**Motion for a resolution**

## Recital A

### *Motion for a resolution*

A. whereas given that the European Parliament has already expressed its views on several specific features of the CFP, it is appropriate to ***mainly focus hereafter on the conservation of marine biological resources and the management of fisheries under the CFP***;

### *Amendment*

A. whereas given that the European Parliament has already expressed its views on several specific features of the CFP, it is appropriate to ***keep a balance between the 3 pillars of sustainability, not just the environmental dimension, and to address gaps in the social dimension of the CFP***;

Or. en

## Amendment 34

**Gabriel Mato, Francisco José Millán Mon, Cláudia Monteiro de Aguiar**

### **Motion for a resolution**

#### **Recital A a (new)**

### *Motion for a resolution*

### *Amendment*

***A a. whereas Article 39 of the TFEU requires that the CFP, in all its areas, and notably the conservation of marine biological resources, must among others, ensure a fair standard of living for the fishing community and assure availability of supplies (food security); whereas Article 11 TFEU also stipulates that “environmental protection requirements must be integrated into the definition and implementation of the Union's policies and activities, in particular with a view to promoting sustainable development”;***

Or. en

## Amendment 35

**Gabriel Mato, Francisco José Millán Mon, Cláudia Monteiro de Aguiar**

### **Motion for a resolution**

#### **Recital A b (new)**

### *Motion for a resolution*

### *Amendment*

*A b. whereas achieving conservation of exploited stocks and the environmental objectives of the CFP at large would not be sufficient to conclude that the CFP has succeeded;*

Or. en

**Amendment 36**

**Gabriel Mato, Francisco José Millán Mon, Cláudia Monteiro de Aguiar**

**Motion for a resolution**

**Recital A c (new)**

*Motion for a resolution*

*Amendment*

*A c. whereas the CFP must also contribute to the supply of sustainable food to the Union market and to reducing the Union market's dependence on food imports;*

Or. en

**Amendment 37**

**Gabriel Mato, Francisco José Millán Mon, Cláudia Monteiro de Aguiar**

**Motion for a resolution**

**Recital A d (new)**

*Motion for a resolution*

*Amendment*

*A d. whereas food security is one of the Sustainable Development Goals; whereas fish protein has an extraordinary strategic value, essential for food security; whereas capture fisheries are among the lowest impact systems for the production of animal protein;*

Or. en

**Amendment 38**

**Gabriel Mato, Francisco José Millán Mon, Cláudia Monteiro de Aguiar**

**Motion for a resolution**  
**Recital A e (new)**

*Motion for a resolution*

*Amendment*

*A e. whereas the need to produce more food from the oceans is identified by the European Commission as a strategic objective; whereas a report by the High Level Scientific Group in 2017, appointed by the then Commissioner Karmenu Vella, recommends to “mainstream a ‘food from the ocean’ paradigm of responsible culture and capture into broad EU and global systems-level policy agendas”;*

**Gabriel Mato, Francisco José Millán Mon, Cláudia Monteiro de Aguiar**

**Motion for a resolution**

**Recital A g (new)**

*Motion for a resolution*

*Amendment*

***A g. whereas the objectives of ensuring food supply from EU fisheries and of assuring a fair standard of living need to be more present in decision making;***

Or. en

**Amendment 41**

**Gabriel Mato, Francisco José Millán Mon, Cláudia Monteiro de Aguiar**

**Motion for a resolution**

**Recital A h (new)**

*Motion for a resolution*

*Amendment*

***A h. whereas public perception of the fishing sector is often still described through negative stereotypes about fishing activity on marine life, despite the sector's efforts, successes and continued willingness to improve fisheries sustainability; whereas this eventually produces important impacts on coastal communities, notably by negatively influencing seafood consumption pattern and job attractiveness in an EU fishing sector also facing a huge challenge in generational renewal;***

