(PE751.761v02-00)

Non-communicable diseases  
((2023/2075(INI)))

## **Amendment 281**

**Michèle Rivasi**

on behalf of the Verts/ALE Group

### **Motion for a resolution**

#### **Paragraph 5 – introductory part**

##### *Motion for a resolution*

5. Supports *the Commission's proposals to review the Tobacco Products Directive<sup>11</sup> and the Tobacco Taxation Directive<sup>12</sup>* and the proposal to update the Council recommendation of 30 November 2009 on smoke-free environments<sup>13</sup>; calls for a full implementation of the WHO Framework Convention on Tobacco Control; calls on the Commission and the Member States to:

---

<sup>11</sup> Directive 2014/40/EU of the European Parliament and of the Council of 3 April 2014 on the approximation of the laws, regulations and administrative provisions of the Member States concerning the manufacture, presentation and sale of tobacco and related products, OJ L 127, 29.4.2014, p. 1.

<sup>12</sup> Council Directive 2011/64/EU of 21 June 2011 on the structure and rates of excise duty applied to manufactured tobacco, OJ L 176, 5.7.2011, p. 24.

<sup>13</sup> OJ C 296, 5.12.2009, p. 4.

##### *Amendment*

5. Supports *Europe's Beating Cancer Plan to achieve a Tobacco-Free Generation and prevent tobacco use by reducing tobacco consumption to 5% by 2040* and the proposal to update the Council recommendation of 30 November 2009 on smoke-free environments<sup>13</sup> *and prevent any delays in revisions of the legislation and urges the Commission to review the Tobacco Products Directive<sup>11</sup> and the Tobacco Taxation Directive<sup>12</sup>, Tobacco Advertising Directive 2003/33/EU*; calls for a full, *the rapid and complete* implementation of the WHO Framework Convention on Tobacco Control *and the WHO Protocol to Eliminate Illicit Trade in Tobacco Products (The Protocol) paying specific attention to the WHO FCTC Art. 5.3 and its guidelines on the protection of public health policies from the vested interests of the tobacco industry*; calls on the Commission and the Member States to:

---

<sup>11</sup> Directive 2014/40/EU of the European Parliament and of the Council of 3 April 2014 on the approximation of the laws, regulations and administrative provisions of the Member States concerning the manufacture, presentation and sale of tobacco and related products, OJ L 127, 29.4.2014, p. 1.

<sup>12</sup> Council Directive 2011/64/EU of 21 June 2011 on the structure and rates of excise duty applied to manufactured tobacco, OJ L 176, 5.7.2011, p. 24.

<sup>13</sup> OJ C 296, 5.12.2009, p. 4.

**Amendment 282**

Alessandra Moretti, István Ujhelyi, Sara Cerdas

**Motion for a resolution****Paragraph 5 – introductory part***Motion for a resolution*

5. Supports the **Commission's proposals to review** the Tobacco Products Directive<sup>11</sup> **and** the Tobacco Taxation Directive<sup>12</sup> and the proposal to update the Council recommendation of 30 November 2009 on smoke-free environments<sup>13</sup> ; calls for a full implementation of the WHO Framework Convention on Tobacco Control; calls on the Commission and the Member States to:

---

<sup>11</sup> Directive 2014/40/EU of the European Parliament and of the Council of 3 April 2014 on the approximation of the laws, regulations and administrative provisions of the Member States concerning the manufacture, presentation and sale of tobacco and related products, OJ L 127, 29.4.2014, p. 1.

## Paragraph 6

### *Motion for a resolution*

6. ***Acknowledges*** that the ***harmful use*** of alcohol ***is a risk factor for multiple NCDs and underlines that the lower the amount of alcohol consumed, the lower the risk is of developing NCDs***<sup>14</sup> ;

### *Amendment*

6. ***Highlights*** that the ***WHO has concluded that there is no safe levels on consuming alcohol and states that there are 1 million deaths annually in European Region due to alcohol consumption***<sup>1g</sup>. ***Recognizes the significant impact of alcohol consumption as a prominent risk factor contributing to the emergence and progression of various non-communicable diseases (NCDs). Is deeply concerned and draws attention to the extensive spectrum of diseases and conditions associated with alcohol consumption, encompassing but not limited to cardiovascular diseases (CVD), various forms of cancer, diabetes, gastrointestinal disorders, and mental health ailments. Reiterates that the risk of cancer and other NCDs due to alcohol consumption escalates even from the initial instance of consumption, with all categories of alcoholic beverages, including beer, wine, and spirits, being implicated in cancer formation. Moreover, notes that the risk of cancer and other NCDs appears at relatively moderate consumption levels, but exponentially amplifies as alcohol intake intensifies;***

