(As an agreement was reached between Parliament and Council, Parliament's position corresponds to the final legislative act, Regulation (EU) 2019/1243.)
Joint Statement by the Parliament, the Council and the Commission

In point 27 of the Interinstitutional Agreement on Better Law-Making the three institutions acknowledged the need for the alignment of all existing legislation to the legal framework introduced by the Lisbon Treaty, and in particular the need to give high priority to the prompt alignment of all basic acts which still refer to the regulatory procedure with scrutiny. Following the proposal of the Commission to that end, this Regulation responds to that need by providing for the alignment of the regulatory procedure with scrutiny in a significant number of acts included in that proposal. The three institutions will continue to work on the alignment of the remaining acts of that proposal.

Commission Statement

The Commission notes the choice of the legislators to provide for a limited duration for all the empowerments in which the regulatory procedure with scrutiny is aligned through this Regulation, coupled with a reporting obligation and tacit renewal of the empowerment. In particular in view of the high number of reports which would become due at regular intervals of time and the fact that easily available information about the use of the empowerments is available through the Register of Delegated Acts, the Commission underlines that it has discretion about the way in which it will comply with the reporting obligation. Where appropriate, the Commission may therefore group reports due under several basic acts in one single document.
