24.4.2015

AMENDMENTS
307 - 625

Draft report
Wim van de Camp
(PE551.935v02-00)

on the implementation of the 2011 White Paper on Transport: taking stock and the way forward towards sustainable mobility
(2015/2005(INI))
AM_Com_NonLegReport
Amendment 307
Dieter-Lebrecht Koch

Motion for a resolution
Paragraph 15

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys; calls for initiatives to promote integrated traveller information and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;

Amendment

15. Stresses the need to complete the established legislative framework for passenger rights during multimodal journeys and therefore expects by the end of 2017 a Charter of Passenger Rights setting out fundamental passenger rights for all modes of transport, taking account of the characteristics of each mode of transport containing a separate section of multimodal journeys; calls for initiatives to promote multimodal traveller information, journey planning and ticketing services; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;

Or. de

Amendment 308
Izaskun Bilbao Barandica

Motion for a resolution
Paragraph 15

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys; calls for initiatives to promote integrated traveller information and intermodal

Amendment

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal and combined journeys; calls for initiatives to promote integrated and accessible traveller
ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure; information and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure, as well as websites and catalogues;

Amendment 309
Bogusław Liberadzki

Motion for a resolution
Paragraph 15

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys; calls for initiatives to promote integrated traveller information and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;

Amendment

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys combining rail, air, coach or maritime transport; calls for initiatives to promote integrated traveller information and intermodal ticketing, being in line with already existing initiatives in the transport sector; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;

Or. es

Amendment

15. Stresses the need to complete the
established legislative framework for passenger rights with measures covering passengers on multimodal journeys; calls for initiatives to promote integrated traveller information and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;

Amendment 311
Dominique Riquet

Motion for a resolution
Paragraph 15

Motion for a resolution

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys; calls for initiatives to promote integrated traveller information and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;

Amendment

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys, taking account of specific differences, legal responsibility for the individual sections of the journey and the interaction between the various modes of transport; calls for initiatives to promote integrated traveller information and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;
Amendment 312
Pavel Telička, Martina Dlabajová

Motion for a resolution
Paragraph 15

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys; calls for initiatives to promote integrated traveller information and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;

Amendment

15. Stresses the need to complete the established legislative framework for passenger rights, especially for modes other than air transport, and with measures covering passengers on multimodal journeys; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure, also for the carriage of bicycles, sports equipment, music instruments and baby carriages;

Amendment 313
Luis de Grandes Pascual

Motion for a resolution
Paragraph 15

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys; calls for initiatives to promote integrated traveller information and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;

Amendment

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys; calls for initiatives to ensure that multimodal information and intermodal ticketing effectively reaches users; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of
15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys; calls for initiatives to promote integrated traveller information and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;

Or. es

Amendment 314
Merja Kyllönen

Motion for a resolution
Paragraph 15

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys; calls for initiatives to promote integrated traveller information and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;

Or. en

Amendment 315
Michael Gahler, Markus Ferber, Werner Kuhn

Motion for a resolution
Paragraph 15

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys; calls for initiatives to promote integrated traveller information and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure; taking into account the specific differences, the legal responsibility for the unique part of the journey and inter-actions between the modes of transport; calls for initiatives to promote integrated traveller information
disabled passengers, including better accessibility of infrastructure; and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;

Amendment 316
Bas Eickhout, Georges Bach

Motion for a resolution
Paragraph 15

Motion for a resolution

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys; calls for initiatives to promote integrated traveller information and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;

Amendment

Or. en

Amendment 317
Claudia Tapardel, Theresa Griffin

Motion for a resolution
Paragraph 15

Motion for a resolution

15. Stresses the need to complete the established legislative framework for passenger rights with measures covering passengers on multimodal journeys, respecting fair inter-modal competition; calls for initiatives to promote integrated traveller information and cross-border intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better and barrier-free accessibility of infrastructure and rolling stock, allowing the carriage of baby carriages and bicycles;

Amendment

Or. en
established legislative framework for passenger rights with measures covering passengers on multimodal journeys; calls for initiatives to promote integrated traveller information and intermodal ticketing; asks for measures to improve the quality of transport for elderly people, passengers with reduced mobility and disabled passengers, including better accessibility of infrastructure;
Motion for a resolution
Paragraph 15 a (new)

15 a. Asks within the framework of the REFIT Initiative and during subsequent evaluations of European legislation for a general review of European driving licence and safety conditions and of transport-related reporting requirements with a view to achieving a substantial decrease in administrative burdens;

Or. de

Amendment 320
Claudia Tapardel

Motion for a resolution
Paragraph 15 a (new)

15a. Calls, with regards to establishing a framework for a European multimodal passenger transport system, for the creation of an EU roadmap in order to deploy a seamless passenger multimodal transport system; this roadmap should identify key European multimodal passenger corridors under the existing TEN-T network, bring together public and private resources, align existing initiatives and concentrate EU funding support;

Or. en

Amendment 321
Gesine Meissner, Pavel Telička
Motion for a resolution
Paragraph 15a (new)

Motion for a resolution

15a. Calls, with regard to establishing the framework for a European multimodal passenger transport system, for the creation of an EU roadmap in order to deploy a seamless passenger multimodal transport system; this roadmap should identify key European multimodal passenger corridors under the existing TEN-T network, bring together public and private resources, align existing initiatives and concentrate EU funding support; the Commission should fund research to provide empirical data and relevant information to define the roadmap;

Amendment

Or. de

Amendment 322
Lucy Anderson

Motion for a resolution
Paragraph 15a (new)

Motion for a resolution

15a. Calls on the European Commission to collect data and all relevant information in order to define an EU roadmap with regards to establishing a framework for a European multimodal passenger transport system, which could operate under the existing TEN-T networks and could align with existing initiatives and EU funding projects;

Amendment

Or. en
Amendment 323
Lucy Anderson

Motion for a resolution
Paragraph 15 b (new)

Motion for a resolution

Amendment

15b. Stresses the need to establish legislative frameworks which will eliminate all possible loopholes in passenger rights legislation and will ensure better enforcement;

Or. en

Amendment 324
Lucy Anderson

Motion for a resolution
Paragraph 15 b (new)

Motion for a resolution

Amendment

15b. Calls for initiatives to promote integrated traveller information and intermodal ticketing; notes that improving availability of free or low-cost broadband, cellular networks, Wi-Fi and other digital services on public transport services and at stations, would improve personal mobility;

Or. en

Amendment 325
Andor Deli

Motion for a resolution
Paragraph 16

Motion for a resolution

Amendment

16. Calls on the Commission to address the
quality of work in all transport modes, with respect in particular to training, certification, working conditions and career development, with a view to creating quality jobs, developing the necessary skills and strengthening the competitiveness of EU transport operators; quality of work in all transport modes, with respect in particular to training, certification, working conditions and career development, with a view to creating quality jobs, developing the necessary skills and strengthening the competitiveness of EU transport operators by establishing clear and predictable regulations to promote entrepreneurship and employment.

Or. hu

Amendment 326
Izaskun Bilbao Barandica

Motion for a resolution
Paragraph 16

16. Calls on the Commission to address the quality of work in all transport modes, with respect in particular to training, certification, working conditions and career development, with a view to creating quality jobs, developing the necessary skills and strengthening the competitiveness of EU transport operators;

Or. es

Amendment 327
Ivan Jakovčić

Motion for a resolution
Paragraph 16

16. Calls on the Commission to address the quality of work in all transport modes, with respect in particular to training, career development, certification and working conditions, establishing European harmonisation criteria, with a view to creating quality jobs, developing the necessary skills and strengthening the competitiveness and mobility of EU transport operators;
respect in particular to training, certification, working conditions and career development, with a view to creating quality jobs, developing the necessary skills and strengthening the competitiveness of EU transport operators; work in all transport modes, with respect in particular to training, certification, working conditions and career development, with a view to creating quality jobs, developing the necessary skills and strengthening the competitiveness of EU transport operators;

Or. hr

Amendment 328
Merja Kyllönen

Motion for a resolution
Paragraph 16

Motion for a resolution

16. Calls on the Commission to address the quality of work in all transport modes, with respect in particular to training, certification, working conditions and career development, with a view to creating quality jobs, developing the necessary skills and strengthening the competitiveness of EU transport operators;

