

WRITTEN QUESTION P-3212/00
by Hans Kronberger (NI)
to the Commission

Subject: Take-off campaign on renewable energy

The Commission has issued a 'Take-off Campaign' to accompany its White Paper entitled 'Energy for the Future: Renewable Sources of Energy'.

What measures have been taken to implement this take-off campaign?

What progress has been made in putting the take-off campaign into practice?

Is there any ongoing supervision of its implementation?

Has a system been devised and applied for monitoring implementation of the campaign?
