

WRITTEN QUESTION P-0688/09  
by Chris Davies (ALDE)  
to the Commission

Subject: EU-Israel Association Agreement

In view of the 22 days of military action directed by Israel in December 2008 and January 2009 against the largely defenceless civilian population of Gaza, the loss of 1 200 Palestinian lives, including more than 300 children, and the targeting of UN shelters, of flour mills and factories, of water and sewage works, and of many buildings constructed with the use of EU funds, will the Commission explain why it has not suspended the EU-Israel Association Agreement?
