

WRITTEN QUESTION P-3652/03
by Dana Scallon (PPE-DE)
to the Commission

Subject: Stem cells and stem-cell lines

- Has the Commission funded the production of any stem cells and stem-cell lines? How many projects were funded? In which countries? How much money was spent?
- How many embryos were used to create the two stem-cell lines in the UK and the seven stem-cell lines in Sweden?
- Does this represent the total number of stem cell lines created in Europe since 27 June 2002?
- Has the European Commission funded the import of any embryonic stem cells or embryonic stem cell lines? How many have been imported? How much did they cost?
