

**Priority question for written answer P-000252/2020
to the Commission**

Rule 138

Marian-Jean Marinescu (PPE)

Subject: Sibiu-Pitești motorway

The Sibiu-Pitești motorway is Romania's biggest highway project and a major route on the Rhine-Danube corridor. According to the latest deployment strategies published by the Romanian National Road Infrastructure Management Company (Compania Națională de Administrare a Infrastructurii Rutiere din România) the motorway is to be constructed in three phases.

Can the Commission supply clear and comprehensive information on the state of play with this project?
