AMENDMENTS
266 - 524

Draft opinion
Sara Cerdas
(PE751.899v03-00)

Mental health
((2023/2074(INI))
Amendment 266
Aurélia Beigneux, Catherine Griset

Motion for a resolution
Paragraph 5 c (new)

5c. Calls for access to mental health services in Europe to be measured and monitored; considers that this should include data on access to and the availability of different categories of mental health services, such as psycho-oncology in the sphere of cancer treatment;

Amendment 267
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Újhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 5 a (new)

5a. Recalls that the language used to address people with mental health issues can be stigmatising and therefore terms such as “mental illness” should be largely avoided and replaced with a person-centred, inclusive, non-stigmatising, strengths-based and recovery focused language reflecting the variety of mental health experiences; Calls on the Commission for the creation of a mental health taxonomy guideline to avoid the use of negative connotations within policy documents, harmonise use of mental health lexicon across Europe and to contribute to mental health literacy in the general population;
Amendment 268
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 5 b (new)

Motion for a resolution

5b. Highlights that the link between mental health conditions and marginalising socio-economic factors can further aggravate discrimination and stigma;

Amendment

Or. en

Amendment 269
Johan Nissinen

Motion for a resolution
Paragraph 6

Motion for a resolution

6. Is deeply concerned that, despite progress in some countries, people with mental health conditions frequently experience discrimination and stigma and often do not have access to adequate healthcare, which can lead to severe human rights violations;

Amendment

6. Is deeply concerned that, despite progress in some countries, people with mental health conditions frequently experience discrimination and stigma and often do not have access to adequate healthcare, calls therefore upon the Member States to implement measures aimed at combatting the stigmatization, exclusion, and discrimination experienced by individuals with mental health challenges, while actively fostering their social integration and facilitating their equitable access to education, training, housing, and employment opportunities.

Or. en

Amendment 270
Stelios Kypouropoulos, Tomislav Sokol, Cindy Franssen

Motion for a resolution
Paragraph 6

6. Is deeply concerned that, despite progress in some countries, people with mental health conditions frequently experience discrimination and stigma and often do not have access to adequate healthcare, which can lead to severe human rights violations;

Amendment

6. Is deeply concerned that, despite progress in some countries, people with mental health conditions frequently experience discrimination and stigma and often do not have access to adequate healthcare, which can lead to severe human rights violations, increased risk of complications and poorer health conditions; Calls on the European Commission to support cultural change in all Member States, to reduce stigma, through awareness campaigns targeted at healthcare professionals, caregivers, educators, patients and the general public;

Or. en

Amendment 271
Nicolae Ștefănuță
on behalf of the Verts/ALE Group

Motion for a resolution
Paragraph 6

6. Is deeply concerned that, despite progress in some countries, people with mental health conditions frequently experience discrimination and stigma and often do not have access to adequate healthcare, which can lead to severe human rights violations;

Amendment

6. Is deeply concerned that, despite progress in some countries, people with mental health conditions frequently experience discrimination and stigma and often do not have access or afford adequate healthcare, which can lead to severe human rights violations, increased risk of complications and poorer health outcomes, delayed or avoidance of treatment, social isolation, reduced quality of life, employment discrimination, increased risk of suicide;
Motion for a resolution
Paragraph 6

6. Is deeply concerned that, despite progress in some countries, people with mental health conditions frequently experience discrimination and stigma and often do not have access to adequate healthcare, which can lead to severe human rights violations;

Amendment

6. Is deeply concerned that, despite progress in some countries, individuals with mental health challenges, including those with psychosocial disabilities, frequently face discrimination and stigma. Often, they do not have access to timely, accessible, affordable, and adequate healthcare and health services, leading to insufficient promotion and protection of their rights and potential human rights violations;

Amendment 273
Dolors Montserrat

Motion for a resolution
Paragraph 6

6. Is deeply concerned that, despite progress in some countries, people with mental health and associated chronic conditions frequently experience discrimination and stigma which can be a barrier for recognition and access to adequate healthcare, which can lead to severe human rights violations;

Motion for a resolution

6. Is deeply concerned that, despite progress in some countries, people with mental health conditions frequently experience discrimination and stigma and often do not have access to adequate healthcare, which can lead to severe human rights violations;
Amendment 274
Stanislav Polčák

Motion for a resolution
Paragraph 6

Motion for a resolution
Amendment

6. Is deeply concerned that, despite progress in some countries, people with mental health conditions frequently experience discrimination and stigma and often do not have access to adequate healthcare, which can lead to severe human rights violations;

6. Is deeply concerned that, despite progress in some countries, people with mental health conditions and their families frequently experience discrimination and stigma and often do not have access to adequate healthcare, which can lead to severe human rights violations and social exclusion;

Or. cs

Amendment 275
Maria Angela Danzì, Antoni Comín i Oliveres

Motion for a resolution
Paragraph 6

Motion for a resolution
Amendment

6. Is deeply concerned that, despite progress in some countries, people with mental health conditions frequently experience discrimination and stigma and often do not have access to adequate healthcare, which can lead to severe human rights violations;

6. Is deeply concerned that, despite progress in some countries, people with mental health conditions frequently experience discrimination and stigma and often do not have access to adequate healthcare, workplace or housing, which can lead to severe human rights violations;

Or. en

Amendment 276
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 6 a (new)
Motion for a resolution

6a. Notes the importance of people with lived experience as agents of change to improve public awareness of mental health and non-discrimination acceptance of people with mental health issues, calling for facilitating direct social contact with decision makers and communities as an effective approach to challenge stigma; Emphasises the role of people with lived experience, carers and families in any stigma reduction initiatives/activities;

Amendment 277
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, Andreas Glueck, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph 6 a (new)

6a. Recognises the need to use language and terminology that frames the topic in an inclusive and non-stigmatising way and reflects the variety of mental health experiences;

Amendment 278
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 6 b (new)

6b. Recognises that the workplace challenges faced by many people with
mental health conditions result in high rates of workplace exclusion; Calls on the Commission to propose measures which allow the Member States to support the access and return to work of people with mental health conditions, including more flexible work practices;