*Amendment*

10. Considers the European Green Deal to be instrumental *in* preventing NCDs in the EU by reducing air, food, water and soil pollution and chemical exposure; highlights that prevention of chronic respiratory diseases besides tobacco cessation also includes the prevention of exposure to *dust* and other *indoor* pollutants;

10. ***Stresses the direct link between environmental factors and numerous NCDs; recalls the importance of protecting people from the exposure to environmental hazards, in their daily lives as well as in their working environment; underlines the need of streamlining the One Health approach in all EU and national policies in order to better protect humans health; considers the European Green Deal to be instrumental to allow for a sustainable development and thus preventing NCDs in the EU by reducing air, food, water and soil pollution, UV radiation exposure and chemical exposure; highlights that prevention of chronic respiratory diseases besides tobacco cessation also includes the prevention of exposure to fine particulates, dust, dangerous chemicals, gasses such as radon, hazard materials such as asbestos and other pollutants, both indoor and outdoor;***

Or. en

## Amendment 469

Michèle Rivasi

on behalf of the Verts/ALE Group

### Motion for a resolution

#### Paragraph 10

##### *Motion for a resolution*

10. Considers the European Green Deal to be instrumental in preventing NCDs in the EU by reducing air, food, water and soil pollution and chemical exposure; highlights that prevention of chronic respiratory diseases besides tobacco cessation also includes the prevention of exposure to dust and other indoor pollutants;

##### *Amendment*

10. ***Acknowledges environmental factors contribute significantly to the burden of death and disease in Europe and, therefore, improving environmental conditions will improve the health and well-being of European citizens;*** Considers the European Green Deal to be instrumental in preventing NCDs in the EU by reducing air, food, water and soil pollution and chemical exposure; highlights that prevention of chronic respiratory diseases besides tobacco cessation also includes the prevention of exposure to dust and other indoor pollutants; ***Highlights the increased vulnerability of people living with NCDs to extreme weather events and other impacts of climate change and therefore calls for targeted measures in climate change mitigation and adaptation policies;***

Or. en

## Amendment 470

Frédérique Ries, Catherine Amalric

### Motion for a resolution

#### Paragraph 10

##### *Motion for a resolution*

10. Considers the European Green Deal ***to be*** instrumental in preventing NCDs in the ***EU*** by reducing air, food, water and soil pollution and chemical exposure; highlights that prevention of chronic respiratory diseases besides tobacco ***cessation*** also includes ***the*** prevention of

##### *Amendment*

10. Considers the European Green Deal instrumental in preventing NCDs in the ***Union*** by reducing ***of*** air, food, water and soil pollution and chemical exposure; ***calls on the Commission to ensure that the common agricultural policy helps farmers to reduce the use of pesticides;***

exposure to dust and other indoor pollutants;

*encourages the research into, the use and the development of medicines that are safer for the environment, and encourages the implementation of efficient waste removal mechanisms that avoid polluting the environment, in line with the objectives of the Pharmaceutical Strategy for Europe*; highlights that prevention of chronic respiratory diseases besides tobacco also includes prevention of exposure to dust and other indoor pollutants;

Or. en

**Amendment 471**  
**Tomislav Sokol**

**Motion for a resolution**  
**Paragraph 10**

*Motion for a resolution*

10. Considers the European Green Deal to be instrumental in preventing NCDs in the EU by reducing air, food, water and soil pollution and chemical exposure; highlights that prevention of chronic respiratory diseases besides tobacco cessation also includes the prevention of exposure to dust and other indoor pollutants;

*Amendment*

10. Considers the European Green Deal to be instrumental in preventing NCDs in the EU by reducing air, food, water and soil pollution and chemical exposure; highlights that prevention of chronic respiratory diseases besides tobacco cessation also includes the prevention of exposure to dust, *dangerous chemicals hazard materials including asbestos* and other indoor pollutants; *calls the Commission and Member States to adopt an EU asbestos elimination plan, which include mandatory screening of asbestos in buildings and the establishment and maintenance of national asbestos registers and calls Member States to develop and publish their national asbestos removal strategies*;

