

**Priority question for written answer P-002410/2023
to the Commission**

Rule 138

Rasmus Andresen (Verts/ALE)

Subject: Mutual recognition of EU Member State parking discs

Citing Germany's Highway Code, the city of Flensburg has banned the use of parking discs issued in the neighbouring country of Denmark.

1. Is the Commission aware of other cases in point, for instance in other German border regions or in other EU Member States, where authorities do not recognise other EU Member States' parking discs?
2. Does the Commission consider that there must be mutual recognition of EU Member State parking discs in order to ensure cross-border mobility and guarantee fundamental freedoms in the EU?