Or. en

Amendment 279
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph 6 b (new)

6b. Calls on the EU and Member States to invest in mental health literacy and include mental health in school curricula and the curricula of teaching staff; Calls on the European Commission and the Member States to promote training and re-training of professionals to comply with the standards and obligations of the UN CRPD;

Or. en

Amendment 280
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 6 c (new)

6c. Recommends that the media adapt their practices to adhere to responsible reporting of suicide, to take caution with addressing the concept of self-care so as to not place the responsibility on the
individuals; calls on the Member States to strictly monitor the adherence of the legal limits of alcohol advertising in order to reduce alcohol use;

Amendment 281
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Bradlež, Marcos Ros Sempere

Motion for a resolution
Paragraph 6 d (new)

6d. Is deeply concerned about the current media coverage of body size and image, often portraying toxic and unrealistic body standards, as well as the impact of fashion industry on mental health, especially on women;

Amendment 282
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Bradlež, Marcos Ros Sempere

Motion for a resolution
Paragraph 6 e (new)

6e. Stresses the role of communities, public figures, politicians, public institutions, governments and individuals to fight the stigma of mental health conditions by discussing them publicly without prejudice or biases;
Amendment 283
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 6 (new)

Motion for a resolution

Amendment

6f. Calls on the EU and Member States to invest in mental health literacy and include mental health in school curricula and the curricula of teaching staff, given the increased influence that the school system can have on destigmatizing mental health in children and adolescents;

Or. en

Amendment 284
Susana Solís Pérez, Catherine Amalric, Frédérique Ries, Andreas Glueck, María Soraya Rodríguez Ramos

Motion for a resolution
Paragraph 7

Motion for a resolution

Amendment

7. Urges the Commission to follow the recommendations of the Conference on the Future of Europe and designate a European Year of Mental Health; calls for the EU and the Member States to raise awareness of the importance of mental health in a coordinated and timely manner, through a mental-health-in-all-policies approach; Notes mental health mainstreaming could be applied in all EU policies – both internal and external – ensuring that mental health considerations are built into the design, implementation, monitoring and evaluation of policy, legislation and spending programmes;

Or. en
Amendment 285
Nicolae Ștefănuță
on behalf of the Verts/ALE Group

Motion for a resolution
Paragraph 7

Motion for a resolution

7. Calls for the EU and the Member States to raise awareness of the importance of mental health in a coordinated and timely manner, through a mental-health-in-all-policies approach;

Amendment

7. Calls for the EU and the Member States to raise awareness of the importance of mental health in a coordinated and timely manner, through a mental-health-in-all-policies approach; Calls on the EU and Member States to include, where relevant, when developing new policy an assessment of how it impacts mental health well-being. Requires the Commission to monitor the capacity to address mental health in all policies of each Member State and publish a periodic report that analyses how Member States implement this principle.

Or. en

Amendment 286
Maria Angela Danzì, Antoni Comín i Oliveres

Motion for a resolution
Paragraph 7

Motion for a resolution

7. Calls for the EU and the Member States to raise awareness of the importance of mental health in a coordinated and timely manner, through a mental-health-in-all-policies approach;

Amendment

7. Calls for the EU, Member States, civil society and professional actors, from the healthcare sector in particular, to raise awareness of the importance of mental health in a coordinated and timely manner, through a mental-health-in-all-policies approach;

Or. en
Amendment 287
Stelios Kypouropoulos, Tomislav Sokol, Cindy Franssen

Motion for a resolution
Paragraph 7

7. Calls for the EU and the Member States to raise awareness of the importance of mental health in a coordinated and timely manner, through a mental-health-in-all-policies approach;

Amendment

7. Calls for the EU and the Member States to raise awareness of the importance of promoting good mental health in a coordinated and timely manner, through a mental-health-in-all-policies approach;

Or. en

Amendment 288
Johan Nissinen

Motion for a resolution
Paragraph 7

7. Calls for the EU and the Member States to raise awareness of the importance of mental health in a coordinated and timely manner, through a mental-health-in-all-policies approach;

Amendment

7. Calls upon the Member States to raise awareness of the importance of mental health in a coordinated and timely manner, by considering mental health in all relevant policies;

Or. en

Amendment 289
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 7

7. Calls for the EU and the Member States to raise awareness of the importance of mental health in a coordinated and timely manner, through a mental-health-in-all-policies approach;

Amendment

7. Calls for the EU and the Member States to raise awareness of the importance of mental health in a coordinated and timely manner, through a
Amendment 290
Stelios Kympouropoulos, Tomislav Sokol, Cindy Franssen

Motion for a resolution
Paragraph 7 a (new)

Motion for a resolution

7a. Calls on the European Commission and Member States to invest in mental health literacy and include mental health in school curricula and the curricula of teaching staff;

Stresses the importance of providing training for educators and psychoeducation for families to enable early intervention for children and adolescents facing mental health challenges and to better integrate them in the school environment; Recommends Member States to ensure that students have direct access to psychological help when they seek it;

Amendment

7a. Calls for the EU and Member states to enhance and advance cultural change in their countries, to decrease stigma and discrimination about mental health and associated chronic conditions, through targeted awareness campaigns, such as campaigns targeted at healthcare...
professionals, patients, vulnerable groups, as well as the general public;

Amendment 292
Tudor Ciuhodaru

Motion for a resolution
Paragraph 7 a (new)

Motion for a resolution
Amendment

7a. invites the EU and the Member States to develop and run awareness-raising campaigns regarding the need for early detection of mental illnesses in different categories of people, especially considering the fact that many people do not admit that they suffer from such conditions;

Amendment 293
Aurélia Beigneux, Mathilde Androuët, Catherine Griset

Motion for a resolution
Paragraph 7 a (new)

Motion for a resolution
Amendment

7a. Stresses that, according to the Quebec Public Health Institute (2008), prejudice surrounding mental illness results in nearly 2/3 of people who are experiencing difficulties not seeking the help they are so much in need of;

Amendment 294
Stanislav Polčák
Motion for a resolution
Paragraph 7 a (new)

7a. Calls on the Union and the Member States to focus on supporting people with mental disorders and their families, including the removal of barriers to their integration into society and participation in the labour market;