Or. en

**Amendment 472**  
**Stanislav Polčák**

**Motion for a resolution**  
**Paragraph 10**

*Motion for a resolution*

10. Considers the European Green Deal to be instrumental in preventing NCDs in the EU **by reducing** air, food, water and soil pollution and chemical exposure; highlights that prevention of chronic respiratory diseases besides tobacco cessation also includes the prevention of exposure to dust and other indoor pollutants;

*Amendment*

10. Considers the European Green Deal **and other environmental strategies, such as the EU Biodiversity Strategy 2030 and the new EU Forest Strategy 2030**, to be instrumental in preventing **and treating** NCDs in the EU, **as they will lead to a reduction in** air, food, water and soil pollution and chemical exposure, **and ensure greater protection of areas providing health-related ecosystem services and the expansion of green spaces in cities**; highlights that prevention of chronic respiratory diseases besides tobacco cessation also includes the prevention of exposure to dust and other indoor pollutants;

Or. cs

**Amendment 473**  
**István Ujhelyi, Nicolás González Casares**

**Motion for a resolution**  
**Paragraph 10**

*Motion for a resolution*

10. Considers the European Green Deal to be instrumental in preventing NCDs in the EU by reducing air, food, water and soil pollution and chemical exposure; highlights that **prevention of** chronic respiratory diseases **besides** tobacco cessation **also includes** the prevention of exposure to dust and other indoor pollutants;

*Amendment*

10. Considers the European Green Deal to be instrumental in preventing NCDs in the EU by reducing air, food, water and soil pollution and chemical exposure; highlights that **preventive measures for** chronic respiratory diseases **other than** tobacco cessation, **also include** the prevention of exposure to dust and other indoor pollutants” **and recommends the full alignment of EU Air Quality Standards with the WHO Air Quality Guidelines for all major pollutants**;

Or. en

**Amendment 474**  
**Anja Hazekamp**

**Motion for a resolution**  
**Paragraph 10**

*Motion for a resolution*

10. Considers the European Green Deal to be instrumental in preventing NCDs in the EU by reducing air, food, water and soil pollution and chemical exposure; highlights that prevention of chronic respiratory diseases besides tobacco cessation also includes the prevention of exposure to dust and other indoor pollutants;

*Amendment*

10. Considers the European Green Deal to be instrumental in preventing NCDs in the EU by reducing air, food, water and soil pollution and chemical exposure; highlights that prevention of chronic respiratory diseases besides tobacco cessation also includes the prevention of exposure to dust and other indoor pollutants; ***stresses that alignment of the EU quality standards to the WHO guidelines is essential;***

Or. en

**Amendment 475**  
**Sara Skyttedal, Jessica Polfjärd**

**Motion for a resolution**  
**Paragraph 10**

*Motion for a resolution*

10. Considers the European Green Deal to be instrumental in preventing NCDs in the EU by reducing air, food, water and soil pollution and chemical exposure; highlights that prevention of chronic respiratory diseases besides ***tobacco*** cessation also includes the prevention of exposure to dust and other indoor pollutants;

*Amendment*

10. Considers the European Green Deal to be instrumental in preventing NCDs in the EU by reducing air, food, water and soil pollution and chemical exposure; highlights that prevention of chronic respiratory diseases besides ***combustion cigarette*** cessation also includes the prevention of exposure to dust and other indoor pollutants;

Or. en

**Amendment 476**  
**Karol Karski**

**Motion for a resolution**  
**Paragraph 10**

*Motion for a resolution*

10. Considers the European Green Deal **to be instrumental** in preventing NCDs in the EU by reducing air, food, water and soil pollution and chemical exposure; highlights that prevention of chronic respiratory diseases besides tobacco cessation also includes the prevention of exposure to dust and other indoor pollutants;

*Amendment*

10. Considers **that** the European Green Deal **is playing its role** in preventing NCDs in the EU by reducing air, food, water and soil pollution and chemical exposure; highlights that prevention of chronic respiratory diseases besides tobacco cessation also includes the prevention of exposure to dust and other indoor pollutants;

