Amendment 75

Manon Aubry, Martin Schirdewan
on behalf of the GUE/NGL Group

Joint motion for a resolution

PPE, S&D, Renew, Verts/ALE

EU coordinated action to combat the COVID-19 pandemic and its consequences

Joint motion for a resolution

Paragraph 32 a (new)

Joint motion for a resolution

Amendment

32a. Invites Member States to take into consideration the specific case of precarious, platform and posted workers in the SURE mechanism and to guarantee them the same rights and social protection as any other worker; further insists on suspending the posted workers directive;

Amendment 78

Manon Aubry, Martin Schirdewan
on behalf of the GUE/NGL Group

Joint motion for a resolution

PPE, S&D, Renew, Verts/ALE

EU coordinated action to combat the COVID-19 pandemic and its consequences

Joint motion for a resolution

Paragraph 49 b (new)

Joint motion for a resolution

Amendment

49b. Calls on the EU and Member States to immediately and fully cancel debt to developing countries, noting that debt repayments and servicing are particularly compromising the health and well-being of people during this pandemic; urges the EU to call within international fora for the full cancellation of debt to developing countries; calls for capital controls to be implemented where necessary in order to slow the massive capital flight from developing countries that has taken place since the pandemic began;

Manon Aubry, Martin Schirdewan
on behalf of the GUE/NGL Group

Joint motion for a resolution

PPE, S&D, Renew, Verts/ALE

EU coordinated action to combat the COVID-19 pandemic and its consequences

Joint motion for a resolution

Paragraph 33 a (new)

Joint motion for a resolution

Amendment

33a. Highlights that the trading and farming of wild animals amplifies risks for public health, combining critical factors for the occurrence of zoonosis; calls on the Commission and on the EU Member States to advocate a global ban on wildlife markets and on the use of wildlife in traditional medicine; urges the Commission to present legal proposals to ban the import, the trade and the keeping and consumption of wildlife in the EU, in order to reduce the risk of future zoonosis outbreaks;

Amendment 80

Manon Aubry, Martin Schirdewan
on behalf of the GUE/NGL Group

Joint motion for a resolution

PPE, S&D, Renew, Verts/ALE

EU coordinated action to combat the COVID-19 pandemic and its consequences

Joint motion for a resolution

Paragraph 11

Joint motion for a resolution

11. *Welcomes the Commission's initiative of directing funds from the EU research programme towards the fight against the virus by ensuring that the treatments, vaccines and diagnostics are globally available, accessible and affordable; calls for the establishment of additional funding for a 'COVID-19 research and innovation (R&I) fund' to boost its efforts to finance speedy research on a vaccine and/or treatment; believes that Europe's researchers, innovative SMEs and industry should get every support they need to find a cure; calls on the Member States to significantly increase support for research, development and innovation programmes aimed at understanding the disease, speeding up diagnosis and testing, and developing a vaccine; calls on hospitals and researchers to share data with the EMA, and to enter into large-scale European clinical trials; highlights the need to support measures favouring open science in order to accelerate the sharing of data and research results within the scientific community in Europe and beyond; insists that any publically funded research must stay in the public domain;*

AM\1203102EN.docx

Amendment

11. *Asks the Commission to take all relevant initiatives to further and guarantee both the accessibility and availability to all of safe and free vaccines against the coronavirus, as well as of treatments of COVID-19, using all necessary tools including compulsory licensing, patent pooling and compulsory open access research regimes; calls on the Member States to significantly increase support for research, development and innovation programmes aimed at understanding the disease, speeding up diagnosis and testing, and developing a vaccine; calls on hospitals and researchers to share data with the EMA, and to enter into large-scale European clinical trials; highlights the need to support measures favouring open science in order to accelerate the sharing of data and research results within the scientific community in Europe and beyond insists that any publically funded research must stay in the public domain;*
