for Question Time at the part-session in October I 2001  
pursuant to Rule 43 of the Rules of Procedure  
by Reinhold Messner  
to the Commission

Subject: Alpine Convention - the environmentally sensitive Pan-Alpine region

In its sections on the environment and transport, the Alpine Convention provides a definition of the environmentally sensitive Pan-Alpine region.

In the Commission's estimation, does that definition - and the transport policy objectives thereby pursued - also form part of EU transport policy for this environmentally sensitive region?