Or. pl

**Amendment 477**

**Michèle Rivasi**

on behalf of the Verts/ALE Group

**Motion for a resolution**  
**Paragraph 10 a (new)**

*Motion for a resolution*

*Amendment*

**10a. Notes with regret that the revised EU Ambient Air Quality Directive (AAQD) proposals of the Commission failed to include a clear path to reducing annual mean concentrations to below 5 µg/m<sup>3</sup> for PM<sub>2.5</sub> and 10 µg/m<sup>3</sup> for NO<sub>2</sub>, in line with the latest WHO health-based Air Quality Guidelines and therefore calls for EP and Council to set ambitious targets and to strengthen the proposed limit values to align to current WHO guidelines;**

***Calls for a continued improvement in air quality down to, or below, the WHO's air quality guidelines that would maximize health benefits to European citizens;***

Or. en

**Amendment 478**

**Anja Hazekamp**

**Motion for a resolution**

**Paragraph 10 a (new)**

*Motion for a resolution*

*Amendment*

**10a. Reiterates the importance of the European Green Deal as a significant contributing factor to disease prevention in Europe, by means of reducing air, soil, water and food pollution and chemical exposure, and by ensuring access to and information about healthy foods; calls for an evaluation of the impact of policies on NCD incidence to be integrated into the Farm to Fork Strategy, the Chemicals Strategy for Sustainability, the Zero Pollution and Non-Toxic Environment Strategies;**

Or. en

**Amendment 479**

**Alessandra Moretti, István Ujhelyi, Sara Cerdas**

**Motion for a resolution**

**Paragraph 10 a (new)**

*Motion for a resolution*

*Amendment*

**10a. Acknowledges that air pollution has a negative impact on human health and exposure to it affects 100% of the population, from unborn babies to the elderly, that 400,000 premature deaths every year are caused by outdoor air pollution in Europe, and that as many as 15% of all lung cancer deaths are linked to air pollution; calls therefore the Commission and member states to further improve air quality provisions in order to protect public health;**

Or. en

**Amendment 480**  
**Stelios Kypouropoulos**

**Motion for a resolution**  
**Paragraph 10 a (new)**

*Motion for a resolution*

*Amendment*

**10a. Acknowledges the impact that some NCD treatments, such as kidney dialysis, can have on the environment and highlights that early prevention and detection of NCDs can significantly reduce that impact; Calls on the European Commission and the Member States to implement measures to lower the environmental footprint of treatments and to accelerate the transition to sustainable healthcare without compromising the efficiency of the treatment for the patient;**

Or. en

**Amendment 481**  
**István Ujhelyi, Nicolás González Casares**

**Motion for a resolution**  
**Paragraph 10 a (new)**

*Motion for a resolution*

*Amendment*

**10a. Highlights the importance of NCD prevention and early intervention; acknowledges that many NCDs have their origins in early childhood and the importance of investing in strategies and programmes that promote children's healthy growth and development, from infancy and early years;**

Or. en

**Amendment 482**  
**Anja Hazekamp**

**Motion for a resolution**

**Paragraph 10 b (new)**

*Motion for a resolution*

*Amendment*

**10b.** *Underlines that the work of the Green Deal is not done and calls on the Commission to step up its efforts to adopt the legislative proposals which were announced in the various elements of the Green Deal;*

Or. en

**Amendment 483**

**Anja Hazekamp**

**Motion for a resolution**

**Paragraph 10 c (new)**

*Motion for a resolution*

*Amendment*

**10c.** *Stresses that the WHO report "Health perspective on the role of the environment in One Health" highlights that anthropogenic stressors - including land use change, biodiversity loss, climate change and pollution - afflict the role played by the environment in the human-animal health interface;*

Or. en

**Amendment 484**

**Anja Hazekamp**

**Motion for a resolution**

**Paragraph 10 d (new)**

*Motion for a resolution*

*Amendment*

**10d.** *Calls for the EU to integrate One Health, as defined by the WHO, in its public health policies; emphasises that transformative changes are urgently needed; highlights also the need to further expand knowledge in this field*

*and promote public scientific research in order to better understand and reflect the interdependencies between human, animal, plant and environmental health, using a multisectoral, transdisciplinary and integrated approach; is concerned by the threat of increasing antimicrobial resistance (AMR) and highlights that AMR is one of the leading causes of death worldwide; recalls the importance of acting both at EU and national level to address this challenge with concrete measures, including legislative and regulatory measures as well as public health policies;*