16. Calls on the Commission to address the quality of work in all transport modes, with respect in particular to training, certification, working conditions and career development, with a view to creating quality jobs, developing the necessary skills and strengthening the competitiveness of EU transport operators; urges the Commission to closely monitor and react to violations of fair working conditions which have occurred recently especially in the road and aviation sectors;

Or. en

Amendment 329
Lucy Anderson

Motion for a resolution
Paragraph 16

Motion for a resolution

16. Calls on the Commission to address the quality of work in all transport modes, with respect in particular to training,

16. Calls on the Commission to address the quality of work in all transport modes, with respect in particular to training,
certification, working conditions and career development, with a view to creating quality jobs, developing the necessary skills and strengthening the competitiveness of EU transport operators;

certification, working conditions and opportunities of career development, with a view to creating quality jobs and developing the necessary skills; stresses that workers in public transport sectors play a vital role in delivering quality public transport services; emphasises the crucial importance of their equal and fair treatment as well as their entitlement to good terms and conditions and a safe working environment;

Or. en

Amendment 330
Peter Lundgren

Motion for a resolution
Paragraph 16 a (new)

Motion for a resolution

16a. Urges the Commission to especially look into the increasing problems the liberalisation of the road haulage market has led to as regards safety, environmental and social aspects;

Or. en

Amendment 331
Lucy Anderson, Boguslaw Liberadzki, Christine Revault D'Allonnes Bonnefoy, Olga Sehnalová

Motion for a resolution
Paragraph 16 a (new)

Motion for a resolution

16a. Believes that market competition should not be considered as being the best model for delivering collective public transport and better services; underlines that it is necessary to leave the choice on
how to organise collective public transport to the local, regional and national levels, also as part of the subsidiarity principle; insists that, in any case, it is necessary to prevent social dumping in relation to the public transport workforce, and that regulation and monitoring is necessary to avoid unacceptable reductions of labour costs through outsourcing, subcontracting or worsening of working conditions;

Or. en

Amendment 332
Claudia Tapardel, Lucy Anderson, Georgi Pirinski, Ismail Ertug, Theresa Griffin, Jens Nilsson, Miltiadis Kyrkos

Motion for a resolution
Paragraph 16 a (new)

Motion for a resolution  
Amendment  
16a. Calls on the Commission to acknowledge that while there is a clear socio-economic case for boosting women's participation and equal treatment in the transport labour market, there is a participation, remuneration and advancement gap between women and men in this sector's labour force;

Or. en

Amendment 333
Claudia Tapardel, Lucy Anderson, Georgi Pirinski, Ismail Ertug, Jens Nilsson

Motion for a resolution
Paragraph 16 b (new)

Motion for a resolution  
Amendment  
16b. Calls on the Commission to develop a legal framework for robust and improved
EU statistics in the transport sector, gathering data on gender participation and equality in the transport sector; furthermore urges the Commission to come forward with an initiative on the role of women in transport and add the gender equality dimension in all impact assessments accompanying new transport policy proposals and initiatives;

Amendment 334
Andor Deli

Motion for a resolution
Paragraph 17

Motion for a resolution
17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, monopolies or oligopolies;

Amendment
17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, monopolies or oligopolies; at the same time emphasizes that cheaper labour in itself does not lead to unfair competition.

Amendment 335
Ivan Jakovčić

Motion for a resolution
Paragraph 17

Motion for a resolution
17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services,

Amendment
17. Urges the Commission and the Member States to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping,
monopolies or oligopolies; poorer-quality services, monopolies or oligopolies;

Amendment 336
Bas Eickhout, Karima Delli

Motion for a resolution
Paragraph 17

Motion for a resolution

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, monopolies or oligopolies;

Amendment

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, less public service, monopolies or oligopolies;

Or. en

Amendment 337
Kosma Złotowski, Evžen Tošenovský

Motion for a resolution
Paragraph 17

Motion for a resolution

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, monopolies or oligopolies;

Amendment

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to unfair practices of transport companies, distortion of competition, state protectionism, poorer-quality services, monopolies or oligopolies;

Or. en

Amendment 338
Ramona Nicole Mănescu
Motion for a resolution
Paragraph 17

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, monopolies or oligopolies;

Amendment

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to poorer-quality services, to the creation of monopolies or oligopolies or to a race to the bottom in respect to the social protection of transport workers;

Or. en

Amendment 339
Elżbieta Katarzyna Łukacijewska, Danuta Jazłowiecka

Motion for a resolution
Paragraph 17

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, monopolies or oligopolies;

Amendment

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets go hand in hand with the proper enforcement of existing EU social regulations and do not lead to unnecessary additional administrative burdens in the Member States, distortion of the fair competition in the internal market, poorer-quality services, monopolies or oligopolies;

Or. en

Amendment 340
Marie-Christine Arnautu

Motion for a resolution
Paragraph 17
Motion for a resolution

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, monopolies or oligopolies;

Amendment

(Does not affect the English version.)

Or. fr

Amendment 341
Izaskun Bilbao Barandica

Motion for a resolution
Paragraph 17

Motion for a resolution

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, monopolies or oligopolies;

Amendment

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, monopolies or oligopolies or new problems associated with fragmentation of the market;

Or. es

Amendment 342
Ismail Ertug, Lucy Anderson, Christine Revault D’Allonnes Bonnefoy

Motion for a resolution
Paragraph 17

Motion for a resolution

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, monopolies or oligopolies;

Amendment

17. Urges the Commission to propose measures to address existing social dumping practices across all transport modes by ensuring the full implementation, and especially the enforcement, of existing legislation, as well as by eradicating existing legislative
loopholes;

Amendment 343
Inés Ayala Sender

Motion for a resolution
Paragraph 17

Motion for a resolution
Amendment

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, monopolies or oligopolies;

17. Urges the Commission to support proposals on the opening-up of services in all transport markets with support measures, so as to avoid disparities in social conditions in the different States that could lead to social dumping, poorer-quality services, monopolies or oligopolies;

Amendment 344
Claudia Tapardel, Theresa Griffin

Motion for a resolution
Paragraph 17

Motion for a resolution
Amendment

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, monopolies or oligopolies;

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to poorer-quality services, the creation of monopolies or oligopolies or a race to the bottom in respect to the social protection of transport workers;

Amendment 345
Jens Nilsson, Olga Sehnalová, Marita Ulvskog
Motion for a resolution
Paragraph 17

17. Urges the Commission to ensure that proposals on the opening-up of services in all transport markets do not lead to social dumping, poorer-quality services, monopolies or oligopolies;

Amendment

17. Demands that the Commission prevent the opening-up of services in all transport markets from leading to social dumping, poorer-quality services, monopolies or oligopolies, in order to safeguard fair competition for the benefit of workers and businesses in all Member States; underlines the importance of targeting social dumping and unfair competition where it already exists;

Or. en

Amendment 346
Ivo Belet

Motion for a resolution
Paragraph 17 a (new)

17a. Supports the creation of a Sectoral Social Dialogue Committee on Urban Public Transport;

Amendment

Amendment 347
Markus Ferber

Motion for a resolution
Paragraph 17 a (new)

17 a. Calls on the Commission to eliminate unfair practices which undermine the quality of life of drivers in
cross-border transport markets in which social provisions governing weekly resting periods are changed;

Or. de

Amendment 348
Lucy Anderson, Christine Revault D’Allonnes Bonnefoy

Motion for a resolution
Paragraph 17 a (new)

Motion for a resolution

17a. Supports the creation of an autonomous Sectoral Social Dialogue Committee on Urban Public Transport and encourages the European Social and Economic Committee (EESC) and all relevant social partners, including workers and their trade unions, to cooperate within it; underlines the importance of meeting the challenges of the future and achieving the goals already set up, by ensuring a good quality of service for customers and a good quality of work for employees;

Or. en

Amendment 349
Inés Ayala Sender

Motion for a resolution
Paragraph 17 a (new)

Motion for a resolution

17 a. Calls on the European Commission to present a social package for the transport sector as soon as possible, including legislative measures to improve the situation across the various modes of transport in relation to the creation of
quality work and the improvement of working conditions for those employed in the sector, including income and training throughout their career, resolving the issue of staff turnover and of an ageing workforce and retirement and the urgent need to make working in the sector attractive to new generations;

Or. es

Amendment 350
Markus Ferber

Motion for a resolution
Paragraph 17 b (new)

Motion for a resolution
Amendment
17 b. Calls on the Commission to adopt measures to combat wage and social cost differentials in freight transport which cause significant distortions of competition in cross-border transport markets;

