Subject: VP/HR - EU engagement towards Israel and Palestine

In September 2017, VP/HR Federica Mogherini announced the launch of a review process concerning the EU's engagement towards Israel and Palestine.

In this framework:

Could the VP/HR define the objectives of the review process and the aspects of our engagement that the VP/HR wants to review?

How can the EU review its engagement in order to foster the two-state solution which is jeopardized on the ground?

To what extent does the VP/HR intend to include the European Parliament in this process?