Amendment 295
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, Andreas Glueck, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph 7 a (new)

7a. Calls for specific programmes to improve mental health literacy as these will contribute to fighting stigma as well as to increasing empowerment and resilience;

Amendment 296
João Pimenta Lopes

Motion for a resolution
Paragraph 7 a (new)

7a. Calls on the Member States to promote initiatives designed to put an end to the stigma and discrimination faced by people with mental health conditions in an effort to integrate them into the
Amendment 297
Aurélie Beigneux, Catherine Griset

Motion for a resolution
Paragraph 7 b (new)

Motion for a resolution

7b. Calls on the Member States to undertake a genuine reflection about discrimination within medical spaces themselves because, as a British study demonstrates, 44% of people with a mental illness have experienced discrimination from their family doctors, and 32% have experienced it from other health professionals;

Or. fr

Amendment 298
João Pimenta Lopes

Motion for a resolution
Paragraph 7 b (new)

Motion for a resolution

7b. Calls on the Member States to develop and encourage cooperation between national public health services and private social solidarity associations in the field of mental health, with a view to providing services, promoting the participation of families, upholding the rights of people with mental health conditions and combating the stigma they face;

Or. pt
Amendment 299
Aurélia Beigneux, Catherine Griset

Motion for a resolution
Paragraph 7 c (new)

Motion for a resolution
Amendment

7c. Suggests that Member States should reduce stigmatisation of people suffering from mental health issues by:
- openly talking about mental illness in the community;
- providing accurate information on the causes, prevalence, course and effects of mental illness in the community or in the world of work;
- countering the negative stereotypes and misconceptions surrounding mental illness;
- providing support and treatment services that enable persons suffering from a mental illness to participate fully in all aspects of community life;
- ensuring the existence of legislation to reduce discrimination in the workplace, in access to health and social community services;

Or. fr

Amendment 300
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodríguez Ramos

Motion for a resolution
Paragraph 7 b (new)

Motion for a resolution
Amendment

7b. Underlines that the principles of equitable, affordable, and easy access to care, empowerment of those living with
mental health problems, choice of desired treatment and patient-centeredness should underpin mental health systems across the EU;

Amendment 301
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, Andreas Glueck

Motion for a resolution
Paragraph 7 c (new)

7c. Calls on EU Member States to strengthen their mental health systems by building community-based networks of interconnected services that move away, where possible, from custodial care in psychiatric hospitals and cover a broad spectrum of care and support needs, within and beyond the health sector;

Amendment 302
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph 7 d (new)

7d. Calls on Member States to step up investments in mental health, not just by securing appropriate funds and human resources across health and other sectors to meet mental health needs, but also through committed leadership, pursuing evidence-based policies and practice;
Amendment 303  
Nicolae Ștefănuță  
on behalf of the Verts/ALE Group

Motion for a resolution  
Paragraph 8

Motion for a resolution

8. Is deeply concerned by the poor availability of mental healthcare services in the Member States, as exemplified by the alarmingly long waiting lists for appointments with psychiatrists and psychologists and the limited options for therapeutic treatment, as well as for in- and outpatient clinic treatment; considers that the shortage in staff in this specific sector and the lack of funding aggravate the issue;

Amendment

8. Emphasizes that all EU citizens must have access to high-quality and affordable mental health care and treatment. Is deeply concerned by the poor availability of mental healthcare services, and inadequate number of health workers in the Member States, as exemplified by the alarmingly long waiting lists for appointments with psychiatrists and psychologists and the limited options for therapeutic treatment, as well as for in- and outpatient clinic treatment; considers that the shortage in staff in this specific sector and the lack of funding aggravate the issue;

Calls on Member States to commit to eliminate financial and administrative barriers, and ensure mental health services are accessible and affordable Calls on the Commission to monitor, collect data and publish reports on the status of reaching this objectives.

Calls on Members States to address mental health healthcare staff shortages in the EU. Urges the Commission and Member States to draw coordinated retention policies for mental health professionals in the EU and implement best practices. Urges Member States to invest in recruitment and retention of the mental health professionals to address growing staff shortages and address the underinvestment gap in public healthcare systems.
Amendment 304
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodríguez Ramos

Motion for a resolution
Paragraph 8

Motion for a resolution
8. Is deeply concerned by the poor availability of mental healthcare services in the Member States, as exemplified by the alarmingly long waiting lists for appointments with psychiatrists and psychologists and the limited options for therapeutic treatment, as well as for in- and outpatient clinic treatment; considers that the shortage in staff in this specific sector and the lack of funding aggravate the issue;

Amendment
8. Is deeply concerned by the poor availability of mental healthcare services in the Member States, as exemplified by the alarmingly long waiting lists for appointments with psychiatrists and psychologists and the limited options for therapeutic treatment, as well as for in- and outpatient clinic treatment and lack of relevant expense coverage by health insurance providers; considers that the shortage in staff in this specific sector and the lack of funding aggravate the issue; underlines that the cost of mental health services cannot and must not be an obstacle for citizens;

Or. en

Amendment 305
Dolors Montserrat

Motion for a resolution
Paragraph 8

Motion for a resolution
8. Is deeply concerned by the poor availability of mental healthcare services in the Member States, as exemplified by the alarmingly long waiting lists for appointments with psychiatrists and psychologists and the limited options for therapeutic treatment, as well as for in- and outpatient clinic treatment; considers that the shortage in staff in this specific sector and the lack of funding aggravate the issue;

Amendment
8. Is deeply concerned by the poor availability of mental healthcare services in the Member States, as exemplified by the alarmingly long waiting lists for appointments with psychiatrists and psychologists and the limited options for therapeutic treatment, as well as for in- and outpatient clinic treatment; considers that the shortage in staff in this specific sector, the lack of integration of mental health services within the framework of health delivery (e.g. as part of cancer
8. Is deeply concerned by the poor availability of mental healthcare services in the Member States, as exemplified by the alarmingly long waiting lists for appointments with psychiatrists and psychologists and the limited options for therapeutic treatment, as well as for in- and outpatient clinic treatment; considers that the shortage in staff in this specific sector and the lack of funding aggravate the issue; and the lack of integration of mental health services within healthcare (for example, as part of cancer care) and the lack of funding aggravate the issue;
outpatient clinic treatment; considers that the shortage in staff in this specific sector and the lack of funding aggravate the issue;
the shortage in staff in this specific sector and the lack of funding aggravate the issue;

the shortage in staff in this specific sector aggravates the issue;

