

ORAL QUESTION H-0398/08
for Question Time at the part-session in June 2008
pursuant to Rule 109 of the Rules of Procedure
by Leopold Józef Rutowicz
to the Council

Subject: Rising energy and fuel prices

Energy and fuel prices are rising sharply on EU markets. At the same time, electricity and fuel companies are increasing their profits. All the indications are that the current trend towards higher prices will continue.

What measures have been taken to curb the price rises, which particularly affect EU citizens on lower incomes and small and medium-sized enterprises?
