Subject: Creation of an EU commission of inquiry to investigate violations of international humanitarian law by Israel in Gaza

The United Nations Human Rights Council has decided to send a fact-finding mission to investigate violations of international humanitarian law by the occupying power, Israel, against the Palestinian population during the recent war in Gaza.

Does the Commission intend proposing that the European Union set up a fact-finding mission to investigate violations of international humanitarian law in the territory of Gaza during the war that started on 27 December 2008?