Or. en

Amendment 310
Pernille Weiss

Motion for a resolution
Paragraph 8 a (new)

Motion for a resolution

Amendment

8a. Calls on Member States to consider supportive measures for civil society initiatives addressing mental health needs of the public; recalls that such initiatives, which may be based on public funding or private donations, can help facilitate access to mental health care, thereby providing benefits to the individual and alleviating the pressure on public health systems; highlights that such initiatives can also provide guidance about further mental health treatment options, thus serving as a gate-way to accessing the right mental health support; asks the Commission to support the sharing of best practice between such initiatives across Member States; notes that the opportunities for people experiencing mental health challenges to access mental health support can be greatly increased by utilizing trained volunteers; highlights the benefits of such initiatives being free, allowing for anonymity and not requiring referrals;

Or. en

Amendment 311
Tudor Ciuhodaru

Motion for a resolution
Paragraph 8 a (new)

8a. is deeply concerned about the low availability of integrated addict support centres in the context of the rising number of such conditions and the huge repercussions for mental health. Considers that sustained measures must be taken by the Commission, possibly a programme to provide diagnosis, support and holistic treatment for people with addictions.

Or. ro

Amendment 312
Maria Angela Danzi, Antoni Comín i Oliveres

8a. Calls for the EU and the Member States to ensure training and certification schemes for qualified professionals to increase the number of qualified professionals and reduce waiting times including specialists on cultural sensitive counselling and specific contexts and needs such as trauma caused by war and conflict, and natural disasters;

Or. en

Amendment 313
Nathalie Colin-Oesterlé
8a. Would like to see mental health services included within the comprehensive care delivered to patients with non-transmissible illnesses, such as cancer; points out that a patient-centred approach should take mental health into account throughout their patient journey, from diagnosis to post-treatment;

Amendment 314
Sirpa Pietikäinen

Motion for a resolution
Paragraph 8 a (new)

Motion for a resolution

Amendment

8a. Highlights the role of functioning health and social services, civil society, and childhood support systems in schools and outside school activities and communities in promoting good mental health and mental health resilience and in strengthening mental health systems;

Amendment 315
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 8 a (new)

Motion for a resolution

Amendment

8a. Laments that provision of mental healthcare is in part undertaken by the private (where services are not affordable to all) and the NGO sector (which is often underfunded and lacking in resources), that might also have long waiting lists and limited accessibility;
Amendment 316
Stanislav Polčák

Motion for a resolution
Paragraph 8 a (new)

Motion for a resolution

8a. strongly warns against the risks arising from poor access to mental health care services, especially for children and adolescents, for whom timely help is crucial for their physical and psychological development and neglecting it can lead to irreparable consequences;

Amendment

Or. cs

Amendment 317
Stelios Kympouropoulos, Sara Skyttedal, Tomislav Sokol, Cindy Franssen

Motion for a resolution
Paragraph 8 a (new)

Motion for a resolution

8a. Recognises that harnessing digital health or telehealth services can cater to a broader population, including population in remote areas, and reduce waiting times;

Amendment

Or. en

Amendment 318
Dolors Montserrat

Motion for a resolution
Paragraph 8 a (new)

Motion for a resolution

Amendment

Or. en
8a. Urges the European Commission to work with Member States on improving pan-European mapping of, and response to mental health workforce gaps;

Amendment 319
Nicolaș Ștefănuță on behalf of the Verts/ALE Group

Motion for a resolution
Paragraph 8 b (new)

Motion for a resolution
Amendment

8b. Urges the Commission and Member States to share best practices and develop guidelines to provide support in adopting flexible and mobile solutions to access mental health services. Calls on Member States to invest in and expand the deployment of walk-in mobile mental health clinics as accessible and flexible mental health care solutions, to reach individuals where they are, reducing administrative barriers for patients and ensuring prompt access to services.

Amendment 320
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 8 b (new)

Motion for a resolution
Amendment

8b. Highlights the importance of timely access to services for children and adolescents, which, if postponed, could result in delayed treatment during a vulnerable period of psychosocial
development; Stresses that the complex transition of patients from child and adolescent mental health services to adult services could be negative for this vulnerable population and the importance of continuity of care in this critical transition period in life;

Amendment 321
Stelios Kympouropoulos, Sara Skyttedal, Tomislav Sokol, Cindy Franssen

Motion for a resolution
Paragraph 8 b (new)

Motion for a resolution Amendment

8b. Recognises that self-management can help develop essential skills to take care and cope with long-term mental health conditions;

Amendment 322
Dolors Montserrat

Motion for a resolution
Paragraph 8 b (new)

Motion for a resolution Amendment

8b. Advocates developing community mental health services in primary care;

Amendment 323
Nicolae Ștefănuță on behalf of the Verts/ALE Group

Motion for a resolution
Paragraph 8 c (new)

Motion for a resolution

8c. Calls for the Commission and Member States to develop a cross-border network and digital tools whereby mental health professionals who can provide such services in a voluntary or low cost are connected with vulnerable population including marginalised minorities and communities, youth, elderly, people experiencing homelessness, and socioeconomically disadvantaged.