Or. en

**Amendment 485**  
**Anja Hazekamp**

**Motion for a resolution**  
**Paragraph 10 e (new)**

*Motion for a resolution*

*Amendment*

*10e. Underlines that AMR may be the next global health crisis and that there is consequently a need for accelerated action by implementating the required action plans, specific global mechanisms for AMR surveillance, research, and antimicrobial stewardship to ensure their availability and affordability;*

on behalf of the Verts/ALE Group

**Motion for a resolution**  
**Paragraph 12 a (new)**

*Motion for a resolution*

*Amendment*

**12a. Acknowledges pesticides use can cause neuro--degenerative diseases and cancers, which farmers are the most exposed to, in particular the non-Hodgkin's lymphoma, a cancer widespread among regular pesticide users<sup>li</sup>; Calls for the adoption of an ambitious proposal on the sustainable use of pesticides with a high reduction target of the most hazardous pesticides by 2030. Underlines that those pesticides pose a serious threat to health (they are, for example, neurotoxic, carcinogenic, toxic for reproduction or have endocrine disrupting properties) and should have been gradually phased out since 2015.**

### **Amendment 540**

**Dolors Montserrat**

#### **Motion for a resolution**

##### **Paragraph 14**

###### *Motion for a resolution*

14. Encourages the Commission and the Member States to achieve the UN Sustainable Development Goals that target communicable diseases in order to promote the prevention of NCDs such as cancer related to infectious diseases; welcomes vaccination programmes *in this regard such as in the fight against* human papillomavirus *transmission*;

###### *Amendment*

14. Encourages the Commission and the Member States to achieve the UN Sustainable Development Goals that target communicable diseases in order to promote the prevention of NCDs such as cancer related to infectious diseases; welcomes vaccination programmes, *including the adoption of gender-neutral* human papillomavirus (*HPV*) *vaccinations for all adolescents and young adults, in the fight*

*against HPV;*

Or. en

#### **Amendment 541**

**Radan Kanev**

#### **Motion for a resolution**

#### **Paragraph 14**

##### *Motion for a resolution*

14. Encourages the Commission and the Member States to achieve the UN Sustainable Development Goals that target communicable diseases in order to promote the prevention of NCDs such as cancer related to infectious diseases; welcomes vaccination programmes in this regard such as in the fight against human papillomavirus transmission;

##### *Amendment*

14. Encourages the Commission and the Member States to achieve the UN Sustainable Development Goals that target communicable diseases in order to promote the prevention of NCDs such as cancer related to infectious diseases; welcomes vaccination programmes in this regard such as in the fight against human papillomavirus transmission, ***hepatitis and bacterial infections leading to stomach cancer;***

Or. en

#### **Amendment 542**

**Karol Karski**

#### **Motion for a resolution**

#### **Paragraph 14**

##### *Motion for a resolution*

14. Encourages the Commission and the Member States to achieve the UN Sustainable Development Goals that target communicable diseases in order to promote the prevention of NCDs such as cancer related to infectious diseases; welcomes vaccination programmes in this regard such as in the fight against human papillomavirus transmission;

##### *Amendment*

14. Encourages the Commission and the Member States to ***work together in order to*** achieve the UN Sustainable Development Goals that target communicable diseases in order to promote the prevention of NCDs such as cancer related to infectious diseases; welcomes vaccination programmes in this regard such as in the fight against human papillomavirus transmission;

Or. pl

**Amendment 543**  
**Aurélia Beigneux, Catherine Griset**

**Motion for a resolution**  
**Paragraph 14 a (new)**

*Motion for a resolution*

*Amendment*

**14a. Stresses the importance of preventing non-communicable diseases and of early intervention by medical services; recognises that many non-communicable diseases set in from a very young age and that it is important to invest in strategies and programmes to foster children's healthy development and growth, from infancy and their first years of life; calls, therefore, on the Member States to revise their health systems to take better account of early interventions;**

Or. fr

**Amendment 544**  
**Alessandra Moretti, István Ujhelyi, Sara Cerdas**

**Motion for a resolution**  
**Paragraph 14 a (new)**

*Motion for a resolution*

*Amendment*

**14a. Acknowledges that social, economic, cultural, and commercial determinants of health, and health inequities increase the risk of NCDs and underlines the need to create favourable conditions that address these factors; emphasizes the importance of a more robust implementation of the Health in All Policies principle, in dialogue with the public health community, and with thorough consideration of the health impacts of sectoral policies;**

