Rule 138

Maxette Pirbakas (ID)

Subject: European Maritime and Fisheries Fund (EMFF) and its effects

Is the support which is provided under the EMFF in any way monitored so as to determine whether the aid intended for fishermen in Guadeloupe, Martinique, French Guiana, Réunion and Mayotte is actually allocated.

How many fishermen in mainland France and in its outermost departments (Guadeloupe, Martinique, French Guiana, Réunion and Mayotte) benefit from it?