Amendment 324
Dolors Montserrat

Motion for a resolution
Paragraph 8 c (new)

Motion for a resolution

8c. Supports the implementation of a mental health strategy at EU level that would act as a support system for the Member States; calls on the governments of the Member States to prioritise mental health;

Amendment 325
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 8 c (new)

Motion for a resolution

8c. Applauds the WHO Special Initiative for Mental Health (2019-2023)
20a, aimed at scaling-up mental health care as part of universal health coverage;

WHO Special Initiative for Mental Health (2019-2023): Universal Health Coverage for Mental Health

Or. en

Amendment 326
Johan Nissinen

Motion for a resolution
Paragraph 9

Motion for a resolution

9. Considers that universal health coverage is a pillar of the European health union and that mental health services are an integral, essential and structural part of Member States’ national health systems;

Amendment

9. Considers that mental health services are an integral, essential and structural part of Member States’ national health systems;

Or. en

Amendment 327
João Pimenta Lopes

Motion for a resolution
Paragraph 9

Motion for a resolution

9. Considers that universal health coverage is a pillar of the European health union and that mental health services are an integral, essential and structural part of Member States’ national health systems;

Amendment

9. Considers that free and good-quality universal public health coverage is a right and that mental health services are an integral, essential and structural part of Member States’ national health systems;

Or. pt
Amendment 328
João Pimenta Lopes

Motion for a resolution
Paragraph 9 a (new)

Motion for a resolution

Amendment

9a. Deems it essential to ramp up investment in public health services, including providing the requisite means and resources – both in terms of staffing and facilities – to boost financial support for mental health in order to promote the systematic, uniform coverage of mental health services in hospitals and of primary healthcare across the EU; stresses that such coverage should be tailored to the real needs of existing services and enable new departments to be set up, as envisaged by existing legislation, with a view to rectifying the serious shortcomings in the sector;

Or. pt

Amendment 329
Christophe Clergeau

Motion for a resolution
Paragraph 9 a (new)

Motion for a resolution

Amendment

9a. In view of growing international research and recognition of the challenges relevant to farmers’ psychosocial work environment and mental health, supports the Commission’s proposal to focus on people living in rural or remote areas, such as farmers, particularly through targeting CAP funds and other structural funds to tailor to needs of these groups and calls for specific proposals to be put forward in the CAP national action plans.
Amendment 330
Maria Angela Danzì, Antoni Comín i Oliveres

Motion for a resolution
Paragraph 9 a (new)

Motion for a resolution

9a. Urges the Member States to guarantee the access to quality, free of charge and tailored mental health services and programmes focusing on specific needs of children and young people and provide specific support including financially to young adults facing high levels of mental health pressure and in situations of vulnerability including adults who have left alternative care;

Amendment 331
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodriguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph 9 a (new)

Motion for a resolution

9a. Underlines the need to effectively respond to the coexistence of mental health and other disorders; dual disorders represent a challenge for treatment services; often patients are referred from one service to the other, making their treatment access more difficult;
Amendment 332
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 9 a (new)

Motion for a resolution

Amendment

9a. Highlights that the lack of funding and the shortage in mental health workforce due to training, retention, workplace migration, brain drain, burnout, unemployment, retirement and other events impacting the work-life-cycle aggravates accessibility to mental health services;

Or. en

Amendment 333
João Pimenta Lopes

Motion for a resolution
Paragraph 9 b (new)

Motion for a resolution

Amendment

9b. Highlights the need to ensure that public health services are staffed with sufficient mental health professionals, doctors, nurses, psychologists and other mental health professionals, who should feel that their careers are valued, be employed where they are needed the most, and given the resources and means to meet the needs of the people they serve;

Or. pt

Amendment 334
Motion for a resolution
Paragraph 9 b (new)

Motion for a resolution

9b. **calls on the Commission to develop effective tools for a uniform and integrated system of child and adolescent neuropsychiatry health services to be implemented in the Member States;**

Amendment

Or. en

Amendment 335
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 9 b (new)

Motion for a resolution

9b. **Highlights the importance of mental health service mapping and calls on the Member States to apply service mapping in the organisation of their national health systems;**

Or. en

Amendment 336
Maria Angela Danzì, Antoni Comín i Oliveres

Motion for a resolution
Paragraph 9 c (new)

Motion for a resolution

9c. **Calls on the Member States to strengthen capacity of schools and teachers to deal with mental health issues, increase the amount of psychological support services and individual tutoring in**
schools to provide students with safe spaces and more personal, non-conflictual relationships with their educators and improve mental health and counselling services in educational institutions and equip educators with awareness and sensitivity training;

Or. en

Amendment 337
Nicolae Ţeţeşniţă on behalf of the Verts/ALE Group

Motion for a resolution
Paragraph 9 c (new)

Motion for a resolution

9c. Notes that individuals with mental health challenges face barriers in accessing healthcare services, practicing preventive behaviours, and adhering to treatments, amplifying neglect of physical health and intensifying NCD vulnerability. The commonly reduced motivation and energy associated with mental health issues further hinder engagement in physical activities and adoption of healthy lifestyles.

Or. en

Amendment 338
João Pimenta Lopes

Motion for a resolution
Paragraph 9 c (new)

Motion for a resolution

9c. Calls on the Member States, therefore, to equip psychiatric and mental health services with more staff, such as psychiatrists, general practitioners,
paediatricians, mental health nurses, psychologists, social workers and rehabilitation professionals, who should be employed where local populations and areas need them the most, thereby remedying apparent staff shortages;

Or. pt

Amendment 339
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 9 c (new)

Motion for a resolution

Amendment

9c. Recommends that Member States ensure availability of low threshold access interventions (social care), care pathways and high quality accessible psychological first aid;

Or. en

Amendment 340
João Pimenta Lopes

Motion for a resolution
Paragraph 9 d (new)

Motion for a resolution

Amendment

9d. Believes that primary healthcare should play a more prominent role in the treatment of patients with mental health conditions in order to increase visibility among the general public and ensure that patients can better avail themselves of such care; stresses the need, to this end, for primary healthcare to be suitably well-equipped with expert mental health professionals such as psychologists and specialised psychiatric nurses, in
particular in the most deprived regions, and to focus on community-led responses;

Amendment 341
Maria Angela Danzì, Antoni Comín i Oliveres

Motion for a resolution
Paragraph 9 d (new)

Motion for a resolution
Amendment

9d. emphasises that WHO recognises suicide as a public health priority; calls on the Commission and Member States to implement WHO evidence-based interventions in the Suicide Prevention Programmes by limiting access to the means of suicide, interacting with the media for responsible suicide communication, promoting social-emotional competencies of adolescents, and early identification, assessment, management and follow-up of anyone affected by suicidal behaviour;

Amendment 342
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 9 d (new)