Or. en

**Amendment 545**  
**István Ujhelyi, Nicolás González Casares**

**Motion for a resolution**  
**Paragraph 14 a (new)**

*Motion for a resolution*

*Amendment*

**14a. Recognises the impact that the permacrisis, including the COVID-19 pandemic, Russia's war of aggression against Ukraine, climate change, and the energy crisis, have on the insufficient actions taken on NCDs; calls on the Commission and Member States to prioritise NCD prevention and management as this would strengthen the resilience of healthcare systems and prepare for future shocks;**

Or. en

**Amendment 546**  
**Maria Angela Danzi, Antoni Comín i Oliveres**

**Motion for a resolution**  
**Paragraph 14 a (new)**

*Motion for a resolution*

*Amendment*

**14a. Recognises the impact that the permacrisis, including the COVID-19 pandemic, war, climate change, and the energy crisis, have on the insufficient actions taken on NCDs; calls on the Commission and Member States to prioritise NCD prevention and management as this would strengthen the resilience of healthcare systems and prepare for future shocks;**

Or. en

**Amendment 547**

**Anja Hazekamp**

**Motion for a resolution  
Paragraph 14 a (new)**

*Motion for a resolution*

*Amendment*

**14a. Highlights the importance of NCD prevention and early intervention; acknowledges that many NCDs have their origins in early childhood and stresses the importance of investing in strategies and programmes that promote children's healthy growth and development from infancy onwards;**

Or. en

**Amendment 548  
Tomislav Sokol**

**Motion for a resolution  
Paragraph 14 a (new)**

*Motion for a resolution*

*Amendment*

**14a. Calls on Member States to develop tailored national plans to address the specificities of different subcategories of NCDs, including specific plans for highly prevalent diseases, with high mortality and morbidity rates, such as cardiovascular diseases, diabetes and obesity;**

Or. en

**Amendment 549  
Erik Poulsen, Susana Solís Pérez, Andreas Glueck, Catherine Amalric, Ondřej Knotek,  
Asger Christensen**

**Motion for a resolution  
Paragraph 14 a (new)**

*Motion for a resolution*

*Amendment*

**14a. Stresses that primary prevention is crucial for reducing the occurrence of many types of NCDs; notes that secondary prevention is key for the optimal management of NCDs and contributes to reduce the risk of complications, comorbidities and death;**

Or. en

**Amendment 550**  
**Frédérique Ries, Catherine Amalric**

**Motion for a resolution**  
**Paragraph 14 a (new)**

*Motion for a resolution*

*Amendment*

**14a. Calls for the implementation of prevention programmes to be inclusive by involving regions and municipalities, citizens, the social partners, civil society and patient organisations at all steps of the decision-making process,**

Or. en

**Amendment 551**  
**Deirdre Clune**

**Motion for a resolution**  
**Paragraph 14 a (new)**

*Motion for a resolution*

*Amendment*

**14a. Acknowledges that many NCDs have their origins in early childhood and stresses the importance of investing in strategies and programmes that promote children's healthy growth and development, from infancy and early years;**

Or. en

**Amendment 552**  
**Frédérique Ries, Catherine Amalric**

**Motion for a resolution**  
**Paragraph 14 b (new)**

*Motion for a resolution*

*Amendment*

***14b. Encourages the Commission and the Member States to further promote health literacy on NCDs' risks and determinants as well as digital literacy that is linked to it, to develop educational tools for prevention, and to support the creation of e-learning platforms and applications; calls for particular attention be paid to disadvantaged, vulnerable, socially excluded and marginalised people, and underlines that specific awareness-raising campaigns for groups with particular health literacy needs are essential;***

Or. en

**Amendment 553**  
**Anja Hazekamp**

**Motion for a resolution**  
**Paragraph 14 b (new)**

*Motion for a resolution*

*Amendment*

***14b. Regrets the delay in the publication of the revision of the Food Information to Consumers Regulation (1169/2011) as foreseen under the Farm to Fork Strategy for the fourth quarter of 2022;***

