The Week Ahead 11 – 17 March 2019

Plenary session, Strasbourg

EU Spring Summit/Brexit. MEPs will discuss their priorities for the 21-22 March EU summit, focussing on jobs, growth, competitiveness, climate change, external relations and ways to fight disinformation. MEPs will also comment on the outcome of the vote on the Brexit deal in the UK House of Commons on 12 March and assess its consequences. To ensure the least possible disruption to citizens and businesses, MEPs will vote on travel, air and road transport, Erasmus, social security and fisheries measures to mitigate the effects of a withdrawal of the UK from the EU without an agreement (Wednesday).

Counteracting hostile propaganda. To protect European democracies from foreign actors spreading misinformation or misusing personal data, MEPs are set to introduce financial penalties for pan-European political parties and foundations that deliberately breach data protection laws and regulations. They are also likely to condemn attempts by Russia, China, Iran and North Korea to influence political elections and provide support for extremist movements. (Wednesday)

Cybersecurity/IT threat from China. MEPs are set to state that the increase of China’s technological presence in the EU poses serious security threats that require urgent action to be taken at EU level. Parliament is also set to adopt the EU Cybersecurity Act, which will strengthen Europe’s cybersecurity, by setting up a European Cybersecurity Certificates scheme for products, processes and services and by extending the mandate of the EU Cybersecurity Agency. (Tuesday)

Relations with Russia. The EU should remain open to imposing further sanctions, especially those targeting individuals, if Russia continues to violate international law, says a draft resolution to be put to the vote. MEPs suggest that the EU limit cooperation with Russia to areas of common interest, such as the fight against terrorism and climate change. (Tuesday)

Cross-border crime. In order to improve the tracking of non-EU nationals’ criminal records throughout the EU, MEPs will vote on a brand new EU information system and on the upgrade of another that will ensure information on border control and law enforcement is shared more efficiently and quickly. (Tuesday)

Facilitating access to goods and services for disabled persons. Parliament is set to adopt the European Accessibility Act, which will make key products and services, like smartphones, ATMs, ticketing machines and banking services more accessible to people with disabilities and elderly persons. (Wednesday)

Slovak Prime Minister Pellegrini/Future of Europe. Slovak Prime Minister Peter Pellegrini will debate with MEPs his vision of the future of the EU to ensure it delivers on citizens’ expectations. (Tuesday)

President’s Diary. EP President Antonio Tajani will hold a bilateral meeting with the Slovak Prime Minister, Peter Pellegrini, on Tuesday at 9:30. Following the Future of Europe debate in plenary, he will hold a press point with the Slovak Prime Minister, outside protocol room at 12:30.
**Pre-session press briefing.** The EP Press Service will hold a press briefing at 16:30 on Monday in the Daphne Caruana Galizia Press conference room, Strasbourg.
