on behalf of the GUE/NGL Group

Joint motion for a resolution

ALDE, ECR, S&D, PPE, GUE/NGL

on the EU-Russia summit

Joint motion for a resolution

Paragraph 4 a (new)

Joint motion for a resolution

Amendment

4a. Underlines the fact that it is for the people of the neighbourhood countries – and only for them – to decide on the geopolitical orientation of their respective countries and on which international agreements and communities they should join; insists that the question of whether or not to sign association agreements with the European Union or to join the Eurasian Union is for the people concerned alone to answer; considers that such important decisions should be made on the basis of wide political consensus within society and of extensive consultation of the population; suggests that consideration be given to holding referenda on such questions;
