

Member of the European Parliament Julie Ward

27. July 2017

Dear Julie Ward

On behalf of the political venue Arendalsuka (“the Arendal’s Week”), we invite you to attend this year’s event. The Arendal’s Week has a dedicated program towards children and teenagers – with the purpose of enhancing each and everyone to take part in the development of our democracy and the global society. We hereby invite you to participate in this program.

The Arendal’s Week is an annual forum, and the most important arena in Norway for political debate and exchange of views on important national and global issues; equivalent to the famous Swedish “Almedalsveckan”.

Yours sincerely

Robert C Nordli

Leader of the Council
Arendal’s Week
