

ORAL QUESTION H-0864/03
for Question Time at the part-session in February 2004
pursuant to Rule 43 of the Rules of Procedure
by Chris Davies
to the Commission

Subject: Bavarian Lager Company

Does the Commission appreciate that its rejection of the demands by the European Ombudsman and the European Parliament for it to provide details to Mr Andrew Ronnan, of the former Bavarian Lager Company, regarding which representatives of major European drinks manufacturers were present at the meeting held in October 1996 to discuss the Guest Beer Provision, creates the impression that it cares not a jot for the principle of transparency and has something to hide?