Or. de

Amendment 351
Markus Ferber

Motion for a resolution
Paragraph 17 c (new)

Motion for a resolution
Amendment
17 c. Calls for the creation of reasonable employment conditions with measures to restore the attractiveness of the profession of lorry driver, such as measures to monitor, control and eliminate tax and social security fraud, improve training and implement EU social legislation, especially driving and rest periods;
Amendment 352
Francesc Gambús

Motion for a resolution
Subheading 6

Motion for a resolution
A competitive, efficient, integrated transport system

Amendment
A competitive, efficient, integrated and safe transport system

Or. de

Amendment 353
Miltiadis Kyrkos, Claudia Tapardel

Motion for a resolution
Subheading 6

Motion for a resolution
A competitive, efficient, integrated transport system

Amendment
A competitive, efficient, integrated and accessible transport system

Or. en

Amendment 354
Merja Kyllönen

Motion for a resolution
Paragraph 17 a (new)

Motion for a resolution
17a. Recognises that digitalisation is an influential way to improve the terribly low productivity of the transport system; states therefore that digital intervention, new services, and new business and distribution models should be allowed by
easing the market access and true competition and ensuring a level playing field (e.g. in terms of taxation) between different transport modes and services, yet without compromising the high European standards of safety, working conditions, consumers’ protection and prevention of harmful environmental effects;

Amendment 355
Pavel Telička, Gesine Meissner, Martina Dlabajová

Motion for a resolution
Paragraph 18

18. Insists that bureaucratic hurdles should be reduced for all forms of transport and calls, therefore, for greater simplification and harmonisation of transport and logistics documents; calls on the Commission to submit a proposal for establishing an electronic framework for multimodal transport of goods (e-Freight), achieving paperless, seamless information flows along the whole transport logistics chain;

Amendment
18. Insists that bureaucratic hurdles should be reduced for all forms of transport and calls, therefore, for greater simplification and harmonisation of administrative documents in the transport and logistics sector; calls on the Commission to submit a proposal for establishing an electronic framework for multimodal transport of goods (e-Freight), achieving paperless, seamless information flows along the whole transport logistics chain, taking into account existing and well-functioning tools and synergies;

Amendment 356
Ramona Nicole Mănescu

Motion for a resolution
Paragraph 18
Motion for a resolution

18. Insists that bureaucratic hurdles should be reduced for all forms of transport and calls, therefore, for greater simplification and harmonisation of transport and logistics documents; calls on the Commission to submit a proposal for establishing an electronic framework for multimodal transport of goods (e-Freight), achieving paperless, seamless information flows along the whole transport logistics chain;

Amendment

18. Insists that bureaucratic hurdles should be reduced for all forms of transport and calls, therefore, for greater simplification and harmonisation of administrative procedures, including customs procedures, which should be practical, efficient and workable for all parties along the logistic chain; calls on the Commission to support the move towards a smooth multimodal transport of goods (e-Freight), achieving paperless, seamless information flows along the whole transport logistics chain, taking into account existing and proven tools and global developments;

Or. en

Amendment 357
Theresa Griffin

Motion for a resolution
Paragraph 18

Motion for a resolution

18. Insists that bureaucratic hurdles should be reduced for all forms of transport and calls, therefore, for greater simplification and harmonisation of transport and logistics documents; calls on the Commission to submit a proposal for establishing an electronic framework for multimodal transport of goods (e-Freight), achieving paperless, seamless information flows along the whole transport logistics chain;

Amendment

18. Insists that bureaucratic hurdles should be reduced for all forms of transport and calls, therefore, for greater simplification and harmonisation of transport and logistics documents; calls on the Commission to submit a proposal for establishing an electronic framework for multimodal transport of goods (e-Freight), achieving paperless, seamless information flows along the whole transport logistics chain; stresses that this can be assisted by the provision of interference-free radio communications which will allow for information on driving and rest times of drivers, weights and dimensions of heavy-goods vehicles and tolling and road charging to be monitored;
Amendment 358
Claudia Tapardel, Theresa Griffin

Motion for a resolution
Paragraph 18

Motion for a resolution

18. Insists that bureaucratic hurdles should be reduced for all forms of transport and calls, therefore, for greater simplification and harmonisation of transport and logistics documents; calls on the Commission to submit a proposal for establishing an electronic framework for multimodal transport of goods (e-Freight), achieving paperless, seamless information flows along the whole transport logistics chain;

Amendment

18. Insists that bureaucratic hurdles should be reduced for all forms of transport and calls, therefore, for greater simplification and harmonisation of administrative procedures, including customs procedures, which should be practical, efficient and workable for all parties along the logistic chain; calls on the Commission to submit a proposal for establishing an electronic framework for multimodal transport of goods (e-Freight), achieving paperless, seamless information flows along the whole transport logistics chain while taking into account existing tools and global developments and best practices;

Amendment 359
Bas Eickhout

Motion for a resolution
Paragraph 18 a (new)

Motion for a resolution

18a. Calls on the Commission to propose EU-wide limits for average and peak noise levels, covering all transport modes, in addition to sector specific initiatives, as the costs connected to noise have to be internalised into market prices in order to foster fair inter-modal competition;

Amendment

18a. Calls on the Commission to propose EU-wide limits for average and peak noise levels, covering all transport modes, in addition to sector specific initiatives, as the costs connected to noise have to be internalised into market prices in order to foster fair inter-modal competition;
Amendment 360  
Gesine Meissner  

Motion for a resolution  
Paragraph 18 a (new)  

Motion for a resolution  

18a. Stresses the importance of innovative vehicle concepts for increasing efficiency and reducing CO₂ emissions in road haulage; points in this connection to the positive impact of longer freight trains and mega-trucks (modular concept); calls on the Commission to continue to provide constructive input in connection with relevant field trials and the implementation of such concepts in the Member States;  

Amendment 361  
Bas Eickhout  

Motion for a resolution  
Paragraph 18 b (new)  

Motion for a resolution  

18b. Calls on the Commission to put the integration approach (interoperability, inter-connectivity and intermodality) at the heart of the review of the White Paper, including ICT systems; furthermore, reminds the Commission to combine technological advances with behavioural change in order to obtain an ambitious modal-shift as well as transport avoidance through green logistics, proper mobility management tools and the application of digitalisation;
Amendment 362  
Bas Eickhout

Motion for a resolution  
Paragraph 18 c (new)

Motion for a resolution

Amendment

18c. Stresses that a European sustainable mobility policy must look at synergies between all modes, corridors and networks; such a policy must also grant enough attention to the needs of some key nodes, urban areas, interconnectivity points, trans-shipment platforms and ports;

Or. en

Amendment 363  
Peter Lundgren

Motion for a resolution  
Paragraph 19

Motion for a resolution

Amendment

19. Calls for the standardisation of intermodal loading units, taking into account the loading units used in global transport and the dimensions of transport vehicles, in order to optimise multi-modal transport;

deleted

Or. en

Amendment 364  
Bas Eickhout
Motion for a resolution
Paragraph 19

Motion for a resolution

19. Calls for the standardisation of intermodal loading units, taking into account the loading units used in global transport and the dimensions of transport vehicles, in order to optimise multi-modal transport;

Amendment

19. Calls for the gathering of more information and assessment in terms of safety, infrastructure, modal shift and global environmental performance related to certain ideas on possible and eventual standardisation of intermodal loading units, taking into account the loading units used in global transport and the dimensions of transport vehicles, in order to optimise multi-modal transport;

Or. en

Amendment 365
Dieter-Lebrecht Koch

Motion for a resolution
Paragraph 19

Motion for a resolution

19. Calls for the standardisation of intermodal loading units, taking into account the loading units used in global transport and the dimensions of transport vehicles, in order to optimise multi-modal transport;

Amendment

19. Calls for the standardisation of intermodal loading units, taking into account the loading units used in global transport and the dimensions of transport vehicles, and for uniform provisions on loading safety, in order to optimise multi-modal transport and improve safety;

Or. de

Amendment 366
Inés Ayala Sender

Motion for a resolution
Paragraph 19
Motion for a resolution

19. Calls for the standardisation of intermodal loading units, taking into account the loading units used in global transport and the dimensions of transport vehicles, in order to optimise multi-modal transport;

Amendment

19. Calls for the standardisation of intermodal loading units, taking into account the loading units used in global transport and the dimensions of transport vehicles, in order to optimise multi-modal transport, taking into account the specific characteristics of Europe;

