

**Priority question for written answer P-000506/2023
to the Commission**

Rule 138

Marcel Kolaja (Verts/ALE)

Subject: Digital Services Act – transparency obligation

Does the Commission believe that the transparency reporting obligations to which very large online platforms are subject under Regulation (EU) 2022/2065 (Digital Services Act) are sufficient to enable restrictions on the freedom and pluralism of the media to be identified and, pursuant to Article 35 of that regulation, effectively mitigated?
