

WRITTEN QUESTION P-2158/03
by Danielle Darras (PSE)
to the Commission

Subject: Sub-contracting, EU funding and Isbergue

The author of this question has duly noted the reply of 6 June 2003 which she has received from Mrs Diamantopoulou (on behalf of the Commission) in respect of her question P-1696/03¹, but she would like to request further information: namely, can the Commission object to the restructuring envisaged on the Isbergue site if EU funding is received either by Arcelor or by the companies with which Arcelor has sub-contracting arrangements?