Or. es

Amendment 367
Markus Ferber

Motion for a resolution
Paragraph 19 a (new)

Motion for a resolution

19 a. Calls for flanking measures to be adopted to ensure compliance with social legislation in combined transport, especially combined transport between land and sea/inland ports;

Amendment  

24. Takes the view that the EU must maintain its leading role in the global efforts to reduce transport emissions in the framework of the 2015 Paris Climate Conference (COP21) by promoting the use and development of public transport and other sustainable transport modes;  

Or. en  

Amendment 391  
Elżbieta Katarzyna Łukacijewska  

Motion for a resolution  
Paragraph 24  

Motion for a resolution  

24. Takes the view that the EU must maintain its leading role in the global efforts to reduce transport emissions in the framework of the 2015 Paris Climate Conference (COP21);  

Amendment  

24. Takes the view that the EU must maintain its leading role in the global efforts to reduce emissions in the framework of the 2015 Paris Climate Conference (COP21), while also taking into account that EU's actions should not undermine its competitiveness; the EU should further promote at the international fora its standards on reducing the negative impact of transport on the environment so as to create a global level playing field;  

Or. en
Amendment 392
Christine Revault D’Allonnes Bonnefoy, Ismail Ertug, Kathleen Van Brempt, Lucy Anderson

Motion for a resolution
Paragraph 24

Motion for a resolution
24. Takes the view that the EU must maintain its leading role in the global efforts to reduce transport emissions in the framework of the 2015 Paris Climate Conference (COP21);

Amendment
24. Takes the view that the EU must maintain its leading role in the global efforts to reduce transport emissions in the framework of the 2015 Paris Climate Conference (COP21); calls on the Commission to translate into a legislative proposal the 60% reduction target for greenhouse gas emissions in transport by 2050;

Or. en

Amendment 393
Bas Eickhout

Motion for a resolution
Paragraph 24

Motion for a resolution
24. Takes the view that the EU must maintain its leading role in the global efforts to reduce transport emissions in the framework of the 2015 Paris Climate Conference (COP21);

Amendment
24. Takes the view that the EU must maintain its leading role in the global efforts to reduce transport emissions in the framework of the 2015 Paris Climate Conference (COP21) and that transport policy should guarantee the limitation of global temperatures to a maximum increase of two degree Celsius; stresses that part of the revenues from the ETS and other possible CO2 taxation mechanisms should be used in favour of developing measures in the most effected regions such as those at the equator;

Or. en
Amendment 394
Wim van de Camp

Motion for a resolution
Paragraph 24 a (new)

Motion for a resolution

Amendment

24a. Calls for a more integrated approach between Member States on the possibility to apply a reciprocity principle in our commercial relations with third countries and to examine in the EU funding policy for transport if additional funding from third countries is appropriate;

Or. en

Amendment 395
Tomasz Piotr Poręba, Kosma Złotowski

Motion for a resolution
Paragraph 24 a (new)

Motion for a resolution

Amendment

24 a. Draws attention to the fact that, in accordance with an OECD report, the increase in overland shipments of goods and the associated increase in CO₂ emissions up to 2050 will mainly be driven by Asian economies; in this respect it is stressed that in the coming years the overriding objective will be to maintain the competitiveness of the European transport sector, so that costly emission standards imposed by EU Member States do not lead to a fall in the competitiveness of EU undertakings.

States to accelerate the implementation of the Single European Sky and deploy the future air traffic management system (SESAR),

States to accelerate the implementation of the Single European Sky, through the adoption of the SES2+ package, to allow the Functional Airspace Blocks (FABs) to be implemented and Air Navigation Services performance targets to be met,

Or. en

Amendment 402
Izaskun Bilbao Barandica

Motion for a resolution
Paragraph 25 – indent 1

Motion for a resolution

– all necessary actions by the Member States to accelerate the implementation of the Single European Sky and deploy the future air traffic management system (SESAR);

Amendment

– political will to adopt all necessary actions by the Member States to comply with the implementation of the Single European Sky and deploy the future air traffic management system (SESAR);

Or. es

Amendment 403
David-Maria Sassoli, Isabella De Monte

Motion for a resolution
Paragraph 25 – indent 1

Motion for a resolution

– all necessary actions by the Member States to accelerate the implementation of the Single European Sky and deploy the future air traffic management system (SESAR),

Amendment

– all necessary actions by the Member States to accelerate the implementation of the Single European Sky and deploy the future air traffic management system (SESAR); recalls, in this respect, the need to preserve the CEF envelope destined to SESAR in order to ensure a coherent and synchronised deployment of new technologies within the ATM sector;

Or. en
Amendment 404
Michael Gahler, Werner Kuhn

Motion for a resolution
Paragraph 25 – indent 1

Motion for a resolution
– all necessary actions by the Member States to accelerate the implementation of the Single European Sky and deploy the future air traffic management system (SESAR),

Amendment
– all necessary actions by the Member States to accelerate the implementation of the Single European Sky and deploy the future air traffic management system (SESAR); the development by the Commission of high level targets for airport capacity at EU level in line with the objectives of SES, and development by Member States of concrete national capacity action plans informed by the findings of the Eurocontrol 2013 ‘Challenges of Growth’ report.

Or. en

Amendment 405
David-Maria Sassoli, Isabella De Monte

Motion for a resolution
Paragraph 25 – indent 1 a (new)

Motion for a resolution
- an efficient implementation of the Single European Sky aimed at defragmenting the EU airspace so as to reduce delays, improve safety standards and minimise the environmental impact; that needs to be based on the principle of better regulation in order to encourage the creation of a clear regulatory environment which enables all stakeholders to work together towards delivering the objectives of a Single European Sky,
Amendment 406
Bogusław Liberadzki

Motion for a resolution
Paragraph 25 – indent 1 a (new)

- the deployment of the future air traffic management system (SESAR), including the setting of globally coordinated technical standards and the implementation of satellite-based approaches at hubs and regional airports,

Amendment

Amendment 407
Kosma Zło֧towski

Motion for a resolution
Paragraph 25 – indent 1 a (new)

- the maximisation of use of yet untapped infrastructure, notably regional airports, which could be boosted through cheap and existing technological means;

Amendment

Amendment 408
Michael Gahler, Werner Kuhn

Motion for a resolution
Paragraph 25 – indent 1 a (new)

- the principle of subsidiarity to be applied as an essential control element, to ensure
that due account is taken of national and regional characteristics during the implementation of EU law, including in the future, and that, whenever legal framework conditions are revised, the possibility of action at national level is always considered first;

Amendment 409
Kosma Złotowski

Motion for a resolution
Paragraph 25 – indent 1 a (new)

Motion for a resolution

- a good network of airports to be maintained as it is key to ensure the connectivity of regions; with regards to modal-shift, remote regions are sometimes only available by air transport;

Amendment

Or. de

Amendment 410
Franck Proust

Motion for a resolution
Paragraph 25 – indent 1 a (new)

Motion for a resolution

- coming to terms with the major technological challenges to competition in the European air sector posed by direct connectivity (in decline), airport capacity in view of forthcoming developments in air traffic (exponential increase in the number of passengers transported) and demand (widening of the range and improvement in the quality of passenger services provided by companies and airports throughout the rest of the world),
Amendment 411
Michael Gahler, Werner Kuhn

Motion for a resolution
Paragraph 25 – indent 1 a (new)

Motion for a resolution
- a thorough review by the European Commission and the Member States of the aviation security strategy in the EU with a view to move gradually to a risk-based approach to the benefit of the passenger;

Amendment 412
Luis de Grandes Pascual, Gesine Meissner

Motion for a resolution
Paragraph 25 – indent 1 a (new)

Motion for a resolution
- the European Commission and the Member States to undertake an in-depth review of the EU air safety strategy focused on risk and for the benefit of passengers;

Amendment 413
Marian-Jean Marinescu

Motion for a resolution
Paragraph 25 – indent 1 a (new)
Motion for a resolution

Amendment

- the drawing up of a legislative framework for the development of regional airports and of new infrastructure in crowded airports,

Or. ro

Amendment 414
Miltiadis Kyrkos, Claudia Tapardel

Motion for a resolution
Paragraph 25 – indent 1 a (new)

Motion for a resolution

Amendment

- enhancement of EU-wide safety aviation performance in the field of aircraft manufacturing, training and licensing of crews, flight operations, air traffic management and air navigation services,