Motion for a resolution
Amendment

9d. Calls on the Member States to strengthen Psychological, Psychiatric and Social Security services and the cooperation among these services, as well as promote consistent capacity building and training opportunities for staff in their national health systems; Suggests
that cross-speciality training for all professionals is explored in order to better understand the relationship between physical and mental health;

Or. en

Amendment 343
Nicolae Ștefănuță
on behalf of the Verts/ALE Group

Motion for a resolution
Paragraph 9 d (new)

Motion for a resolution

Amendment

9d. Highlights the need to integrate adequate psychological support as a key component of chronic disease care, due to high prevalence of mental health complications in people living with chronic conditions;

Or. en

Amendment 344
Maria Angela Danzì, Antoni Comín i Oliveres

Motion for a resolution
Paragraph 9 e (new)

Motion for a resolution

Amendment

9e. Urges the Member States to incorporate more specialists – psychologists and psychiatrists – in primary care centres, increase the frequency of follow-up visits in mental health centres, whether for adults or child and youth mental health, open new specialised devices (e.g., in dual pathology or in adapted treatment of the homeless population);

Or. en
Amendment 345
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 9 e (new)

Motion for a resolution
Amendment

9e. Notes that integrated and multi-sectoral mental health services in collaboration with educational, judicial, healthcare, and social security systems are highly valuable both for citizens, governments and society in general;

Or. en

Amendment 346
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 9 f (new)

Motion for a resolution
Amendment

9f. Calls on the Member States to develop mental health literacy programmes, to enable citizens to recognise mental health conditions and to seek available professional help when in need;

Or. en

Amendment 347
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 9 g (new)
Motion for a resolution

Amendment

9g. **Underlines the importance of mental health care being truly accessible for all, taking into account the specific needs of certain societal groups, such as people with disabilities, children and the elderly;**

Or. en

Amendment 348
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph 10

Motion for a resolution

10. Considers that mental health conditions **are underdiagnosed in the EU;**

Amendment

10. **Underlines the importance of early diagnosis and intervention for mental health problems, access to controlled medicines while preventing their diversion, hazardous overmedication or self-medication and considers that the current state of under-, late- and misdiagnosis of mental health conditions need urgent attention; underlines that every diagnosis must be individual, adapted to the person and that every mental health condition is different for each person; reminds that every diagnosis and treatment must be patient-centred;**

Or. en

Amendment 349
Nicolae Ștefanuță
on behalf of the Verts/ALE Group

Motion for a resolution
Paragraph 10
10. Considers that mental health conditions are underdiagnosed in the EU; especially among healthcare professionals; recommends the Commission to make a mental health epidemiological assessment or study;
Amendment 352
Stelios Kypouropoulos, Sara Skyttedal, Tomislav Sokol, Cindy Franssen

Motion for a resolution
Paragraph 10 a (new)

Motion for a resolution Amendment

10a. Calls for better collaboration and exchange of information between private and public mental healthcare services in the Member States;

Amendment 353
Dolors Montserrat

Motion for a resolution
Paragraph 11

Motion for a resolution Amendment

11. Underlines the importance of early diagnosis and intervention for mental health conditions; highlights the need to provide early access to management programmes for people with a high risk of developing mental health or associated chronic conditions, to serve as preventive programmes;

Amendment 354
Nicolae Ștefănuță
on behalf of the Verts/ALE Group

Motion for a resolution
Paragraph 11

Motion for a resolution

11. Underlines the importance of early diagnosis and intervention for mental health conditions;

Amendment

11. Underlines the importance of early diagnosis and intervention for mental health conditions; *Encourages Member States to adopt mental health first aid training programs on large scale to equip individuals with the knowledge and skills to recognize and respond to mental health crises.*

Or. en

Amendment 355
Tudor Ciuhodaru

Motion for a resolution
Paragraph 11

Motion for a resolution

11. Underlines the importance of early diagnosis and intervention for mental health conditions;

Amendment

11. Underlines the importance of early diagnosis and intervention for mental health conditions, *with a focus on teenagers, young people and people from disorganised families at risk of social exclusion once diagnosed with such conditions;*

Or. ro

Amendment 356
Maria Angela Danzi, Antoni Comín i Oliveres

Motion for a resolution
Paragraph 11

Motion for a resolution

11. Underlines the importance of early diagnosis *and* intervention for mental health conditions;

Amendment

11. Underlines the importance of *recognition* early diagnosis, intervention *and constant monitoring* for mental health conditions;
Amendment 357
Stanislav Polčák

Motion for a resolution
Paragraph 11

11. Underlines the importance of early diagnosis and intervention for mental health conditions;

11. Underlines the importance of early diagnosis and intervention for mental health conditions, especially for children and adolescents;

Amendment 358
Aurélia Beigneux, Mathilde Androuët, Catherine Griset

Motion for a resolution
Paragraph 11 a (new)

11a. Recommends greater use of screening tools to improve the diagnosis of mental health needs, such as the use of screening to detect psychological distress among cancer patients;

Amendment 359
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph 11 a (new)

11a. Recognises that many mental health needs are unmet. Underlines the
importance of identifying these needs at their onset. Early intervention may prevent these risks from escalating, with also potential benefits in terms of healthcare system costs;

Or. en

Amendment 360
Maria Angela Danzì, Antoni Comín i Oliveres

Motion for a resolution
Paragraph 11 a (new)

Motion for a resolution
Amendment

11a. urges Member States to invest in early intervention and maternal mental health services, including prevention, screening and support programmes for all women, including refugee and undocumented migrant women and women faced ill-treatment, sexual abused;

Or. en

Amendment 361
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 a (new)

Motion for a resolution
Amendment

11a. Highlights the importance of providing early access to care for people with a high risk of developing or associated with chronic conditions, in order to prevent mental health conditions in this vulnerable population;

Or. en
Amendment 362
João Pimenta Lopes

Motion for a resolution
Paragraph 11 a (new)

11a. Highlights the need to strengthen community services, in conjunction with hospital services and public primary healthcare, in order to aid prevention, diagnosis and treatment;

