurélie Beigneux, Mathilde Androuët, Catherine Griset

Motion for a resolution
Paragraph 5 b (new)

Motion for a resolution

5b. Stresses that mental health issues cover a very wide spectrum, from moderate and one-off issues to severe, chronic and disabling issues;

Amendment