Or. en

Amendment 415
Franck Proust

Motion for a resolution
Paragraph 25 – indent 1 a (new)

Motion for a resolution

Amendment

- the coherent and effective development of the airport network, which must include, firstly, the main airports (“hubs”) and, secondly, a well-served, viable and supported network of provincial, regional and local airports, thereby reiterating that regional airports are essential instruments for the growth and development of the territories concerned;
Amendment 416
Luis de Grandes Pascual

Motion for a resolution
Paragraph 25 – indent 1 a (new)

Motion for a resolution

Amendment

- when the investigation is completed and the information is available, an assessment of the possible safety measures necessary for avoiding air accidents like the one that occurred in the Alps in March;

Amendment 417
Marian-Jean Marinescu

Motion for a resolution
Paragraph 25 – indent 1 a (new)

Motion for a resolution

Amendment

- the approval of EU-funded projects that are part of the TEN-T core network as a priority,

Paragraph 25 – indent 3 a (new)

Motion for a resolution
- negotiations with third States, in particular with the Gulf countries or
when signing air transport agreements, to be conducted at European level, so as to bring Europe to the fore as a coherent political unit in the field of aviation,

Amendment 431
Gesine Meissner, Pavel Telička

Motion for a resolution
Paragraph 25 – indent 3 a (new)

- negotiations with third countries advancing the specific interests of air cargo services to facilitate further liberalisation of market access, particularly with respect to all cargo operations, with a view to catering to the distinct features of such services and to a globalised market environment,

Amendment 432
Ismail Ertug

Motion for a resolution
Paragraph 25 – indent 3 a (new)

- the revision of Regulation (EC) No 1008/2008 on common rules for the operation of air services to safeguard proper enforcement of national social legislation and collective agreements concerning civil aviation staff, including mobile staff such as pilots and flight attendants; a thorough assessment by the Commission of socially problematic business practices such as letterbox
companies or flags of convenience practices in aviation; provision of a clear definition of the ‘principal place of business’ that requires airlines to demonstrate substantial aviation activities in that country,

Amendment 433
Jens Nilsson, Claudia Tapardel, Marita Ulvskog

Motion for a resolution
Paragraph 25 – indent 3 a (new)

Amendment

Motion for a resolution
- measures against the increase of unfair business practices such as ‘flags of convenience’, the use of bogus self-employment and forms of atypical employment practices; improvements to Regulation (EC) 1008/2008 to ensure binding application of national labour legislation and collective agreements for airlines having operational bases on their territory as well as a revised definition of a company's ‘principal place of business’ to include substantial aviation activities; EASA recommendations requiring at least 50 percent of maintenance technicians to be directly employed, to also cover all categories of ground staff, pilots and cabin crew,

Amendment 434
Ivo Belet

Motion for a resolution
Paragraph 25 – indent 3 a (new)
- addressing the problem of the various forms of atypical employment and outsourcing\(^1\) and of disguised self-employment of airline pilots and crew, with a view to safeguarding airline safety and protecting social rights of pilots and crew, by means of a review of the Social Security Coordination Regulation 883/2004;

Amendment 435
Bogusław Liberadzki

Motion for a resolution
Paragraph 25 – indent 4

- enhancement of the negotiations within the International Civil Aviation Organisation (ICAO) on the development of a global market-based mechanism addressing international aviation emissions,

Amendment
– a global market-based mechanism addressing international aviation emissions, that takes account of different types and levels of operator activity, to be brought into force,

Amendment 436
Franck Proust
Motion for a resolution
Paragraph 25 – indent 4

Motion for a resolution

– enhancement of the negotiations within the International Civil Aviation Organisation (ICAO) on the development of a global market-based mechanism addressing international aviation emissions,

Amendment

– enhancement of the negotiations within the International Civil Aviation Organisation (ICAO) on the development of a global market-based mechanism addressing international aviation emissions, so as to make them ambitious while at the same time making them credible and progressive in view of technological advances;

Or. fr

Amendment 437
Michael Gahler, Werner Kuhn

Motion for a resolution
Paragraph 25 – indent 4

Motion for a resolution

– enhancement of the negotiations within the International Civil Aviation Organisation (ICAO) on the development of a global market-based mechanism addressing international aviation emissions,

Amendment

– enhancement of the negotiations within the International Civil Aviation Organisation (ICAO) on the development of a global market-based mechanism addressing international aviation emissions, as well as the support of credible industry standards for carbon management (e.g. Airport Carbon Accreditation which to date comprises 90 European Airports including 20 carbon neutral ones as of April 2015),

Or. en

Amendment 438
Bas Eickhout

Motion for a resolution
Paragraph 25 – indent 4
Motion for a resolution

– enhancement of the negotiations within the International Civil Aviation Organisation (ICAO) on the development of a global market-based mechanism addressing international aviation emissions,

– targets beyond ICAO’s ‘carbon neutral growth for 2020’ including effective CO₂ emission standards for new and in-production aircraft, as well as targets for the entire air transport including other harmful emissions in the sensitive atmosphere such as NOₓ, sulphur, condensation contrail; the need for the EU to play a leading role to include those emissions not yet globally covered in the ETS and to phase out fossil-fuel subsidies in the sector;

Or. en

Amendment 439
Dominique Riquet

Motion for a resolution
Paragraph 25 – indent 4a (new)

Motion for a resolution

- expanding the role of the European Aviation Safety Agency so as to include protecting European rules and standards across the world,

Or. fr

Amendment 440
Michael Gahler, Werner Kuhn, Markus Ferber, Gesine Meissner

Motion for a resolution
Paragraph 25 – indent 4a (new)

Motion for a resolution

- a review of the regulative and fiscal EU and Member State policies to reinforce the competitiveness of the European
aviation industry and ensure fair competition with third country air carriers; calls therefore on the Commission to adjust or repeal unilateral EU provisions and to urge Member States to act accordingly with regard to unilateral national provisions that distort competition;

Or. en

Amendment 441
Gabriele Preuß, Ismail Ertug

Motion for a resolution
Paragraph 25 – indent 4 a (new)

Motion for a resolution
Amendment

- review of the regulatory and fiscal policies of the EU and of the Member States to strengthen the competitiveness of the European aviation industry and fair competition with airlines from third countries and therefore calls on the Commission to review and eliminate any unilateral EU provisions and unilateral national action by the Member States that distort competition,

Or. de

Amendment 442
Henna Virkkunen

Motion for a resolution
Paragraph 25 – indent 4 a (new)

Motion for a resolution
Amendment

- introduction of international sustainability criteria for renewable aviation jet fuel,
Amendment 443
Georges Bach

Motion for a resolution
Paragraph 25 – indent 5

Motion for a resolution

– swift adoption by the Council of its position on the revision of Regulation 261/2004 on air passenger rights,

Amendment

– swift adoption by the Council of its common position on the revision of Regulation 261/2004 and Regulation 2027/97 on air passenger rights, as well as the revision of Regulation 95/93 on the allocation of slots;

Or. en

Amendment 444
Michael Gahler, Werner Kuhn

Motion for a resolution
Paragraph 25 – indent 5

Motion for a resolution

– swift adoption by the Council of its position on the revision of Regulation 261/2004 on air passenger rights,

Amendment

– a swift adoption by the Council of its common position on the revision of Regulation 261/2004 and Regulation 2027/97 on air passenger rights, as well as the revision of Regulation 95/93 on the allocation of slots,

Or. en

Amendment 445
Dominique Riquet

Motion for a resolution
Paragraph 25 – indent 5 a (new)
Motion for a resolution

- examination by the Council of the options for resolving the Anglo-Spanish dispute over Gibraltar, which is currently impeding numerous legislation packages relating to air transport,

Or. fr

Amendment 446
Izaskun Bilbao Barandica

Motion for a resolution
Paragraph 25 – indent 6

Motion for a resolution

– support for aeronautical research and development through the Horizon 2020 and Clean Sky programmes, in order to develop new and cleaner technologies resulting in less noisy and more fuel-efficient aircraft;

Amendment

– support for aeronautical research and development (with particular focus on drone development) through the Horizon 2020 and Clean Sky programmes, in order to develop new and cleaner technologies resulting in less noisy and more fuel-efficient aircraft;

Or. es

Amendment 447
Franck Proust

Motion for a resolution
Paragraph 25 – indent 6

Motion for a resolution

– support for aeronautical research and development through the Horizon 2020 and Clean Sky programmes, in order to develop new and cleaner technologies resulting in less noisy and more fuel-efficient aircraft;

