

**Question for written answer P-007362/2017
to the Commission**

Rule 130

Josef Weidenholzer (S&D)

Subject: Directive 2001/55/EC

Why has Directive 2001/55/EC not yet been applied?

What conditions would have to be met in order for the Commission to decide that a 'mass influx' was occurring?

Is a revision of Directive 2001/55/EC planned?
