#### **Paragraph 6**

*Joint motion for a resolution*

6. *Recalls that, in this respect, it would be contrary to Union law for the United Kingdom to begin, in advance of its withdrawal, negotiations on possible trade agreements with third countries; stresses that such an action would be in contradiction with the principle of sincere cooperation laid down in Article 4(3) of the Treaty on European Union and should have consequences, among them the United Kingdom's exclusion from the procedures for trade negotiations laid down in Article 218 of the Treaty on the Functioning of the European Union; emphasises that the same must apply in other policy areas where the United Kingdom would continue to shape Union legislation, actions, strategies or common policies in a way that favours its own interests as a departing Member State, rather than the interests of the European Union and of the EU-27;*

*Amendment*

6. *Believes there is no barrier to the UK beginning trade negotiations with third countries and that as a matter of law those negotiations can be concluded with an agreement, provided that it is conditional upon the UK's exit from the EU;*
