#### **OPINION**

# FOR THE ATTENTION OF THE EUROPEAN PARLIAMENT THE COUNCIL THE COMMISSION

Proposal for a Council directive on the common system of taxation applicable to mergers, divisions, partial divisions, transfers of assets and exchanges of shares concerning companies of different Member States and to the transfer of the registered office of an SE or SCE between Member States COM(2008)0492 of 29.7.2008 – 2008/0158(CNS)

Having regard to the Interinstitutional Agreement of 20 December 1994 on an accelerated working method for official codification of legislative texts, and in particular to point 4 thereof, the consultative working party consisting of the legal services of the European Parliament, the Council, and the Commission met on 8 September 2008 in order to consider, among others, the above-mentioned Commission proposal.

On examining<sup>1</sup> the proposal for a Council directive intended to codify Council Directive 90/434/EC of 23 July 1990 on the common system of taxation applicable to mergers, divisions, partial divisions, transfers of assets and exchanges of shares concerning companies of different Member States and to the transfer of the registered office of an SE or SCE between Member States, the working party, by common accord, noted that:

1) In recital 11, the first sentence (which, as reproduced in the text of the proposal, reads as follows: 'The decision of an SE or SCE to reorganise its business by transferring its registered office should not be unduly hampered by tax obstacles') should be replaced by the following: 'The decision of an SE or SCE to reorganise its business by transferring its registered office should not be hampered by discriminatory tax rules or by restrictions, disadvantages, or distortions arising from national tax legislation which is contrary to Community law'.

PE418.021v01-00 6/8

<sup>&</sup>lt;sup>1</sup> The working party was able to refer to 22 language versions of the proposal and based its proceedings on the French original version of the working document.

2) In Annex I, point m, the inserted Greek word 'εταιρείες' should have been placed between arrows to denote an adaptation.

Having considered the working document, the working party was thus able to establish, without dissent, that the proposal is indeed confined to straightforward codification and makes no substantive changes to the acts concerned.