Or. en

**Amendment 554**  
**Alessandra Moretti, István Ujhelyi, Sara Cerdas**

**Motion for a resolution**

**Paragraph 14 b (new)**

*Motion for a resolution*

*Amendment*

**14b. Welcome the approval of the 2022 Council Recommendations on Cancer Screening Recommendations in Europe which include comprehensive strategies for earlier detection of breast, cervical, colorectal cancer and extend recommended screenings in Europe for lung, prostate and gastric cancers;**

Or. en

**Amendment 555**

**Karol Karski**

**Motion for a resolution**

**Paragraph 15 a (new)**

*Motion for a resolution*

*Amendment*

**15a. Points out that many people with NCDs (including diabetes in particular) in Europe are undiagnosed and unaware of their illness, and thus fail to get proper, timely treatment;**

Or. pl

**Amendment 556**

**Sara Skyttedal, Tomislav Sokol, Radan Kanev, Deirdre Clune, Cindy Franssen, Jessica Polfjärd, Stelios Kypouropoulos**

**Motion for a resolution**

**Paragraph 15**

*Motion for a resolution*

*Amendment*

15. Highlights the importance of identifying people with a high risk of developing NCDs and diagnosing people as early as possible to improve disease management, prevent complications and save downstream costs for healthcare

15. Highlights the importance of identifying people with a high risk of developing NCDs and diagnosing people as early as possible to improve disease management, prevent complications and save downstream costs for healthcare

systems;

systems; ***calls for the systematic exchange at the European level of best practice regarding screening for and early detection of NCDs, such as prostate and cervical cancer; welcomes the updated Council recommendation on cancer screening and calls on Member States to implement it diligently;***

Or. en

### **Amendment 557**

**Maria Angela Danzi, Antoni Comín i Oliveres**

#### **Motion for a resolution**

##### **Paragraph 15**

###### *Motion for a resolution*

15. Highlights the importance of identifying people with a high risk of developing NCDs and diagnosing people as early as possible to improve disease management, prevent complications and save downstream costs for healthcare systems;

###### *Amendment*

15. Highlights the importance of identifying people with a high risk of developing NCDs and diagnosing people as early as possible to improve disease management, prevent ***life-altering*** complications and save downstream costs for healthcare systems; ***calls for the implementation of accessible and equitable self-management tools, including peer support networks, collaborative care platforms, and mental health services, considering factors like technology access;***

Or. en

### **Amendment 558**

**Mick Wallace, Clare Daly**

#### **Motion for a resolution**

##### **Paragraph 15**

###### *Motion for a resolution*

15. Highlights the importance of identifying people with a high risk of developing NCDs and diagnosing people

###### *Amendment*

15. Highlights the importance of identifying people with a high risk of developing NCDs and diagnosing people

as early as possible to improve disease management, prevent complications and save downstream costs for healthcare systems;

as early as possible to improve disease management, prevent complications and save downstream costs for healthcare systems; ***calls for the implementation of accessible and equitable self-management tools, including peer support networks, collaborative care platforms, and mental health services, considering factors like technology access;***

Or. en

#### **Amendment 559**

**István Ujhelyi, Nicolás González Casares**

#### **Motion for a resolution**

#### **Paragraph 15**

##### *Motion for a resolution*

15. Highlights the importance of identifying people with **a** high risk of developing NCDs and diagnosing people as early as possible to improve disease management, prevent complications and save downstream costs for healthcare systems;

##### *Amendment*

15. Highlights the importance of identifying people with high risk of developing NCDs ***-for example the elderly population-*** and diagnosing people as early as possible, ***for instance through the implementation of early detection programmes and health checks at primary care level in order, especially for at-risk individuals,*** to improve disease management, prevent ***life-altering*** complications and save downstream costs for healthcare systems;

Or. en

#### **Amendment 560**

**Deirdre Clune**

#### **Motion for a resolution**

#### **Paragraph 15**

##### *Motion for a resolution*

15. Highlights the importance of identifying people with a high risk of developing NCDs and diagnosing people

##### *Amendment*

15. Highlights the importance of identifying people with a high risk of developing NCDs and diagnosing people

as early as possible to improve disease management, prevent complications and save downstream costs for healthcare systems;

as early as possible to improve disease management, prevent complications and save downstream costs for healthcare systems; ***calls for the implementation of accessible self-management tools, including peer support networks, collaborative care platforms, and mental health services, considering factors like technology access;***

Or. en
