

WRITTEN QUESTION P-0334/05
by Mechtild Rothe (PSE)
to the Commission

Subject: Renewable energy in the 5th and 6th Framework Programme

With reference to pages 14 to 16 of Official Journal C 303 of 24 October 2000 and to Part B of the Work Programme update published in August 2001 with regard to the energy environment and sustainable development component of the Fifth Framework Programme for Research, how much did the Commission spend, or is it spending, on each of the individually listed Target Actions (A to L). If this figure is not available, then, with reference to Table 3 of the same Work Programme, how much did the Commission spend, or is it spending, on each of the budget subheadings in the third column of the Table, 5.1.1 to 6.6.3.

Will the Commission also indicate how much money has, to date, been allocated to each broad energy technology category (i.e. photovoltaics, biomass, wind, etc.) under the 'Sustainable Energy Systems' budget line of the 6th Framework Programme for Research.
