

ORAL QUESTION H-0608/00
for Question Time at the part-session in September 2000
pursuant to Rule 43 of the Rules of Procedure
by Mary Honeyball
to the Commission

Subject: Sources of clean energy production

Given the insecurity and limitations of importing natural gas, from Russia and North Africa for example, has the Commission given consideration to the diversification of sources of clean energy production, such as the further development of 'clean coal' technology?
