

WRITTEN QUESTION P-2872/05
by Giorgos Dimitrakopoulos (PPE-DE)
to the Commission

Subject: Nominalisation of media company shares

What is the reason for the Commission's haste in forwarding a further letter of formal notice to Greece on the matter of the nominalisation of media company shares, given that one piece of legislation (Law 3310/2005) has already been withdrawn and the existing legal framework (Laws 2328/1995 and 1746/1998) has already been amended by the new bill, already forwarded for the attention of the Commission which, has yet to deliver any comment on it?
