Rule 138
Cindy Franssen (PPE)

Subject: Monitoring Regulation (EU) 2020/1054 on driving times and rest periods

The mobility package was adopted in 2020. One of the key issues of the package was the new rules on minimum requirements for maximum daily and weekly driving times, minimum breaks and daily and weekly rest periods, as laid down in Regulation (EU) 2020/1054.

1. The new rules have been in force throughout the European Union since 20 August 2020. Can the European Commission provide an overview of the number of checks carried out in the Member States?
2. Is the European Commission planning an awareness-raising campaign to publicise the new regulations in the transport sector?
3. What measures does the European Commission plan to take to encourage coordination between the Member States with regard to enforcement of the new rules?
