DRAFT OPINION

of the Committee on Development

for the Committee on Civil Liberties, Justice and Home Affairs

on the proposal for a Council regulation imposing certain specific restrictive measures directed against certain persons impeding the peace process and breaking international law in the conflict in the Darfur region in Sudan (COM(2005)0180 – C6-0138/2005 – 2005/0068(CNS))

SHORT JUSTIFICATION

The Committee on Development has been consulted regarding a draft regulation which will enable the funds and the economic resources of certain persons and entities to be frozen in the light of the situation in Darfur (Sudan). The proposal for a regulation constitutes an enactment of UN Security Council Resolution 1591(2005), which was adopted on 15 November 2004 and which provides not only for a freeze on assets and economic resources but also for an arms embargo.

The persons targeted are those who (in the UN's words) 'impede the peace process, constitute a threat to stability in Darfur and the region, commit violations of international humanitarian or human rights law or other atrocities, violate [the arms embargo] or are responsible for offensive military overflights'.

Since the Security Council is acting in accordance with Chapter VII of the UN Charter, the Community and the Member States are required to implement the proposal.

The list of targeted persons and entities will be drawn up confidentially by a Committee (Article 3 of Resolution 1591(2005)) in order to prevent - in so far as is possible - funds and economic resources which should be frozen from being transferred. It is to be hoped that the 'heavy procedure' (which involves all the members of the Security Council) will not have effect of shielding the most senior political leaders from sanctions and of targeting their subordinates.

Although the Committee on Development in principle approves of sanctions of this kind which affect leaders without penalising ordinary people, a number of comments should be made and have been put into the form of amendments:

- it is proposed that a specific reference be made to the Cotonou Agreement and to the Article 8 and Article 96 procedures; on 25 January 2005 - in spite of Parliament's reservations on account of the situation in Darfur - the Commission signed an agreement to resume cooperation with Sudan;
- it is not acceptable for Parliament to be consulted in respect of a regulation which does not contain a list of the persons to whom the sanctions will apply; hence it is proposed that Annex I be deleted and that before the list is published, advance information should be made available confidentially to the Committee on Civil Liberties, Justice and Home Affairs and the Committee on Development;
- freezing assets and economic resources is only one instrument amongst several and it does not relieve the parties to the conflict of their duty to deprive individuals of their impunity if they are suspected of having seriously violated human rights and international humanitarian law; nor does it constitute an obstacle to the pursuit of investigations by the International Criminal Court's Prosecutor, pursuant to Security Council Resolution 1593(2005).