Or. en

**Amendment 42**

**Gabriel Mato, Francisco José Millán Mon, Cláudia Monteiro de Aguiar**

**Motion for a resolution**

**Recital A i (new)**

*Motion for a resolution*

*Amendment*

***A i. whereas, while the Commission regularly publishes ex-post analysis on the economic situation of the EU fishing***

*fleets, its initiatives for strategies or legislation related to fisheries management often lack a proper ex-ante socioeconomic assessment;*

Or. en

**Amendment 43**

**Francisco José Millán Mon, Gabriel Mato**

**Motion for a resolution**

**Recital A a (new)**

*Motion for a resolution*

*Amendment*

*Aa. whereas the European Union should promote the objectives of the CFP internationally, establishing a level playing field and cooperating with third countries and international organisations in order to improve compliance with international rules, including measures to tackle illegal, unreported and unregulated fishing, on the basis of the best available scientific knowledge;*

Or. es

**Amendment 44**

**Peter van Dalen, Annie Schreijer-Pierik**

**Motion for a resolution**

**Recital A a (new)**

*Motion for a resolution*

*Amendment*

*Aa. whereas fishing makes an indispensable contribution to food security in the Union;*

Or. nl

**Amendment 46**  
**Carmen Avram, Isabel Carvalhais**

**Motion for a resolution**  
**Recital A a (new)**

*Motion for a resolution*

*Amendment*

***A a.    whereas the CFP includes the objectives of ensuring "that fishing and aquaculture activities are environmentally sustainable in the long-term and are managed in a way that is consistent with the objectives of achieving economic, social and employment benefits, and of contributing to the availability of food supplies" and mentions the objectives of implementing "the ecosystem-based approach to fisheries management so as to ensure that negative impacts of fishing activities on the marine ecosystem are minimised", of contributing "to a fair standard of living for those who depend on fishing activities, bearing in mind coastal fisheries and socio-economic aspects" and of promoting "coastal fishing activities, taking into account socio-economic aspects";***

Or. en

**Amendment 47**

**Carmen Avram, Isabel Carvalhais**

**Motion for a resolution**

**Recital A j (new)**

*Motion for a resolution*

*Amendment*

***A j. whereas EU fisheries is a strategic sector of the Union, providing a significant number of direct and indirect jobs in fishing and coastal areas, ensuring food security and maintaining a sustainable economy by linking employment and people's livelihoods to the territory and to the maintenance of cultural traditions;***

Or. en

**Amendment 48**

**Carmen Avram, Isabel Carvalhais**

**Motion for a resolution**

**Recital A l (new)**

*Motion for a resolution*

*Amendment*

***A l. whereas fishing makes an indispensable contribution to the Union's food security;***

Or. en

**Amendment 49**

**Carmen Avram, Isabel Carvalhais**

**Motion for a resolution**

**Recital A m (new)**

*Motion for a resolution*

*Amendment*

***A m. whereas fishing creates jobs both at sea and on land; whereas some regions rely on landings happening locally to ensure the viability of many businesses and to maintain lively coastal***

*communities;*

**Amendment 50**

**Pierre Karleskind, Asger Christensen, Catherine Chabaud, Izaskun Bilbao Barandica**

**Motion for a resolution**

**Recital A a (new)**

*Motion for a resolution*

*Amendment*

***Aa. whereas the ocean must be recognised as a common good of humanity in the international negotiations under the auspices of the United Nations;***

Or. fr

**Amendment 51**

**Pierre Karleskind, Asger Christensen, Catherine Chabaud**

**Motion for a resolution**

**Recital A b (new)**

*Motion for a resolution*

*Amendment*

***Ab. whereas the common fisheries policy (CFP) seeks to ensure that fishing and aquaculture activities are environmentally viable in the long term and are managed in a way that is consistent with the objectives of achieving economic, social and territorial benefits that support employment;***

