

WRITTEN QUESTION P-4904/08
by Iratxe García Pérez (PSE)
to the Commission

Subject: Renewable energy sources in Castilla y León

In its reply of 12 May 2006 to my Question P-1650/06, the Commission said that it was examining whether Directive 2001/77/EC¹ on the promotion of electricity from renewable energy sources was being properly implemented in Castilla y León.

Will the Commission say what the outcome of its examination was?
