

WRITTEN QUESTION P-1040/04
by Enrico Ferri (PPE-DE)
to the Commission

Subject: Requirements for entry in the studbook, transposition of Community legislation

Further to my parliamentary question of 27 October 2003 and the Commission's answer (P-3312/03¹), it is important to point out that the question concerns a matter falling within the sphere of competence not only of DG SANCO but also of DG MARKT, in addition to the fact that the Commission has merely replied that it was not aware of the problem and has not expressed its views on the substance of the matter.

Will the Commission, represented by Commissioner Byrne and Commissioner Bolkestein, indicate what steps have been taken to check whether the Community legislation relating to the sector has been properly and adequately transposed?

Has the Commission checked whether the existence of the assessment committee which I referred to is admissible?
