

ORAL QUESTION H-0676/06  
for Question Time at the part-session in September I 2006  
pursuant to Rule 109 of the Rules of Procedure  
by Teresa Riera Madurell  
to the Commission

Subject: Construction of two motorways in Ibiza

In reply to Question P-2048/06 concerning the serious incidents which are occurring in Ibiza (Balearic Islands - Spain) as a consequence of the implementation of a major motorway project which could infringe Community environment law, the Commission said that it would instruct the Spanish authorities to carry out a thorough investigation into what is going on. A number of citizens' associations have also reported the infringements to the Commission and have been told that an official procedure has been launched.

Has the Commission received any reply yet from the Spanish Government? What exactly is an 'official procedure' and when will the outcome thereof be known?
