

**Question for written answer P-004620/2018
to the Commission**
Rule 130
Brian Hayes (PPE)

Subject: The EU School Fruit, Vegetables and Milk Scheme

The Commission has allocated EUR 250 million for the School Fruit, Vegetables and Milk Scheme, a programme which aims to promote healthy eating habits among primary school children.

Would the Commission consider broadening the scope of this scheme to include early years service providers, so children are exposed to these food groups at pre-school?