Amendment

– support for aeronautical research and development through the Horizon 2020 and Clean Sky programmes, in order to develop new and cleaner technologies resulting in less noisy and more fuel-efficient aircraft, so as to strengthen and develop Europe-based companies that are creating growth
and jobs;

Or. fr

Amendment 448
Cláudia Monteiro de Aguiar

Motion for a resolution
Paragraph 25 – indent 6 a (new)

Motion for a resolution

- measures to be taken into account in future motions to connect the island regions of the EU, particularly the Outermost Regions, and these with the internal market in order to allow mobility and equitable accessibility for all citizens of the Union. Highlights the importance of regional airports within the Union as another way to decongest major airports, and the need for a less restrictive and more flexible state aid framework. Calls for there to be clarity of tariffs, charges and fees applied to the various airports of the Union;

Or. pt

Amendment 449
Dominique Riquet

Motion for a resolution
Paragraph 25 – indent 6 a (new)

Motion for a resolution

- the sharing of general aviation data with Eurostat by Member States, in particular concerning the number of aeroplanes, pilots and flight hours, so as to improve the applicable regulations, with special emphasis on air safety,
Amendment 450
Pavel Telička, Gesine Meissner, Martina Dlabajová

Motion for a resolution
Paragraph 25 – indent 6 a (new)

- a thorough preparation and swift adoption of a comprehensive Aviation Package, including a new regulatory framework on civil drones that ensures safety, security and fundamental rights standards while taking into account and fostering the economic potential that civil drones offer to European businesses, especially SMEs and start-ups;

Amendment 451
David-Maria Sassoli, Isabella De Monte

Motion for a resolution
Paragraph 25 – indent 6 a (new)

- a constructive social dialogue between aviation stakeholders so as to address the new challenges deriving from the introduction of new technologies which will require jobs in the aviation sector to adapt accordingly;

Amendment 452
Bas Eickhout, Karima Delli
Motion for a resolution
Paragraph 25 – indent 6 a (new)

Motion for a resolution
Amendment
- a Commission proposal including measures to enhance safety and social rules, particularly flight and rest times, to avoid fatigue and improve the quality of cabin air;

Or. en

Amendment 453
Jens Nilsson, Claudia Tapardel, Marita Ulvskog

Motion for a resolution
Paragraph 25 – indent 6 a (new)

Motion for a resolution
Amendment
- proposals to clarify EASA’s role vis-à-vis national agencies and strengthen its abilities to oversee aviation safety in all member states, including in remote EU regions,

Or. en

Amendment 454
Bas Eickhout

Motion for a resolution
Paragraph 25 – indent 6 b (new)

Motion for a resolution
Amendment
- an amendment of the VAT directive to end the exemption currently enjoyed by the aviation sector;

Or. en
Amendment 455
Bas Eickhout

Motion for a resolution
Paragraph 25 – indent 6 c (new)

Motion for a resolution

- the development of a kerosene taxation scheme for air transport, in line with taxation in different modes of transport and implementing the ‘user pays’ and ‘polluter pays’ principles,

Amendment

Or. en

Amendment 456
Georges Bach, Bas Eickhout, Ismail Ertug

Motion for a resolution
Paragraph 26 – indent 1

Motion for a resolution

– national policy frameworks aimed at the development of the market as regards alternative fuels (natural gas, hydrogen, sustainable biofuels, including molasses-based ethanol) and electric cars, and the deployment of the relevant refuelling/recharging infrastructure,

Amendment

– national policy frameworks aimed at the development of the market as regards alternative fuels (natural gas, hydrogen, sustainable biofuels, including molasses-based ethanol) and electric vehicles of all types, and the deployment of the relevant refuelling/recharging infrastructure,

Or. en

Amendment 457
Jens Nilsson

Motion for a resolution
Paragraph 26 – indent 1

Motion for a resolution

– national policy frameworks aimed at the development of the market as regards

Amendment

– national policy frameworks aimed at the development of the market as regards

AM\1058668EN.doc 71/139 PE554.941v01-00
alternative fuels (natural gas, hydrogen, sustainable biofuels, including molasses-based ethanol) and electric cars, and the deployment of the relevant refuelling/recharging infrastructure;

stresses the importance of supporting EU framework programmes for research, development and innovation for achieving cleaner fuels and a high degree of technological advance, for example in relation to refined biofuels,

Or. en

Amendment 458
Pavel Telička, Martina Dlabajová

Motion for a resolution
Paragraph 26 – indent 1

Motion for a resolution

– national policy frameworks aimed at the development of the market as regards alternative fuels (natural gas, hydrogen, sustainable biofuels, including molasses-based ethanol) and electric cars, and the deployment of the relevant refuelling/recharging infrastructure,

Amendment

– national policy frameworks aimed at the development of the market as regards alternative fuels (natural gas, hydrogen, sustainable biofuels, including molasses-based ethanol) and electric vehicles of all types, and the deployment of the relevant refuelling/recharging infrastructure,

Or. en

Paragraph 26 – indent 6 a (new)

Motion for a resolution

- permanent monitoring and decisive response in every case of breaking EU law by Member States in the area of road transport services, especially freedom of establishment and freedom to provide services guaranteed in the Treaty on European Union, Directive 96/71/EC concerning the posting of workers in the framework of the provision of services and Regulation (EC) No 1072/2009 on common rules for access to the international road haulage market,

Or. en

Amendment 505
Cláudia Monteiro de Aguiar

Motion for a resolution
Paragraph 26 – indent 6 a (new)

Motion for a resolution

- reform and simplification in the international road haulage market for greater transparency and legal clarity of existing provisions, in particular in Regulations (EC) Nos 1072/2009 and 1071/2009; notes that some Member States have tended to restrict the
conditions under which carriers can undertake their different transport operations affecting the competitiveness of peripheral countries,

Or. pt

Amendment 506
Daniela Aiuto, Rosa D'Amato

Motion for a resolution
Paragraph 26 – indent 6 a (new)

Motion for a resolution

- adopting legislation which seeks to harmonise provisions relating to transport in the different Member States, taking into account that workers in this sector, more than in any other, often have to move from place to place. The legislation should aim to prevent problems such as social dumping and issues linked to cabotage, while at the same time ensuring fair competition between business from different States and protection of workers’ social and welfare rights, including and especially in terms of salary;

Or. it

Amendment 507
Claudia Tapardel

Motion for a resolution
Paragraph 26 – indent 6 a (new)

Motion for a resolution

- the clarification and enforcement of the common rules regarding access to the international road haulage market;

Or. en
Amendment 508
Peter Lundgren

Motion for a resolution
Paragraph 26 – indent 6 a (new)

Motion for a resolution

Amendment

- an evaluation by the Commission of the impact of Regulation 1072/2009 on common rules for access to the international road haulage market;

Or. en

Amendment 509
Jens Nilsson, Marita Ulvskog

Motion for a resolution
Paragraph 26 – indent 6 a (new)

Motion for a resolution

Amendment

- the road haulage sector to be regarded as a specific sector taking into account its high mobility; compared to other groups of mobile workers lorry drivers are among the few who can cross the territory of several member states in one day; consequently, there is an urgent need for specific provisions for this group of workers;

Or. en

Amendment 510
Massimiliano Salini, Salvatore Domenico Pogliese

Motion for a resolution
Paragraph 26 – indent 6 a (new)
Motion for a resolution

- a specific status and provisions for high mobile workers; indeed, the road haulage sector has to be regarded as a specific sector taking into account its high mobility; compared to other groups of mobile workers, lorry drivers are the only ones who can cross the territory of several Member States in one day;

Or. en

Amendment 511
Claudia Schmidt, Pavel Svoboda, Georges Bach, Elżbieta Katarzyna Łukacijewska

Motion for a resolution
Paragraph 26 – indent 6 a (new)

Motion for a resolution

- a framework assuring interference-free radio frequencies to guarantee operation and enforcement of driving and rest times of road transport workers, road charging, road trains and future ITS applications,

Or. en

Amendment 512
Theresa Griffin

Motion for a resolution
Paragraph 26 – indent 6 a (new)

Motion for a resolution

- a framework assuring interference-free radio communication for the enforcement of driving and rest times for road transport workers;

