

WRITTEN QUESTION P-1521/02
by Ioannis Averoff (PPE-DE)
to the Commission

Subject: Environmental effects of the construction of hydroelectric projects in the Epirus area

In its answer to my question P-3174/01 (13 November 2001)¹ concerning the environmental effects of the construction of hydroelectric projects in the Epirus area, the Commission states that it would send a letter to the Greek authorities requesting information, in the light of which it would examine the alleged incompatibility of the projects with a number of Community provisions.

What was the Greek authorities' answer and what was the Commission's assessment thereof?