Or. pt

Amendment 363
Susana Solís Pérez, Catherine Amalric, Frédérique Ries, María Soraya Rodríguez Ramos

Motion for a resolution
Paragraph 11 b (new)

11b. Encourages the consideration of both biomedical and psychosocial models of mental health in EU actions and initiatives hence ensuring a balanced approach, which recognizes the importance of both biological determinants and the impact of social and environmental factors on mental health;

Or. en

Amendment 364
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 b (new)
11b. Notes that evidence-based digital tools for mental health screening and early treatment can be of use where services are insufficient, but should be employed with care and appropriate regulation and cannot replace in-person services

Amendment 365
João Pimenta Lopes

Motion for a resolution
Paragraph 11 b (new)

Motion for a resolution
Amendment

11b. Emphasises that early intervention among children and adolescents is a key part of mental health prevention strategies, and that steps should be taken to promote coordination between schools and health facilities;

Amendment 366
Susana Solis Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph 11 c (new)

Motion for a resolution
Amendment

11c. Reminds the key role of the prevention of mental health within the digital space and social medias; calls on the Member States to fully implement the Digital Services Act in order to prevent, tackle and avoid any online hate and harassment, especially for young and vulnerable people, such as women; calls for the reinforcement of support, listening
and alert platforms for victims of gender-based and sexual violence; Calls on the Commission – primary regulator for very large online platforms and very large online search engines under the DSA – to move towards a safer and healthier digital space for all, by guaranteeing an upward convergence and setting the highest/safest benchmarks;

Or. en

Amendment 367
João Pimenta Lopes

Motion for a resolution
Paragraph 11 c (new)

Motion for a resolution

11c. Calls on the Member States to promote the recruitment of more psychologists in education (at least one for every 500 students) in order to render pre-, primary and secondary schools suitably well-equipped to cater to the particular needs of their community, and to ensure that these professionals feel valued in their careers, have secure positions and are guaranteed their rights;

Or. pt

Amendment 368
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brrglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 c (new)

Motion for a resolution

11c. Recalls the need for prevention at an early age via the education system, which can include mental health training
and guidelines for teachers, adequate access to psychology services in schools and higher education and investment in art and play in schools;

Amendment 369
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 d (new)

11d. Notes that there is a overuse of screening tools in some contexts such as in school settings, which at the expense of intervention uses up limited resources and creates further demands that cannot be satisfied 21a;

21a According to WHO report First meeting of the pan-European Mental Health Coalition: from debate to action

Amendment 370
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 e (new)

11e. Recognizes the potential of evidence-based parenting programmes (especially for new parents) which can help to promote responsive caregiving and child development, foster positive child-caregiver relationships, and support
parent and caregiver mental health, all of which are determinants for positive mental health throughout the life course;

Or. en

Amendment 371
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 f (new)

Motion for a resolution

Amendment

11f. Stresses the importance of the primary healthcare services on screening for mental health conditions and ensuring mental health early intervention, referring to specialised and multidisciplinary care and accompanying people with mental health conditions throughout their lifetime;

Or. en

Amendment 372
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 g (new)

Motion for a resolution

Amendment

11g. Calls on the Commission to propose wellbeing and good mental health and workplace related practices and minimum standards, in order to prevent mental ill-health consequences such as job burnout, bore-out syndrome, stress, harassment, violence, stigma, discrimination and limited possibilities for growth or promotion, as well as health literacy at work so that people seek proper
mental health services when needed;

Amendment 373
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Br glez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 h (new)

Motion for a resolution

11h. Calls on the Commission and the Member States to increase funding for training, capacity building and implementation of programmes focusing on the health workforce in order to better recognise early signs of concern and detection of mental health difficulties;

Amendment 374
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 i (new)

Motion for a resolution

11i. Calls on the Commission to promote the sharing of best practices on early diagnosis and referral from educational, judicial, healthcare and social security systems to mental health services with the Member States;

Amendment 375
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares,
Motion for a resolution
Paragraph 11 j (new)

11j. Stresses that suicides are preventable and effective interventions exist; Highlights that early identification and treatment of depression and treatment of substance related disorders are essential to reduce the suicide rate in countries by one third by 2030, as Member States committed themselves through the WHO Mental Health Action Plan 2013–2030 and the target 3.4 of the Sustainable Development Goals;

Amendment 376
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 k (new)

11k. Urges the Commission to support suicide prevention hotlines through finance, capacity building and exchange of best practices and considers that follow-up contact with those who have attempted suicide is part of the referral and support;

Amendment 377
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 a (new)

Motion for a resolution

11a. Considers it necessary that policies impacting, involving or regarding mental health are multidimensional and person-centred, recognizing diversity, cultural sensitivity and multiple intersectional needs;

Or. en

Amendment 378
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph 11 d (new)

Motion for a resolution

11d. Acknowledges people with mental health problems and psychosocial disabilities have the right to lead full and meaningful lives;

Or. en

Amendment 379
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, Andreas Glueck, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph 11 e (new)

Motion for a resolution

11e. Emphasizes the importance of adopting a recovery-oriented approach to mental health and psychosocial disabilities, ensuring that individuals are fully integrated into society and receive tailored, person-centred support; reminds the essential role of healthcare and
education professionals and the need to provide them with robust mental health training for better care from an early age, and at every stage of life;

Amendment 380
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brrglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 b (new)

Motion for a resolution Amendment

11b. Advocates for a meaningful cooperation with civil society and the communities they represent, experts and particularly persons with lived experience; Suggests that people with lived experience are included and integrated into all stages of policy-making working alongside decision-makers and key stakeholders in a non-tokenistic manner;

Amendment 381
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brrglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 c (new)

Motion for a resolution Amendment

11c. Considers that diagnostic tools should aim to be validated and sensitive to the population they are used on and culturally adapted to suit their customs and traditions;

Or. en
Amendment 382
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 d (new)

Motion for a resolution  Amendment

11d. Notes that the institutionalisation of individuals with mental health conditions has evolved from the traditional “asylums”; Reinforces that modern institutions, although improved, share the same characteristics as prisons with violations of human rights, deprivation of agency and aggravation of stigma, proportioning worsened mental health outcomes; Invites Member States to embrace the shift towards deinstitutionalization of people with mental health conditions, ensuring alternatives to psychiatric institutions are developed and equipped to receive institutionalised patients; Reinforces that psychiatric inpatient and outpatient services should comply with human rights regulations, recognizing the benefit these services can offer;

