The EU Monitoring Mission in Georgia was launched on 1 October 2008, in accordance with the arrangements set out in the EU mediated agreements between Moscow and Tbilisi of 12 August and 8 September 2008.

The Council decided, on 15 September 2008, to establish an autonomous civilian monitoring mission in Georgia, in accordance with the Conclusions of the Extraordinary European Council on 1 September 2008. In only two weeks – by 1 October - the EU deployed more than 200 monitors from 22 Member States on the ground.

EUMM’s mandate is to monitor the implementation of the agreements of 12 August and 8 September 2008, including the withdrawal of Russian and Georgian armed forces to the positions held prior to the outbreak of hostilities. The mission is tasked to contribute to the stabilisation and normalisation of the situation in the areas affected by the recent conflict, to oversee the redeployment of Georgian police forces and to observe compliance of all parties with human rights and humanitarian law. The mission will also oversee the political and security aspects of the return of people displaced by the recent conflict.

EUMM’s mandate covers the entire territory of Georgia. It is an unarmed monitoring mission with no executive powers. Moreover, the mission works in close coordination with the OSCE and the UN.
