Amendment 390
Daniel Buda

Proposal for a regulation
Recital 4

Text proposed by the Commission

(4) The European Parliament, the Council and the Commission subsequently agreed on a new framework for delegated acts in the Interinstitutional Agreement on Better Law-Making of 13 April 2016²⁰ and acknowledged the need to align all existing legislation to the legal framework introduced by the Lisbon Treaty. In particular, they agreed on the need to give high priority to the prompt alignment of all basic acts which still refer to the regulatory procedure with scrutiny. The Commission gave a commitment to prepare a proposal for that alignment by the end of 2016.

Amendment

(4) The European Parliament, the Council and the Commission subsequently agreed on a new framework for delegated acts in the Interinstitutional Agreement on Better Law-Making of 13 April 2016²⁰ and acknowledged the need to align all existing legislation to the legal framework introduced by the Lisbon Treaty. In particular, they agreed on the need to give high priority to the prompt alignment of all basic acts which still refer to the regulatory procedure with scrutiny. ***The Interinstitutional Agreement, and more specifically the Common Understanding on delegated acts annexed thereto, is helping to improve the framework for delegated acts by providing for a clear commitment to systematic consultation of experts from the Member States in the preparation of delegated acts, including the draft text, and is hence fulfilling a key condition for the success of the second attempt to align the old RPS provisions with the Lisbon Treaty.*** The Commission gave a commitment to prepare a proposal for that alignment by the end of 2016.

Justification

It is appropriate to establish certain reporting to the Parliament and the Council as regards the preparation of draft international accounting standards. This would be in line with requests by Parliament (Stolojan report) and the text agreed in Article 9(6a) of the EFRAG Financing report.

Amendment 590

Roberto Gualtieri

on behalf of the Committee on Economic and Monetary Affairs

Proposal for a regulation

Annex I – part VIII – point 80 – paragraph 1

Text proposed by the Commission

In order to adapt Directive 2009/110/EC to take account of inflation or technological and market developments, *and to ensure a convergent application of certain exemptions set out in that Directive, the power to adopt acts in accordance with Article 290 of the Treaty should be delegated to the Commission to amend that Directive. It is of particular importance that the Commission carry out appropriate consultations during its preparatory work, including at expert level, and that those consultations be conducted* in accordance with the principles laid down in the *Interinstitutional Agreement on Better Law-Making of 13 April 2016. In particular, to ensure equal participation in the preparation* of delegated acts, *the*

Amendment

Directive 2009/110/EC *includes in Article 14 an empowerment for the Commission to adopt measures which are necessary to update the provisions of the Directive "in order to take account of inflation or technological and market developments" in accordance with the regulatory procedure with scrutiny. Such empowerment, if adapted to an empowerment for the adoption of delegated acts without further changes, would not satisfy the requirements of Article 290 TFEU regarding the necessary specification of objectives, content and scope of the delegation of power. Taking into account the fact that the Commission has not used the empowerment to date, it should be deleted.*

European Parliament and the Council receive all documents at the same time as Member States' experts, and their experts systematically have access to meetings of Commission expert groups dealing with the preparation of delegated acts.

Or. en

Justification

Explanation why the empowerment in this Directive is deleted entirely.