Or. fr

**Amendment 52**

**Catherine Chabaud, Pierre Karleskind, Asger Christensen**

**Motion for a resolution**

**Recital A b (new)**

*Motion for a resolution*

*Amendment*

***A b. whereas generational renewal depends on the attractiveness of the sector and that younger generations aspire to work in sustainable and profitable sectors;***

Or. en

**Amendment 53**  
**João Pimenta Lopes**

**Motion for a resolution**  
**Recital A a (new)**

*Motion for a resolution*

*Amendment*

***Aa. whereas in defining a fisheries policy, in addition to essential environmental objectives relating to the conservation of fishery resources, social and economic objectives must also be considered, as they have been neglected, particularly in the case of small-scale fishing;***

Or. pt

**Amendment 54**  
**João Pimenta Lopes**

**Motion for a resolution**  
**Recital A c (new)**

*Motion for a resolution*

*Amendment*

***Ac. whereas marine resources are a common public asset that cannot be privatised;***

Or. pt

**Amendment 55**  
**João Pimenta Lopes**

**Motion for a resolution**  
**Recital A d (new)**

*Motion for a resolution*

*Amendment*

*Ad. whereas there is a need to determine a fishery resource management policy that upholds collective access to fishery resources, is based primarily on their biological aspects and amounts to a fisheries co-management system that takes account of the specific conditions of fishery resources and the respective sea areas, with the effective participation of those working in the sector;*

Or. pt

**Amendment 56**  
**João Pimenta Lopes**

**Motion for a resolution**  
**Recital A e (new)**

*Motion for a resolution*

*Amendment*

*Ae. whereas the centralisation of fisheries management advocated by the common fisheries policy (CFP) and the resulting loss of Member State sovereignty have hindered the necessary local management that is essential for ensuring the sector's socio-economic viability;*

Or. pt

**Amendment 57**  
**João Pimenta Lopes**

**Motion for a resolution**  
**Recital A f (new)**

*Motion for a resolution*

*Amendment*

***Af.    whereas the current centralised management of the CFP frequently results in guidelines that are divorced from reality, poorly understood by the sector (which is not involved in discussing or developing them), difficult to implement and produce results that are often the opposite of those intended;***

Or. pt

**Amendment 58**  
**João Pimenta Lopes**

**Motion for a resolution**  
**Recital A k (new)**

*Motion for a resolution*

*Amendment*

***Ak.    whereas, in some Member States, sovereign rights over their territorial waters, exclusive economic zones and adjacent seabeds are enshrined in the Constitution;***

**Motion for a resolution**  
**Recital A j (new)**

*Motion for a resolution*

*Amendment*

***A j.    whereas the introduction of an MSY-based objective in the 2013 CFP reform led to a significant challenge for the fixing of fishing possibilities;***

Or. en

**Amendment 60**

**Gabriel Mato, Francisco José Millán Mon, Cláudia Monteiro de Aguiar**

**Motion for a resolution**

**Recital A k (new)**

*Motion for a resolution*

*Amendment*

***A k. whereas the progressive implementation of the MSY objective “for all stocks by 2020 at the latest” led to numerous difficulties and needed for practical adaptation by all actors, including at first for the provision of appropriate scientific advice;***

Or. en

**Amendment 61**

**Gabriel Mato, Francisco José Millán Mon, Cláudia Monteiro de Aguiar**

**Motion for a resolution**

**Recital A m (new)**

*Motion for a resolution*

*Amendment*

***A m. whereas, when adopting successive regional multiannual plans as from in 2016, the European Parliament and the Council decided to require the use of MSY-based fishing mortality levels for the main target stocks only; Whereas these plans also provide for some additional and necessary flexibility in these mortality reference levels, notably to take into account of the interactions between stocks and fisheries (choke species effects); whereas, in the multiannual plan for the Western Mediterranean, the legislator decided furthermore to postpone to 2025 the deadline for application of MSY-based fishing mortality levels;***