Or. en

Amendment 383
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 e (new)

Motion for a resolution  Amendment

11e. Cautions against the phenomenon of transinstitutionalization, where patients are transferred to institutions such as residential homes, forensic hospitals and
prisons following closure of traditional psychiatric institutions;

Amendment 384
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 11 f (new)

Motion for a resolution  Amendment

11f. Urges Member States to rethink the organisation of national health services and adapt the approach on mental health in line with the strategy for the rights of persons with disabilities 22a, by building and supporting community-based networks of interconnected services covering a broad spectrum of care within and beyond the health sector, and moving away from custodial care in psychiatric hospitals;

22a Communication from the Commission to the European Parliament, the Council, the European Economic and Social Committee and the Committee of the Regions - Union of Equality: Strategy for the Rights of Persons with Disabilities 2021-2030

Amendment 385
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, Andreas Glueck, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph 12
Motion for a resolution

12. Highlights the essential role of a multidisciplinary health workforce and the clinical, financial and organisational benefits of community-based healthcare;

Amendment

12. Highlights the essential role of a multidisciplinary health workforce and the clinical, financial and organisational benefits of community-based healthcare; **recognises the importance of ensuring suitable standards of training and regulation for mental health care providers**;

Or. en

Amendment 386
João Pimenta Lopes

Motion for a resolution
Paragraph 12

12. Highlights the essential role of a multidisciplinary health **workforce** and the clinical, financial and organisational benefits of community-based healthcare;

13. Calls on the Member States to improve access to treatment and support for mental health and associated chronic conditions by implementing multidisciplinary care;

Amendment 409
Stelios Kypouropoulos, Sara Skyttedal, Tomislav Sokol, Cindy Franssen
Motion for a resolution
Paragraph 13

13. Calls on the Member States to improve access to treatment and support for mental health conditions by implementing multidisciplinary care;

Amendment

13. Calls on the Member States to improve access to treatment and support for mental health and associated chronic conditions by implementing multidisciplinary care;

Amendment 410
Susana Solís Pérez, Catherine Amalric, Michal Wiezik, Frédérique Ries, María Soraya Rodríguez Ramos, Erik Poulsen

Motion for a resolution
Paragraph 13 a (new)

13a. Calls on the EU and the Member states to increase efforts to ensure more meaningful cooperation with civil society and the communities they represent, experts and particularly persons with lived experience; highlights holistic approaches to mental health prevention, support and services should be developed alongside affected communities, including meaningful involvement of people with psychosocial disabilities, through co-creation and in a non-tokenistic manner;

Amendment 411
Dolors Montserrat

Motion for a resolution
Paragraph 13 a (new)
13a. Highlights that mental health and associated chronic conditions, are best conceptualised as biopsychosocial experiences and therefore, patients need to have access to integrated care services involving multiple disciplines. When treated in isolation, the treatment of mental health conditions is less successful if patients also have associated chronic conditions, and vice versa;

Or. en

Amendment 412
Maria Angela Danzì, Antoni Comín i Oliveres

Motion for a resolution
Paragraph 13 a (new)

Motion for a resolution Amendment

13a. emphasises the need to reprioritise mental healthcare to be evidence-based and patient-first, a system that not only reduces mental illness via curative and rehabilitative care but also improves mental well-being via promotive and preventive care;

Or. en

Amendment 413
Maria Angela Danzì, Antoni Comín i Oliveres

Motion for a resolution
Paragraph 13 b (new)

Motion for a resolution Amendment

13b. Calls on the Member States to ensure access to psychological first aid, counselling and therapy in culturally sensitive contexts for children in the context of migration, regardless of residence status;
Amendment 414
Dolors Montserrat

Motion for a resolution
Paragraph 13 b (new)

Motion for a resolution

13b. Highlights the need to involve people with lived experiences of mental health conditions and illnesses featuring associated chronic conditions, in developing integrated services;

Amendment 419
Nicolae Ştefănuţă
on behalf of the Verts/ALE Group

Motion for a resolution
Paragraph 14 a (new)

Motion for a resolution

14a. Recognizes that caregivers and families of people with mental health problems and other NCDs may experience

Amendment

14a. Recognizes that caregivers and families of people with mental health problems and other NCDs may experience
mental health challenges themselves due to the demands of caregiving. Urges Member States to establish mental health support programs specifically designed for caregivers, including counselling, respite care, and peer support groups. Emphasizes the need for accessible crisis intervention and helpline services for families and caregivers who may require immediate support when dealing with mental health emergencies or crises.

Amendment 420
Pernille Weiss

Motion for a resolution
Paragraph 14 a (new)

14a. Acknowledges the positive effects on mental health and well-being of engagement with art and culture initiatives; highlights that this is especially important for children and young people as art and culture is of fundamental importance for the development of the individual identity and overall well-being in a young age;

Amendment 421
Sara Cerdas, Estrella Durá Ferrandis, Radka Maxová, Nicolás González Casares, Alessandra Moretti, István Ujhelyi, Milan Brglez, Marcos Ros Sempere

Motion for a resolution
Paragraph 14 a (new)

14a. Recommends the use of task-sharing and task-shifting initiatives such
as the Mental Health Gap Action Programme (mhGAP) to equip non-specialised health service providers with the tools to support people with mental health conditions, particularly in outermost, rural and regions of difficult access;

Amendment 422
Nicolae Ștefănuță
on behalf of the Verts/ALE Group

Motion for a resolution
Paragraph 14 b (new)

14b. Highlights that effective NCD mitigation demands the integration of mental health support within chronic disease management initiatives, including psychological counselling and support groups, enhancing treatment adherence and overall well-being for those dealing with chronic conditions and their family. Underlines that mental health interventions should encompass strategies that address lifestyle-related factors contributing to NCD risk, educating individuals on healthy stress management, anxiety coping, and depression prevention to mitigate harmful behaviours.
