Proposal for a regulation
Recital 5 a (new)

Text proposed by the Commission

(5 a) In accordance with Article 3 of Regulation (EU) 2019/473, the mission of the European Fisheries Control Agency (EFCA) is, inter alia, to assist Member States in reporting information on fishing activities and control and inspection activities to the Commission and third parties, and to assist in the uniform implementation of the operational coordination of control activities by Member States for the implementation of specific control and inspection programmes, control programmes related to IUU fishing and international control and inspection programmes. EFCA shall also, at the Commission’s request, assist the Union and Member States in their relations with third countries and regional international fisheries organisations of which the Union is a member, in accordance to Article 4 of the same Regulation. It is therefore appropriate for EFCA to be the body that receives from Member States and transmits to the IOTC Secretariat information relating to control and inspection, IUU fishing fight, such as inspection reports and notifications of the control observers scheme.

Proposal for a regulation
Article 15 – paragraph 2

Text proposed by the Commission

2. Union fishing vessels shall, to the extent possible, promptly release unharmed unwanted shark species caught alive on board of vessels, with exception of blue sharks.

Amendment

2. Union fishing vessels shall, to the extent possible, promptly release all shark species caught, with exception of blue sharks.

Or. en

Justification

Many of the shark species in IOTC waters are data deficient, so we cannot tell if they are endangered or not. However, due to their slow life history and fecundity all need to be considered vulnerable to overexploitation. Catches should be minimised for all species.

Proposal for a regulation
Article 29 – paragraph 1 a (new)

Text proposed by the Commission

1 a. Member States with vessels fishing for yellowfin tunas in the Area shall, using the appropriate IOTC report template, submit to the Commission by 1st February of each year a list of all fishing vessels flying their flag which have fished for yellowfin tuna in the Area during the previous year.

Amendment

1 a. Member States with vessels fishing for yellowfin tunas in the Area shall, using the appropriate IOTC report template, submit to the Commission by 1st February of each year a list of all fishing vessels flying their flag which have fished for yellowfin tuna in the Area during the previous year.

Or. en

Justification

This year Annual Meeting of the IOTC adopted a measure for the yellowing tuna, adding a reporting duty to the Union/CPs that is not part of the Commission's proposal. This measure will be published by the IOTC after 120 days from the adoption, if there is no objection and it should enter into force.
