for Question Time at the part-session in September 1999
pursuant to Rule 43 of the Rules of Procedure
by Fernando Pérez Royo
to the Council

Subject: Future of the fleet fishing in Morocco

It is surprising that, with the fisheries agreement with Morocco due to expire in two months' time, the Council has still not given the Commission a mandate to negotiate a new agreement or to extend the existing one.

What steps does the Council intend to take, given that the aforementioned agreement expires in November?
