to the Commission

Subject:            Ranking list of banks and credit institutions

Further to the recent proposal to revise bank capital requirements (revision of Directives 2006/48/EC<sup>1</sup> and 2006/49/EC<sup>2</sup>), will the Commission also provide the public with a ranking list of all banks and credit institutions and the relationship between their lending and securities with reference to their overall obligations in respect of their total own funds?

Will the Commission take steps to ensure that this information is published on an ongoing basis for each bank on a common webpage?

The information should include:

- borrowing and lending rates of interest,