Or. en
Amendment 513
Christine Revault D'Allonnes Bonnefoy, Lucy Anderson

Motion for a resolution
Paragraph 26 – indent 6 a (new)

- ensuring compliance with the existing European regulatory framework so as to guarantee high social standards; calling on the European Commission to take measures against illegal practices in the road transport sector that lead to unfair competition and encourage social dumping;

Or. fr

Amendment 514
Jens Nilsson, Olga Sehnalová, Marita Ulvskog

Motion for a resolution
Paragraph 26 – indent 6 b (new)

- proposals to create better legal clarity and implementation of rules covering working conditions, wages and social responsibility in order to ensure competition-neutral entrepreneurship in road haulage across the EU;

Or. en

Amendment 515
Jörg Leichtfried

Motion for a resolution
Paragraph 27 – indent 1
Motion for a resolution

– the opening-up of the domestic rail passenger market, while ensuring quality of services and public service obligations,

Amendment

deleted

Amendment 516
Marie-Christine Arnautu

Motion for a resolution
Paragraph 27 – indent 1

Motion for a resolution

Amendment 518
Dominique Riquet
Motion for a resolution
Paragraph 27 – indent 1

Motion for a resolution

– the opening-up of the domestic rail passenger market, while ensuring quality of services and public service obligations, and network safety, combined with increasing the independence of infrastructure managers, improving inter-operability and harmonising social frameworks,

Amendment

– the opening-up of the domestic rail passenger market, while ensuring quality of services, public service obligations and network safety, combined with increasing the independence of infrastructure managers, improving inter-operability and harmonising social frameworks,

Or. fr

Amendment 519
Enrico Gasbarra

Motion for a resolution
Paragraph 27 – indent 1

Motion for a resolution

– the opening-up of the domestic rail passenger market, while ensuring quality of services and public service obligations,

Amendment

– the opening-up of the domestic rail passenger market, while ensuring quality of services and public service obligations, and a charter of rights for rail passengers,

Or. it

Amendment 520
Pavel Telička, Martina Dlabajová

Motion for a resolution
Paragraph 27 – indent 1

Motion for a resolution

– the opening-up of the domestic rail passenger market, while ensuring quality of services and public service obligations,

Amendment

– the opening-up of the domestic rail passenger market, while ensuring a high level of quality and efficiency of services and public service obligations,
Amendment 521
David-Maria Sassoli, Isabella De Monte

Motion for a resolution
Paragraph 27 – indent 1

Motion for a resolution
– the opening-up of the domestic rail passenger market, while ensuring quality of services and public service obligations,

Amendment
– the opening-up of the domestic rail passenger market, through liberalisation of rail commercial services and compulsory tenders for public service obligations, while ensuring quality of services and public service obligations,

Amendment 522
Christine Revault D'Allonnes Bonnefoy, Georges Bach

Motion for a resolution
Paragraph 27 – indent 1

Motion for a resolution
– the opening-up of the domestic rail passenger market, while ensuring quality of services and public service obligations,

Amendment
– a balanced approach towards the opening-up of the domestic rail passenger market, respecting the various railway structures, while ensuring the quality of services, public service obligations, territorial cohesion, maintaining non-profitable connections and promoting high social working conditions standards,

Amendment 523
Ramona Nicole Mănescu
Motion for a resolution
Paragraph 27 – indent 1

Motion for a resolution
– the opening-up of the domestic rail passenger market, while ensuring quality of services and public service obligations,

Amendment
– a well-balanced opening-up of the domestic rail passenger market, while taking into account the subsidiarity principle and ensuring high level of quality and efficiency of services and public service obligations as well as safeguarding their economic equilibrium,

Or. en

Amendment 524
Georgi Pirinski

Motion for a resolution
Paragraph 27 – indent 1

Motion for a resolution
– the opening-up of the domestic rail passenger market, while ensuring quality of services and public service obligations,

Amendment
– the opening-up of the domestic rail passenger market, while ensuring quality of services and public service obligations, taking into consideration the specificities of small markets,

Or. en

Amendment 525
Georges Bach, Christine Revault D'Allonnes Bonnefoy

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Motion for a resolution
- a quick adoption of the Technical Pillar and the Fourth Railway Package in general, in order to ensure the highest possible level of safety and interoperability and to underline the
central role of the European Railway Agency,

Amendment 526
Christine Revault D'Allonnes Bonnefoy

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Motion for a resolution
Amendment

- anticipating the increase in the powers of the European Railway Agency (ERA) with a view to adopting the technical pillar of the Fourth Railway Package, by providing the Agency with sufficient human and financial resources to ensure that it is fully operational and able to perform its new missions,

Or. fr

Amendment 527
Dominique Riquet

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Motion for a resolution
Amendment

- the consolidation of the European Railway Agency, which should become the one-stop shop for certification and marketing authorisation and be allocated sufficient human and financial resources,

Or. fr

Amendment 528
Pavel Telička, Martina Dlabajová
Motion for a resolution
Paragraph 27 – indent 1 a (new)

Amendment
- advancing the interoperability of the different national railway systems with the aim to reduce costs, facilitate travelling and contribute to the establishment of a Single European Transport Area,

Or. en

Amendment 529
Bogusław Liberadzki

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Amendment
- respect of the technical and operational specifications of SMEs like local and regional railways,

Or. en

Amendment 530
Claudia Tapardel, Maria Grapini

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Amendment
- for a quick transposition and implementation by Member States of the forthcoming Interoperability and Safety Directives and, in particular, for providing the European Railway Agency with sufficient means and resources to comply with its new tasks;
Amendment 531
David-Maria Sassoli, Isabella De Monte

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Motion for a resolution
Amendment

- effective implementation of the Directive 2012/34/EU of the European Parliament and of the Council of 21 November 2012 and speedy adoption of the Fourth Railway Package in order to establish a single European railway area,

Amendment 532
Markus Pieper

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Motion for a resolution
Amendment

- the abolition of time- and cost-intensive authorisation procedures, through swift adoption of the technical part of the Fourth Railway Package, if possible before the end of the Latvian Presidency,
Motion for a resolution  
- the acceleration of the establishment of the Shift2Rail Joint Undertaking so as to improve the attractiveness of rail transport over other modes of transport and to bolster the position of the European railway industry in respect of the rest of the world,

Amendment 534  
Georges Bach

Motion for a resolution  
Paragraph 27 – indent 1 a (new)  

Motion for a resolution  
- all necessary actions by the Member States, the European Commission and rail stakeholders to accelerate the implementation of Shift2rail, in order to increase the attractiveness of rail transport solutions,

Amendment 535  
Maria Grapini

Motion for a resolution  
Paragraph 27 – indent 1 a (new)  

Motion for a resolution  
- all the actions of the Member States, the European Commission and the rail stakeholders to speed up the implementation of Shift2rail, in order to enhance the attractiveness of rail transport solutions,
Amendment 536
Izaskun Bilbao Barandica

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Motion for a resolution
- to create and develop the activity of the Shift2Rail Joint Undertaking,

Amendment

Or. es

Amendment 537
Olga Sehnalová

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Motion for a resolution
- the removal of international railway tariffs especially between cross-border stations,

Amendment

Or. en

Amendment 538
Ismail Ertug

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Motion for a resolution
- the introduction of a new goal, accompanied by the necessary measures, of shifting 50% of the current transport of dangerous goods within the EU towards more sustainable transport modes such as
rail by 2030 in full respect of the safety provisions for inland transport of dangerous goods as laid down in Directive 2008/68/EC,

Amendment 539
Marian-Jean Marinescu

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Motion for a resolution
Amendment
- the approval of EU-funded infrastructure projects that complete the rail network that is part of the TEN-T core network and of the projects approved in the CEF as a priority,

Amendment 540
Lucy Anderson, Michael Cramer

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Motion for a resolution
Amendment
- a fact-finding study of the social, economic and environmental benefits for EU citizens of continuing support for national and international overnight rail services,

Amendment 541
Ismail Ertug, Christine Revault D'Allonnes Bonnefoy, Lucy Anderson
Motion for a resolution
Paragraph 27 – indent 1 a (new)

Motion for a resolution

Amendment

- adherence to the 2030 and 2050 modal shift objectives regarding road freight, as laid down in the 10 goals for a competitive and resource-efficient transport system in the White Paper; adoption by the Commission of a 2030 rail strategy to propose new measures necessary to reach the 2030 modal shift targets,

