Rule 130
Bogusław Liberadzki (S&D)

Subject: Director-General of OLAF

The College has waived the immunity of the OLAF Director-General for an act of investigation that he performed in the exercise of his duties.

Could the Commission explain:

1. if it is true that during this period VP Georgieva or other Commission representatives tried to pressure the OLAF DG to resign from his post in exchange for other posts;

2. if any Member of the College has received external pressure (e.g. in the form of letters/notes from MEPs and/or former Commissioners) to waive the immunity;

3. if the College was aware and duly informed of attempts as described in points 1 and 2 above, as well as of the lengthy process which led to the decision to waive the Director-General’s immunity.
