amendment 148

First part	'By ... [OP: Please insert the date = 36 months from the date of entry into force of this Regulation], the Commission shall request the European standardisation organisations, as appropriate, to prepare or update harmonised standards laying down the methodology for the calculation and measurement of compliance with the requirements concerning packaging minimisation under this Regulation.'
Second part	'For most common packaging types and formats such standards should specify maximum adequate weight and volume limits, and, if appropriate, wall thickness and maximum empty space.'

amendment 226

First part	Text as a whole without the words: 'The Commission shall also assess the development of cardboard packaging waste and its environmental impacts and material substitution effects that may occur due to material exemptions in Article 22 in combination with Annex V, and Article 26, paragraphs 7, 10, 12 and 13.'
Second part	those words

amendment 262

First part	'Member States shall ensure that the producers cover the costs pursuant to the extended producer responsibility provisions in Directives 2008/98/EC and 94/62/EC and, insofar as not already included, cover at least the costs of waste collection for those products that are discarded in public collection systems, including the infrastructure and its operation, and the subsequent transport and treatment of that waste. The costs to be covered shall be established in a transparent and in a cost-efficient way.'
Second part	'The costs of cleaning up litter shall be limited to activities undertaken by public authorities or on their behalf. The calculation methodology shall be developed in a way that allows for the costs of cleaning up litter to be established in a proportionate way on the basis of the packaging formats that are more prone to be littered or not separately collected.'

amendment 341

First part	Text as a whole without the words: 'recyclability and may be re-used in the same way or for the same or similar product category it comes from'
Second part	those words

amendment 386
- First part 'Economic operators shall be exempted from the obligations under this Article if the rate of separate collection, as required under Article 43(3), (4) and (4b), of the respective packaging material, as reported to the Commission under Article 50(1) point (c), is above 85% by weight of such packaging placed on the market on the territory of the Member State in which they operate in the calendar years 2026 and 2027.'
- Second part 'Where such reporting shows that the rate of separate collection of the respective packaging material is below 85%, the Member State submits an implementation plan showing a strategy with concrete actions, including a timeline that ensure the achievement of the 85% separate collection rate by weight of the respective packaging material within two years.'
- amendment 396
- First part 'Member States shall exempt economic operators from the obligation under paragraphs 3a, point (a), and 3b, point (a), of this Article when the rate of recycling as reported by the Member States to the Commission under Article 50(2), point (c), is above 85 % by weight of such packaging material placed on the market of that Member State in the calendar years 2026 and 2027.'
- Second part 'Where such reporting shows that the rate of recycling of the respective packaging material is below 85%, the Member State shall submit an implementation plan to the Commission showing a strategy with concrete actions, including a timeline, that ensure the achievement of the 85% recycling rate by weight of the respective packaging material within two years.'

amendment 305

- First part 'By [OP: Please insert the date = 24 months after the date of entry into force of this Regulation], Member States shall lay down the rules on penalties applicable to infringements of this Regulation and shall take all measures necessary to ensure that they are implemented. In accordance with Directive (EU) 2015/1535 of the European Parliament and of the Council, Member States shall communicate to the Commission those rules and of those measures and, without delay, of any subsequent amendments affecting them. The penalties provided for shall be effective, proportionate and dissuasive.'
- Second part 'Those penalties may include:
- (a) fines proportionate to the environmental damage and the value of the relevant products concerned, calculating the level of such fines in such way as to ensure that they effectively deprive those responsible of the economic benefits derived from their infringements, and gradually increasing the level of such fines for repeated infringements;
 - (b) confiscation of revenues gained by the manufacturer, producer, supplier, distributor, importer, authorised representatives, or appointed representatives for extended producer responsibility from a transaction with the relevant products concerned;
 - (c) temporary exclusion for a maximum period of 12 months from public procurement processes and from access to public funding, including tendering procedures, grants and concessions;
 - (d) temporary prohibition from placing or making available on the market, or exporting relevant products, in the event of a serious infringement or of repeated infringements.'