Or. en

Amendment 542
Inés Ayala Sender

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Motion for a resolution

Amendment

- actions aimed at making the European railway network genuinely inter-operable, decreasing persistent technical barriers, promoting technical solutions to enable trains to use tracks of various gauges so as to ensure that the various height restrictions in the EU do not constitute an additional obstacle,

Or. es

Amendment 543
Marian-Jean Marinescu

Motion for a resolution
Paragraph 27 – indent 1 a (new)

Motion for a resolution

Amendment

- the development and implementation of
ticketing systems for national and international transport,

Or. ro

Amendment 544
Izaskun Bilbao Barandica

Motion for a resolution
Paragraph 27 – indent 2

Motion for a resolution
– solid, sufficient and predictable long-term funding to improve rail infrastructure quality and capacity and to enable the provision of reliable and sustainable services by rail freight and passenger operators;

Amendment
– solid, sufficient, transparent and predictable long-term funding, with simplified rules and clear procedures, to improve rail infrastructure quality and capacity and to enable the provision of reliable, accessible and sustainable services by rail freight and passenger operators;

Or. es

Amendment 545
Enrico Gasbarra

Motion for a resolution
Paragraph 27 – indent 2

Motion for a resolution
– solid, sufficient and predictable long-term funding to improve rail infrastructure quality and capacity and to enable the provision of reliable and sustainable services by rail freight and passenger operators,

Amendment
– solid, sufficient and predictable long-term funding to improve rail infrastructure quality and capacity and to enable the provision of reliable, accessible and sustainable services by rail freight and passenger operators,

Or. it

Amendment 546
Bas Eickhout
Motion for a resolution
Paragraph 27 – indent 2

Motion for a resolution
– solid, sufficient and predictable long-term funding to improve rail infrastructure quality and capacity and to enable the provision of reliable and sustainable services by rail freight and passenger operators,

Amendment
– solid, sufficient and predictable long-term funding to improve national and cross-border rail infrastructure quality and capacity, prioritising upgrading and maintenance of already existing infrastructure, and to enable the provision of reliable and sustainable services by rail freight and passenger operators,

Or. en

Amendment 547
Marie-Christine Arnautu

Motion for a resolution
Paragraph 27 – indent 2

Motion for a resolution
– solid, sufficient and predictable long-term funding to improve rail infrastructure quality and capacity and to enable the provision of reliable and sustainable services by rail freight and passenger operators,

Amendment
– solid, sufficient and predictable long-term funding to improve rail infrastructure quality and capacity and to enable the provision of reliable, safe and sustainable services by rail freight and passenger operators,

Or. fr

Amendment 548
Claudia Tapardel, Maria Grapini

Motion for a resolution
Paragraph 27 – indent 2

Motion for a resolution
– solid, sufficient and predictable long-term funding to improve rail infrastructure

Amendment
– solid, sufficient and predictable long-term funding, as well as simplified rules
quality and capacity and to enable the provision of reliable and sustainable services by rail freight and passenger operators, and procedures to access EU funds, to improve rail infrastructure quality and capacity and to enable the provision of reliable and sustainable services by rail freight and passenger operators,

Amendment 549
Izaskun Bilbao Barandica

Motion for a resolution
Paragraph 27 – indent 2 a (new)

Motion for a resolution
Amendment

- the development and improvement of One-Stop Shops for rail corridors,

Or. en

Amendment 550
Bas Eickhout

Motion for a resolution
Paragraph 27 – indent 3

Motion for a resolution
Amendment

- the deployment of the European rail traffic management system (ERTMS) on all TEN-T core network corridors as a priority,

Or. en

Amendment 551
Marian-Jean Marinescu

Motion for a resolution
Paragraph 27 – indent 3 a (new)

- the deployment of the European rail traffic management system (ERTMS) on all TEN-T core network corridors as a priority, including the corresponding on-board equipment on locomotives,
Motion for a resolution

Amendment

- the rapid implementation of Regulation (EU) No 913/2010 regarding the European freight transport corridors,

Or. ro

Amendment 552
Franck Proust

Motion for a resolution
Paragraph 27 – indent 3 a (new)

Motion for a resolution

Amendment

- expanding the role of the Commission, in favour of the effective and speedy completion of the priority European railway corridors (TEN-T), which have been planned but postponed by Member States, in spite of how useful they will be both for the public and in economic terms;

Or. fr

Amendment 553
Bas Eickhout

Motion for a resolution
Paragraph 27 – indent 3 a (new)

Motion for a resolution

Amendment

- the support for rail freight noise reduction through retrofitting of freight waggons in combination with improving rail infrastructure; calls on the Commission to ban excessively loud freight waggons EU-wide by 2020,

1
1 Switzerland has already banned loud waggons from 2020 and Germany is in the process of doing it.

Amendment 554
Bogusław Liberadzki

Motion for a resolution
Paragraph 27 – indent 3 a (new)

---

Amendment
- targeted public funding to reduce railway noise,

Or. en

Amendment 555
Ivo Belet

Motion for a resolution
Paragraph 27 – indent 4

---

Amendment
– revitalisation of local and regional trans-border rail connections that have been dismantled or abandoned, in order to remove existing bottlenecks in infrastructure in cross-border regions.

Or. en

Amendment 556
Izaskun Bilbao Bidebarrieta

Motion for a resolution
Paragraph 27 – indent 4
Motion for a resolution

– revitalisation of local and regional trans-border rail connections that have been dismantled or abandoned;

Amendment

– revitalisation of local and regional trans-border rail connections that have been dismantled or abandoned and the urgent construction of those that have been planned but not completed;

Or. es

Amendment 557
Dominique Riquet

Motion for a resolution
Paragraph 27 – indent 4

Motion for a resolution

– revitalisation of local and regional trans-border rail connections that have been dismantled or abandoned,

Amendment

– revitalisation of local and regional trans-border rail connections that have been dismantled or abandoned, and in particular of the network of more minor railways,

Or. fr

Amendment 558
Franck Proust

Motion for a resolution
Paragraph 27 – indent 4

Motion for a resolution

– revitalisation of local and regional trans-border rail connections that have been dismantled or abandoned,

Amendment

– revitalisation of local, regional, national and trans-border rail connections that have been dismantled or abandoned, despite their economic interest or usefulness to the public,

Or. fr
Amendment 559
Luis de Grandes Pascual

Motion for a resolution
Paragraph 27 – indent 4

– revitalisation of local and regional trans-border rail connections that have been dismantled or abandoned;

Motion for a resolution

Amendment

– investment in trans-border rail connections as a fundamental element of the internal market, including local and regional connections, that have been dismantled or abandoned;

Or. es

Amendment 560
Henna Virkkunen

Motion for a resolution
Paragraph 27 – indent 4

– revitalisation of local and regional trans-border rail connections that have been dismantled or abandoned,

Motion for a resolution

Amendment

– when economically profitable, revitalisation of local and regional trans-border rail connections that have been dismantled or abandoned,

Or. en

Amendment 561
Michael Cramer, Bas Eickhout

Paragraph 28 – indent 3

Motion for a resolution

– setting a *binding* target to reach the objective of the White Paper for an at least 40 % reduction in CO₂ emissions from

Amendment

– setting a *global target agreed upon IMO-level, in order* to reach the objective of the White Paper for an at least 40 % reduction
maritime bunker fuels by 2050, to be accompanied by concrete measures including market-based mechanisms, in CO₂ emissions from maritime bunker fuels by 2050, while ensuring a global level playing field; the target should be accompanied by concrete measures including actions to ensure the compatibility of the EU Monitoring Reporting and Verification Regulation with the global measures agreed at international level.

Amendment 589
Bas Eickhout, Michael Cramer

Motion for a resolution
Paragraph 28 – indent 3

Motion for a resolution
– setting a binding target to reach the objective of the White Paper for an at least 40 % reduction in CO₂ emissions from maritime bunker fuels by 2050, to be accompanied by concrete measures including market-based mechanisms,

Amendment
– setting a binding target to reach the objective of the White Paper for an at least 40 % reduction in CO₂ emissions from maritime bunker fuels by 2030, to be accompanied by concrete measures including market-based mechanisms₁, as well as greenhouse gas emission limits as a first step within the EU to be extended later worldwide.

Amendment 590
Bas Eickhout

Motion for a resolution
Paragraph 28 – indent 3 a (new)
Motion for a resolution

Amendment

- extension of sulphur emission legislation based on the current Baltic area and IMO rules to the entire European maritime area;
